CAUTION. POND'S EXTRACT has obtained an immense sale owing to

its beneficent qualities, and like everything else well patronized has been often imitated. You are warned against purchasing for POND'S EXTRACT such articles as Concentrated or Double Distilled Extract of Witch Hazel, Extract of Hamame is, etc. These are often offered as POND'S EXTRACT, or 'the same thing." There is but ONE pure and uniform Extract, and that is POND'S EXTRACT, as is amply proven in its use by the best physicians of ALL schools and at principal Hospitals of this Country and Europe.

These SUBSTITUTES are NOT POND'S EXTRACT, nor will they take its place. They do not possess the same or as favorable curative properties; if the same in appearance, taste or smell, are much weaker, easily turn sour, are often highly diluted with water, and are consequently higher in price than genuine POND'S EXTRACT. To buy cheaply, get the genuine.

POND'S EXTRACT is so strong and its virtues so great that it can be diluted two or three times its volume with water and retain its medicinal properties. Our Book of Directions (sent free on application) recommends its dilution for many complaints. Always call for and get POND'S EXTRACT put up in the bottle, and with the direction, label and trade-mark of the sole proprietors—the POND'S EXTRACT COMPANY.
