

NO crop can grow without Potash.

Every blade of Grass, every grain of Corn, all Fruits and Vegetables must have it. If enough is supplied you can count on a full crop—if too little, the growth will be "scrubby."

Send for our books telling all about composition of fertilizers best adapted for all crops. They cost you nothing.

Cheese and Butter

Makers of these articles, in many instances, do not pay the necessary attention to the quality of the salt they use. Some people think that "salt is salt," and it does not matter where it comes from or who makes it. This is a great mistake, for it is essential that to produce the best Butter or Cheese nothing but the purest salt should be used.

The number of prizes obtained by users of

RIE'S or COLEMAN'S DAIRY SALT

at the various exhibitions is conclusive proof that these brands of salt stand unrivalled. For prices, etc., address

YOU CAN'T DO IT

You can't make good butter or cheese with common, impure salt. It pays to use the best, and the best is

Windsor Salt

the use of which improves flavor and keeping quality.
