DO ALL MY
HOUSE WORK

Before I took Lydia E. Pink-
ham's Vegetable Compound
I could hardly get about.

Cobourg, Ont.—'For many years I
have had trouble with my nerves and
have been in a general run down con-
dition for some time. I could not do my
work half of the time because of the
trouble with my monthly sickness. I
was told of Lydia E. Pinkham's Vege-
table Compound by friends and advised
to try it. It has done me good, and I
strongly recommend it. Since I have
taken it I have been able to do all my
own work, and I also know friends who
have found it good. You can use these
facts as a testimonial.'—Mrs. ELLEN
PLATTERS, Box 761, Cobourg, Ont.

Why will women continue to suffer so
long if more than we can understand,
when they can find health in Lydia E.
Pinkham's Vegetable Compound?
For forty years this good old fash-
ioned root and herb remedy, which
contains no narcotics or harmful drugs,
has been the standard remedy for fe-
male ills, and has restored the health of
thousands of women who have been
troubled with such ailments as displac-
ements, inflammation, ulceration, irreg-
ularities, etc.

If you want special advice write to
Lydia E. Pinkham Medicine Co. (centi-
dential), Lynn, Mass. Your letter will
be opened, read and answered by a
woman and held in strict confidence.

NO MORE
\$1.50
MONITORS

price. The Seabell Drug Co., St. Cath-
arines, Ontario.

MEMORY

I remember, I remember
The days that used to be
When porterhouse was eighteen cents
And soup boxes given free;
When milk was five cents by the quart
And butter twenty four,
And bacon fifteen cents a pound
In those brave days of yore.

I remember, I remember
When one could hire a maid
For three or four or five a week,
And when she came she stayed;
But now they are a haughty clan
Who cost you eight or nine,
Who come to you at ten o'clock
And then at noon—again.

I remember, I remember
When gentle working men
Would come whenever you asked them
to,
For life was simpler then;
But now, although your pipes are
burst,
And trouble leaves you vexed,
You cannot get a bit of help
Until week after next.

I remember, I remember
(Oh, why must visions fade)
When there was sugar sold to all
And cool men sought your trade;
But now the times are altered
And there is little joy
In thinking how cheap things were
When I was but a boy!

GENERAL NEWS
IN BRIEF

(By C. P. R. Telegraph.)
Vancouver, B. C.—The February
catch of fish in the Fraser river
fisheries district is valued at \$3,638.
This is almost double the catch for
the same month last year.

Consul, Sask.—The Imperial Oil
Company has filed an oil claim on
twenty sections of land south of here
along Battle Creek. Wells will be
sunk in the spring.

Chicoutimi, P. Q.—Work has been
commenced on the erection of the
model city of Saguenay by the Price
Bro. Company, which will cost
about \$20,000,000. It will contain
400 houses at the outset, built of
brick and will be electrically heated
and lighted.

Huntingdon, B. C.—Sumas Indian
Reserve, comprising 160 acres of
land watered by the Little Sumas,
has been purchased by the Soldier
Settlement Board for soldier settle-
ment and will be divided into four
farms.

Winnipeg, Man.—A sale of farm
land, amounting to a quarter of a
million dollars, was effected recent-
ly by Charles Applegate of Min-
neapolis, representing a number of
Jowa farmers. The land sold is in
the Humboldt district, and the pur-
chaser will arrive over the C.P.R.
in time to get the seed in this
spring.

Toronto, Ont.—Growing conditions
in the province are reported on all
sides as very favorable, fall wheat
farms are showing good shape and pre-
parations for seeding well under
way. Fruit growers are optimistic
over the season's prospects. Many
farms are changing hands and wages
of farm help has reached the record
of from \$600 to 750 per year.

Vancouver, B. C.—The steel
freighter, S.S. "War Charger," built
by J. Coughlan and Sons, was recent-
ly sold to Greek operators for \$1,
800,000.

Ottawa, Ont.—It is expected by
industries interested that there will
be introduced in the present session
of parliament legislation permitting
private firms to manufacture in-
dustrial alcohol. This is at the pres-
ent a government monopoly and the
production is considerably short of
the supply, the paint industry among
others being badly affected.

Alaska, Sask.—Gold was found in
a shallow well on a farm ten miles
west of here, and already twenty-
five claims have been taken out in
the sector. The gold was assayed at
Calgary and declared to be the
genuine metal. The well is located
near an old creek or river bed and
is said to be ideally situated for
placer mining.

Yorkton, Sask.—Two local men
have started a Belgian horse farm
and secured their nucleus of seven
animals from George Rupp of Lamp-
man, famous all over the American
continent as a breeder of high-class
Belgians. They also purpose bring-
ing stock to the province from the
big farms of the United States.

Quebec, P. Q.—Five new agricul-
tural districts have been created
in the province for the advancement
and further development of modern
farming. These districts are sup-
plied with agricultural experts who
give advice on all branches of the
pursuit and encourage up-to-date
farming methods.

Why the Editor Left Town
The paper announced that the
editor had kissed the prettiest woman
in the town and that her name would
be published in the next issue.
Hundreds of women and several men
rushed to buy a paper as soon as the
edition left the press. Imagine the
disappointed crowd when the paper
simply announced that the editor had
kissed his wife.

Grandpa never saw the Follies,
Died before the shimmy shook,
Never got the melancholic look,
Reading from a glib book,
Never saw a gown revealing
All of someone else's wife—
Never had that dull, bored feeling
In his long and useful life.
For, though lacking the redundancy
Of diversions of to-day,
There were bars in grand abundance
When dear grandpa passed away.

OFTEN BROKE
DOWN WHILE
AT HIS WORK

Was Forced to Lose Much Time
Before Tanlac Restored
Him to Health.

Robert Kerr, 12 Bedford Row, a
resident of Halifax for forty seven
years and for twelve years a member
of the Royal Artillery, called at
Kinley's Drug Store, a few days ago
and made a statement that will be
read with interest throughout Nova
Scotia.

"I believe in giving everything its
due," said Mr. Kerr, "and I want to
say right now I just can't praise
Tanlac too highly for what it has
done for me. My stomach had bothered
me so bad for the past four or five
years that many a day I have had to
quit work and go home, and
sometimes I had to lay off two and
three days at a time. I had the
poorest kind of appetite and whenever
I did eat anything it always hurt me.
Why, after nearly every meal I had
the worst sort of pains and cramps
in my stomach. I would bloat all
up with gas and simply felt miserable
all the time. I was always bothered
with constipation and often had severe
headaches. My sleep was always
broken and restless and of mornings
I had to drag myself off to work and
sometimes I broke down in two or
three hours and had to quit and go
home before dinner.

"A few weeks ago I started taking
Tanlac and while I've taken only four
bottles I feel like I have been made
all over again. In fact, I don't
remember the time when I ever
felt better in my life. My stomach
was never in better shape and I can
eat anything my good appetite calls
for without being troubled with gas
bloating or pains. I am no longer
constipated and am rid of those
terrible headaches. I sleep like a log
and have been built up so I never
miss a day from work. Tanlac is the
right medicine for people troubled like
I was and I am always glad to speak
a good word for it."

Tanlac is sold in Bridgetown by S.
N. Weare in Middleton by Clifford A.
Mumford and in Bear River by L. V.
Harris.

CENSOR OF MOVIE FILMS

An exchange says: There seems to
be a widespread impression that the
censorship on our movie films which
are exhibited throughout Canada
is not sufficiently rigid. Some of the
pictures exhibited are not of the
quality to elevate the morals of any
community. Accordingly from dif-
ferent sources it is suggested that a
woman be chosen to act on the
board of censors. This, no doubt
would be a good move if the real
woman was selected. Judged from the
street apparel and ball room attire
of many of the fair sex it would
require some special dress or undress
that would meet with open disapproval
of the women.

SUMMER COMPLAINT
KILL LITTLE ONES

At the first sign of illness during
the hot weather give the little ones
Baby's Own Tablets or in a few
hours he may be beyond aid. These
Tablets will prevent summer com-
plaints if given occasionally to the
well child and will promptly relieve
these troubles if they come on sudden-
ly. Baby's Own Tablets should
always be kept in every home where
there are young children. There is
no other medicine as good and the
mother has the guarantee of a
government analyst that they are
absolutely safe. The Tablets are
sold by medicine dealers or by mail at
25 cents a box from The Dr. Williams'
Medicine Co., Brockville, Ont.

THE BETTER WAY
Never disobey Nature's warn-
ing. It's far better to forestall
weakness with nourishment
that protects.

Scott's Emulsion
after meals for child or adult, is
a wonderful help in forestalling
weakness. Ask for Scott's
Scott & Bowne, Toronto, Ont. 29-12

Foreign Railways and
Rates

During December, 1919, and Janu-
ary, 1920, the Italian railways ad-
vanced their first-class passenger
fares 30 per cent, their second-class
fares 50 per cent, and their third-
class fares 30 per cent. Both freight
and passenger rates already during
the war had been advanced 30 to 40
per cent.

The passenger rates of the French
railways, two of which are owned by
the government and all of which are
being operated under government
control, were advanced 40 per cent
during the war and the freight rates
30 to 37 per cent. Because of the
deficits which have continued to be
incurred proposals for further ad-
vances have been under considera-
tion.

The advances in rates on the Aus-
trian railways since pre-war days
have been enormous. The increase
of 30 per cent made in February,
1920, made the total increases about
130 per cent.

In September, 1919, freight and
passenger rates in Belgium had been
increased 40 to 50 per cent since pre-
war times. Further increases have
been made since then.

In September, 1919, freight and
passenger rates in the Netherlands
were advanced 50 per cent.
Very much the largest advances
reported in any country have been
made in Germany, where, it is well
known, practically all the railways
are owned and operated by the gov-
ernment. Repeated advances were
made during the war and still fur-
ther very great advances have been
made since the signing of the armis-
tice. The passenger rates now aver-
age about 700 per cent higher than
before the war, and the freight rates
about 800 per cent higher.

Large advances in rates have also
had to be made in many countries
which were remote from the seat of
hostilities. For example, in Decem-
ber, 1919, all freight and passenger
rates on the South African govern-
ment railways were advanced 25 per
cent, while in August, 1919, a raise
of 20 per cent in both freight and
passenger rates was made in Brazil,
and in October of the same year
additional increases were proposed.

Even in Australia, which was about
as remote from the theatre of hostil-
ities as any part of the world, all the
government railways have suffered
severely from the effects of the war
and have had to make advances in
their rates.

The railways of Great Britain were
placed under government control at
the beginning of the war and are still
being thus operated. During the
war the passenger rates were advanced
50 per cent, while the freight rates
were not advanced at all, and be-
cause the increases in expenses
greatly exceeded the increases in
rates the government incurred a
large deficit. To reduce or wipe out
this deficit advances in the freight
rates of the British railways rang-
ing from 25 to 100 per cent were
made effective on January 13, 1920,
and extra charges were added to
rates which cover the collection and
delivery of freight at stations as well
as its transportation. In March, 1920,
the demurrage charges imposed for
holding a car one day beyond the
period of free time were increased
100 per cent, and the charges for
subsequent days 200 per cent.

PRESIDENT BEATTY ON
Y. M. C. A. WORK.

In a foreword to an attractive little
pamphlet issued by the Itaway Y.M.
C.A. of Canada, Mr. E. W. Beatty,
President of the C.P.R., pays a trib-
ute to the work of this association.
"Of high value of of high work," says
Mr. Beatty, "of the Young Men's
Christian Association in the interests
of men and boys has come to be gen-
erally and properly recognized, par-
ticularly on account of its efforts and
accomplishments on behalf of our
soldiers during the recent world war.
Among the various spheres of the
Association's activities not the least
valuable is the work of the Railway
Branches which minister to the in-
tellectual, the social, the moral, and
the physical needs of railway men
irrespective of race or creed.

"The inception of this work on the
Canadian Pacific Railway dates back
to 1906 when the building at Revel-
stoke, B.C., was erected, and so well
satisfied were the Company's offi-
cers with the experiment that there
that 9 additional branch associations
have since been established. These
provide home surroundings and com-
forts for men in train service when
away from home and to many em-
ployees located at outlying points
that are not only some facilities
that are available to them.

"It is not only that good meals and
clean beds and baths are provided,
but the educational advantages, the
recreational facilities and the oppor-
tunities for social intercourse amidst
wholesome surroundings must neces-
sarily contribute to the well being of
the men and benefit the community
in which they live, and the Company
with which they are employed.

"The eminently satisfactory results
of this work on the Canadian Pacific
lines in the past for which I desire
to express my admiration and appre-
ciation, have without doubt been
achieved through the earnest and
cordial co-operation of the Com-
pany's employees with the Associa-
tion's officers and staffs, and with
the continuance of their united ef-
forts the future success of the work
can, I feel sure, be confidently
entrusted to them."

The Railway Y.M.C.A. provided
140,000 beds to railway men and
served 328,000 meals in 1919. Its
buildings are valued at \$580,000.

INSURANCE

Are your buildings insured for
enough to cover them at present day
prices?
How about your auto? For a
