STATE HEALTH DEPARTMENTS FIGHTING CANCER.

Among the many agencies now active in the campaign against cancer, several of the most progressive State Boards of Health are making notable efforts to spread the gospel of hope which is found in the early recognition of the danger signals of the disease and its prompt and competent treatment. The health authorities of Massachusetts, New Hampshire, Ohio, Indiana, Michigan, Virginia, North Carolina, Kentucky, West Virginia and Idaho have been especially active in disseminating trustworthy information and advice about the prevention and cure of cancer.

The New York State Health Department, under the leadership of Commissioner Hermann M. Biggs, is the latest to enlist its forces in the war against cancer. The entire March number of "Health News," the Department's Monthly Bulletin, is devoted to consideration of the
