SECOND EDITION. 12mo. Extra Cloth. \$1.25.

"A more devout, earnest, and impressive study of the great mystery of future life has not come under our notice."—Philadelphia Evening Bulletin.

"Has evoked more comment, favourable and otherwise, than any theological volume of the year; has been so widely read that a second edition has become necessary. This powerfully presented, and as a whole, Mr. Hart's essay is full of thoughtful suggestions."—Boston Globe.

"It is a very thoughtful and erudite, and must command the attention of all readers who are interested in the all-important subject that he discusses.
