

DOMINION DASHES.

Latest and Best News From Our Canadian Dispatches.

The Halifax plasterers are agitating for a strike. Winnipeg is infested by an army of tramps. The Quebec legislature was prorogued yesterday.

Disappointed young men disturb the slumbers of Peterboro people. The salvation army at London is attempting to organize a brass band.

Beach fires are at present raging in the vicinity of Chase river, Newsmo, V.I. The Young Men's Christian association of Peterboro has purchased a new organ.

H. A. Calvin has been elected reeve of Gordon Island in place of his deceased father. The latest absconder from Winnipeg are Nobis & Hagenon, who ran the Princess restaurant.

Herculeans will be run from Calgary to the mountains this summer by Canadian Pacific railway. Lindsay papers refuse to report any speeches of the town councillors made after 10 o'clock p.m.

An infant's body was found in the Thames, near Rodney, Sunday. The authorities are investigating. Mr. Wilmoth, foreman of the Canada silver works at Thorold, has disappeared. He is thought to have emigrated.

Scarlet rash is very prevalent at Red Beach, Charlotte county, N.B., a great many children being afflicted with it. Hon. Joseph Royal, M.P., is sending a box of cheese from the factory of Lake Manitoba to the duke of Beas of Paris.

Thomas Patterson of Brantford has invented an arrangement to prevent danger from live cinders escaping from a locomotive. A woman in taking a child to the doctor at Truro, N.S., a few days ago, was overcast against its taking cold and smothered it.

The 60th anniversary of the legendary incident of the "Ratcatcher of Hamelin," described in Browning's "Piper of Hamelin," is to be celebrated in an elaborate manner by the inhabitants of the little Hanover town on June 28 and 29.

At the meeting of the British geographical society this month a paper on the ascent of the Himalayas is to be read by Mr. Graham, a Scotchman, who is said to have reached a height of 27,000 feet above the level of the sea.

The collecting craze is at a white heat in Germany. Its latest and most prosperous phase is that of collecting breakfast rolls of ladies of note, actresses en vogue, and also of distinguished men, from which rolls a little has previously been taken. The remnant is then ticketed by the collector: "This roll was bitten by Miss So-and-So on May 12, 1884, while taking her coffee."

Within the past ten years not a dollar has been lost in purchasing lots in Toronto or its suburbs. On the contrary every dollar so invested has doubled itself in five years, some in three. West Toronto Junction is the rising suburb of the city and a few dollars invested in a lot there will soon double itself. Geo. Clarke of the Li-Quor Tea Co. is offering a lot on terms that are acceptable to all. An entrance fee of \$1, and \$2 a week for 182 weeks will purchase a fine lot 50x150 at the Junction, including interest and taxes.

James Campbell, from near London, put up at a hotel near Southampton one night last week, and locked his bedroom door. In the morning he became aware that he had been robbed of his money and gold watch.

The bank of British North America issued on Saturday a new \$5 bill, which is considered well by very difficult to counterfeit. The note, which was made by Perkins, Bacon & Co. of London, Eng., is of the English style.

The members of the Winnipeg police force are very much dissatisfied with the cut in the pay sheet of last month, and will only sign it under protest. They have taken legal advice on the subject, and will carry their claims into court.

The Indians in the neighborhood of Fort Macleod have been indulging in a little pleasure. Three Cree stole some horses from the South Plains, who pursued and shot one of the thieves and recovered their property.

D. H. McVicar, B.A., who won the lieutenant-governor's silver medal for honors in natural science at the recent Manitoba university examinations and who took first-class in all the other subjects, and a full-blooded Cree Indian and was born near Prince Albert.

A awe-inspiring to Mr. Leicester of Orillia neighborhood, gave birth to a lamb a short time ago. She was, however, so unnaturally adverse to this new arrival that she dashed its life out. A few days afterward she gave birth to two more lambs which she nursed assiduously.

On the morning of May 30 an attempt was made to murder a Chinese family at Victoria, B.C., by locking the door of the house, securing the key and firing the building. The crowd broke open the door and rescued all the occupants except one child, who was burned to death.

At Belleville two young ladies named Dolan and Nicholson, and John Creeper, a youth, in trying to make make lemonade, mistook oxalic acid for tartaric, and drank heartily of the concoction. All three were poisoned, and would have undoubtedly died had it not been for the prompt use of the stomach pump.

A bear had been honoring with its presence for some time, the neighborhood of Sibleigh, Mara township. J. Nicholson fixed a rifle in a barrel lying on its side, and attached a piece of meat at the muzzle of the weapon with strings communicating with the trigger. On the third day he had the satisfaction of finding his bear dead at the trap. It weighed 400 pounds.

The Evening Post, a paper with good ideas on temperance, published at Victoria, British Columbia, affectionately refers to a correspondent on a contemporary, who has dared to cross its opinion on the liquor question, in the following terms: "Block-head," "aggressive ass," "a fellow who seems to have more ink than brains," "arrant liar," "trouge's effusion," "a depravity of thought," and "a lying lout."

"A Perfect Flood of Sunshine" will fill the hearts of every suffering woman. It will only persist in the use of Dr. Pierce's "Favorite Prescription." It will cure the most excruciating periodical pains, and relieve you of all irregularities, and give healthy action. It will positively cure internal inflammation and ulceration, misplacement and all kind disorders. Price reduced to one dollar. By druggists.

Farming in the Northwest. From the Regina Leader. The Bell farm will have 500 acres of wheat and 2000 of oats on old land and 1000 acres of oats on new breaking this year. The Sykes farm, near the Bell farm, is to be worked by steam power. They broke 1300 acres last year, and will break the same amount this year. Mr. Connel has 1700 acres under crop this year and will have as much more next year.

ITEMS OF NEWS.

A Michigan justice is in trouble for having turned over to the complainant in an assault case the fine which was imposed on the prisoner.

Not content with suppressing the newspapers, Count Tolstol has "gone for" the review on which Russia is so much dependent for literary food.

One of the most popular of western revolutionaries has great quantities of colored bills posted circa fashion on the walls of the tavern in which he is to conduct services.

Sunday public house closing has proved a failure in Wales. A clergyman who signed the petition in the favor says he is convinced now that no act of parliament will make a people sober.

There is a fortune in so small a thing as a device for fastening a necktie. One of the patents in that line has just been sold to a company for \$1,000,000 in cash and royalties that may amount to as much more.

Notwithstanding London entirely failed to give eyesight to her son and heir, the duke and duchess of Norfolk, steady in their faith, are now there on another pilgrimage, this time for the latter's health.

The plan adopted last year in London of sending poor and delicate children into the country for three weeks in midsummer has proved very successful. They are boarded in cottagers' families at the rate of about \$1.25 a week. Manchester and other towns are making an effort to the same end.

Women in China are deeply interested in avoiding a divorce, as the divorcee loses the honorable position of a wife. The Chinese lady, strongly developed, avoids both scandal and intrigues. The magistrate often composes quarrels instead of pronouncing a decree of divorce, and the wife has an unflinching course of consolation in the upbringing of her children.

The oldest apothecary shop in Berlin, which in 1888 might celebrate the 400th anniversary of its existence, has just been sold for the sum of \$300,000.

The 60th anniversary of the legendary incident of the "Ratcatcher of Hamelin," described in Browning's "Piper of Hamelin," is to be celebrated in an elaborate manner by the inhabitants of the little Hanover town on June 28 and 29.

At the meeting of the British geographical society this month a paper on the ascent of the Himalayas is to be read by Mr. Graham, a Scotchman, who is said to have reached a height of 27,000 feet above the level of the sea.

IT LEADS ALL.

No other blood-purifying medicine is made, or has ever been prepared, which so completely meets the wants of physicians and the general public as

Ayer's Sarsaparilla.

It leads the list as a truly scientific preparation for all blood diseases. If there is a humor in the system, it is purged out and the system is restored to its normal condition. It is the only medicine that will cure all the diseases of the blood, and is the only one that will not injure the system.

It is the only medicine that will cure all the diseases of the blood, and is the only one that will not injure the system. It is the only medicine that will cure all the diseases of the blood, and is the only one that will not injure the system.

It is the only medicine that will cure all the diseases of the blood, and is the only one that will not injure the system. It is the only medicine that will cure all the diseases of the blood, and is the only one that will not injure the system.

It is the only medicine that will cure all the diseases of the blood, and is the only one that will not injure the system. It is the only medicine that will cure all the diseases of the blood, and is the only one that will not injure the system.

It is the only medicine that will cure all the diseases of the blood, and is the only one that will not injure the system. It is the only medicine that will cure all the diseases of the blood, and is the only one that will not injure the system.
