

by one who I knew had been
suffering for years with it he had
to go to the doctor to be treated
your ~~man~~ what's necessary swear a
year it is now over three years
& he has had no need ~~to~~ go
back on his statement so ^{me} ~~least~~
wants I made him go to a doctor
& tell him just ^{to} ~~that~~ he felt the
the doctor said they must be
some property ~~in~~ the weed
his having no need to consult
a doctor again nor that is as
bad as cancer. Pardon my asking
my you skin but my feeling for
man is such I could ^{not} keep from
asking of them

Yours truly
