## IT'S A PROVERB.

That rich young men who begin where there fathers left off, leave off where their fathers began. The best fortune to leave a boy is a good practical education; no danger of losing it, and he will attain success by using it.

### FOUNDATION OF EDUCATION

Webster's International Dictionary is the one book which may truly be called the Foundation of Education.

It is more generally used in schools than any other dictionary. It has been selected in every instance where State purchases have been made for the supply of schools. It is commended by all the State Superintendents of Schools now in office, by nearly all the College Presidents, City and County Superintendents, the Principals of Normal Schools and a host of teachers.

The new and enlarged edition of the International has not only the latest and most authoritative vocabulary of the English language, but contains in its appendix complete dictionaries of biography, geography, fiction, etc.

Under the editorship of W. T. HARRIS, Ph.D., LL.D., U. S. Commissioner of Education, 25,000 new words and phrases have recently been added. The quarto volume has 2364 pages with 5000 illustrations, and is printed from new plates throughout.
