

## Our Veterinary Adviser.

(Questions for this department are answered in turn, but on account of the large number of queries received it is often some weeks before replies can be printed. In case an immediate answer by mail is desired, \$1 should be inclosed.)

**RINGBONE**—J. W. M. has some cattle which are affected by scab, which begins on the nose and around the eyes, the hair drops out, leaving a hard, dry, gray surface. Take a blunt knife and scrape off the scurf of the parts, then paint it well with tincture of iodine. One application is usually enough, but if not, repeat the iodine again in about a week.

**CHRONIC CATARRH**—A. M. has a calf which has a cough and a yellow discharge from its nose; the skin is rough with scabs and the joints are stiff. Steam the nostrils with hot water, say 1/2 a pail; put 1 oz turpentine in this and hold the calf's head over it for 15 minutes; repeat this operation twice a day for a week or two. Also give a tablespoonful each of tincture of gentian, ginger and tincture chloride of iron at a dose twice a day in 1 pt oatmeal gruel, also boil flaxseed and mix it into a mash with bran.

**STIFFNESS**—T. G. has a horse which is stiff in the hind leg, the horse cannot lift his leg over a foot high. It is impossible from the meager description to form an opinion as to the cause of the trouble. If T. G. will give a full description of the case, I will be glad to advise him.

**CHRONIC COUGH**—J. K. R. has a colt which is thin in flesh and has had a cough for several months. Boil a teacupful of flaxseed into a pulp and while hot pour it on one-half a pail of bran and make a mash of it. Give the colt a mash of this kind once a day and put two tablespoonfuls of Fowler's solution of arsenic in it; continue this treatment for a month if necessary.

**OPHTHALMIA**—C. S., Jr. has a mare 13 yrs old which has weak eyes, at times she is almost blind in one of them. Bathe the eyes twice a day with cold water and after each bathing put a little of the following lotion into the eyes, either with a dropper or a feather: Acetate of lead 10 gr, tincture of opium 10 drops and water 2 oz. Also give 1 dr sulphate of iron at a dose twice a day in a small bran mash and continue it for a month.

**CRAMPS**—W. H. A. has a horse which shows symptoms of pain by switching his tail and jumping around, this usually comes on after he has been driven a few miles. Give 1 oz aloes, 1 oz ginger and 1/2 oz carbonate of soda, dissolve this in hot water and give at one dose. Also mix 4 oz nitrate of potassium, 4 oz of sulphate of iron and 2 oz of nux vomica, divide into 24 doses and give one at night in bran mash. Feed good hay and oats but not too much, and water before feeding.

**SORE FOOT**—A. McI. has a colt which got its foot hurt 3 mos ago. It heals and breaks out again; the spot is just above the hoof, in front of the foot. Take a small probe and find the depth and direction of the opening. Then roll up 2 gr bichloride of mercury in a small piece of tissue paper and press it into the opening. Repeat this operation once every third day until the unhealthy part is destroyed. Then mix 1 dr chloride of zinc with 1/2 pt water, and apply a little to the sore twice a day.

**CHRONIC DIARRHEA**—A. S. has a horse which has chronic diarrhea. Give 1 qt raw linseed oil and 2 oz tincture of opium at a dose. After this operation, give 1 dr each of sulphuric acid and sulphate of iron at a dose twice a day in 1 qt thin starch gruel. Continue this for two weeks if necessary.

## Talks with Our Lawyer

### TRIMMING HEDGE FENCE.

If a hedge between the farms of A and B of Mo is wholly upon the land of A, B has no right to cut or trim said hedge unless the same grows over upon B's land. B would be liable in damages for interfering with said hedge, and if he sets his dog upon cattle on A's land, he would be liable for any injury thereto. If A's chickens go on B's land and destroy grain, B can recover from A the value of the grain as damages.

**MISCELLANEOUS**—Ohio Reader: The services on a bond of a guardian may be released as to future liability under said bond, by appealing to the probate or county court, appointing said guardian, for their release and discharge as bondsmen.—C. B. Q., Mich: Without having the name before us, we cannot advise as to the rights of the various parties to the coal mine.—If the person who inquires what the rights of husband and wife are

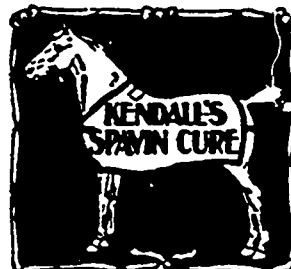

under a joint deed to 120 a of land will, after resitting the case, give the state in which the land is situated, we shall be pleased to answer his question.

**PLANTS ON LEASED LAND**—J. S. N 11: A tenant leases a farm and sets out shrubbery, small fruits, currants, etc. If the tenant pays his rent in full, can he remove the shrubbery, etc. before his term expires? The courts would probably hold the property not removable.

**COLLECTING WAGES**—C. C. N Y: A and B, husband and wife, hire out to C for a certain sum a month. A has not been able to work all the time because C's horse will not work out in the rain. Can C refuse to pay A for that reason? No, it is not A's fault.

**FENCE**—H. M. K. Vt: A owns a wood-lot adjoining pasture land of B. B's cattle overrun A's land at will, to which A does not object. Can A be compelled to contribute to the expense of a fence? Not until he is ordered to do so by the fence viewers, and under these circumstances they probably would not so order.

**MISCELLANEOUS QUERIES**—R. R 1: The owner of certain land has not paid any taxes on it for several years. Can back taxes be collected now? Yes. The land can be sold for such taxes.—T. Fairfield Co. Ct: If you were married before April 20, 1877, you have a life estate in your deceased wife's real estate.—Subscriber, Mo: There is a well on A's land. His neighbor, B, has used it for 25 years, and C, from whom B bought, used it for 50 yrs before that by permission of the then owner. A has now filled up the well. Can B do anything about it? No. A has a right to fill up his own well.

**HAS NO EQUAL**  
For Spavins, Ringbone Splints, Curbs, and all forms of Lameness, hocks or any ailment.

London, Tenn, Nov. 12, 1899.

## AN APPEAL TO HUMANITY GENERALLY

We need your assistance in announcing to the world the GREATEST REMEDY that Science has ever produced, and you need our assistance to secure relief for yourself and friends through SWANSON'S "5 DROPS."

**A REMEDY SUPREME** As surely as the American Navy has conquered and will conquer all that opposes it, so will "5 DROPS" unfailingly conquer all diseases like Rheumatism, Sciatica, Neuralgia, Lumbago, Catarrh of all kinds, ASTHMA, Dyspepsia, Backache, Sleeplessness, Nervousness, Heart Weakness, Toothache, Earache, Creeping Numbness, Bronchitis, Liver and Kidney Troubles, etc., etc., or any disease for which we recommend it. "5 DROPS" is the name and the dose. "5 DROPS" is perfectly harmless. It does not contain Salicylate of Soda nor Opiates in any form. The Child can use it as well as the Adult.

(TRADE MARK)

Read carefully what Mr. L. R. Smith, of El Dorado Springs, Mo., writes us under date of Nov. 27, 1899, also Martin Bowers, of Caraghar, Ohio, under date of Dec. 16th, 1899:

### Neuralgia!

### RHEUMATISM

I do not know how to express how wonderful I think your "5 DROPS" medicine is. I was suffering intensely with NEURALGIA and thought for a month that I would have to die. One day a lady called to see me and brought me an advertisement of your "5 DROPS." I resolved to try it and sent for a sample bottle. I have been taking it for three weeks and have not had an attack of suffering since I took the first dose. I believe it has saved my life. This statement is positively true. I shall also take pleasure in recommending your "5 DROPS" for the cure of NEURALGIA.

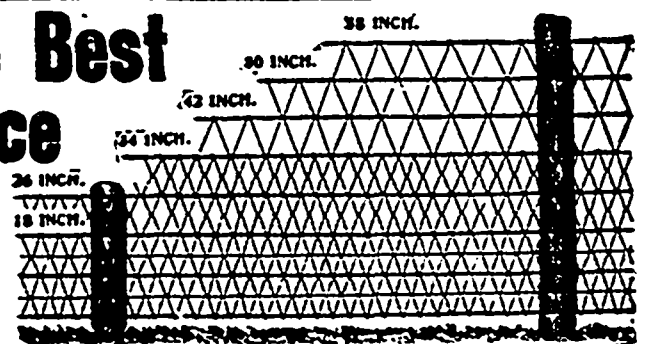

El Dorado Springs, Mo., Nov. 27, 1899.

Your "5 DROPS" came to hand on the 11th of last month and was glad to receive it for I was suffering at the time with untold agonies. The first dose wiped me out of my pain on short notice. Bless the name of God for it. It will do all you say it will, and more too. I had severe pains all over my body, when night came I could not sleep. The worst pain was in my legs. I could not put my foot to the floor without suffering great pain. I have tried four different kinds of medicine for RHEUMATISM and got no relief until I got your "5 DROPS" which gave me immediate relief as above stated.

**30 DAYS** To enable sufferers to give "5 DROPS" at least a trial, we will send a sample bottle, prepaid by mail for 25c. A sample bottle will convince you. Also, large bottles (300 doses) \$1.00, 4 bottles form. Sold by druggists and agents. AGENTS WANTED in New Territory. Don't wait! Write now! SWANSON RHEUMATIC CURE CO., 100 to 104 Lake St., CHICAGO, ILL.
