Principles of Surgery and Clinical Surgery.
 JOHN H. BRINTON, M.D.,
Practice of Surgery and Clinical Surgery.
 THEOPHILUS PARVIN, M.D., LL.D.,
Obstetrics and Gynaecology.

To the usual instruction in medical schools, the faculty of this college have added a thorough system of practical laboratory work. To each course of the regular curriculum there is appended a laboratory course, carried on in large and thoroughly equipped apartments in the college, by specially appointed Demonstrators, under the immediate direction of the Professor. In this way each candidate for the degree of M.D. is immediately and personally taught in obstetrics and gynaecology, physical diagnosis, laryngology, ophthalmology, medical chemistry, pharmacy, materia medica and experimental therapeutics, physiology, histology and experimental physiology, and minor surgery, bandaging, operations on the cadaver, etc.

In the department of medicine, "clinical conferences," and practical lessons in physical diagnosis give each student familiarity with all forms of disease. The experience of several sessions has abundantly demonstrated the great value of this practical teaching.

This course of instruction is *free of charge, but obligatory upon* candidates for the degree, except those who have had instruction and those who are graduates of other colleges of ten years' standing.

A SPRING COURSE of Lectures is given, beginning early in April and ending early in June. There is no additional charge for this course to matriculates of the college, except a registration fee of five dollars; non-matriculates pay forty dollars, *thirty-five of which, however, are credited on the amount of fees paid for the ensuing winter session.*

A POST GRADUATE COURSE, very complete in all the details of instruction, has been organized for practitioners only.

CLINICAL INSTRUCTION is given *daily* at the HOSPITAL OF THE JEFFERSON MEDICAL COLLEGE throughout the year by members of the Faculty and by the Hospital staff.

FEES.

Matriculation Fee (paid once).....	\$5 00
Ticket for each branch (7), \$20.....	140 00

Address, **BAKER, PRATT & CO.,**
 School Furnishers and Dealers in everything in the Book and Stationery line.

19 Bond St., New York.

Send 25 cents for our New Illustrated Catalogue, with over 300 Illustrations of educational and useful articles.

**A PLACE FOR YOUR DICTIONARY,
 A PLACE FOR YOUR NEWSPAPERS,
 A PLACE FOR YOUR PERIODICALS.**
 And an ornament for your house, all in one.
THE NOYES DICTIONARY HOLDER.

A thousand dictionaries in out-of-the-way places will not instruct, while a single dictionary, mounted in a Noyes Dictionary Holder, will instruct thousands. In fact, the Holder is the great helper of the great lexicons, and in making these vast stores of learning available, is second only in importance to the lexicon itself. It is made in New York, and its special attention is called to the Lexicon by the fact that the finish of the Holder is more durable and brilliant than

Nickel, and has much the appearance of silver. This finish consists of a heavy metal plating, is exceedingly attractive, and will withstand any amount of rough usage. The Turning Top Holder is made of the finest material, and is the most durable and beautiful made. A neat attachment is now being made for the Holder, which will hold the Dictionary and the Dictionary Holder constantly referred to—the Paper, the Periodical, and the Dictionary. Circulars free. Send for them now. Address **L. W. NOYES, 99 and 101 West Monroe St., Chicago.**
