FOR RENT—King Street Store, 222 York Street. \$140.00 per month for three years.

TANNER & GATES, Real Estate Brokers, 222 Adelaide West, Main 2222.

EXPERTS AGREE UPON POISON THEORY

Analyst Found One Grain of Strychnine in Stomach of Frederick Beemer—Crown Witness Swears He Saw Prisoner Pouring White Stuff From Bottle Labeled "Poison."

(Special to The Toronto World.) WOODSTOCK, Nov. 6.—The Beemer trial resumed at the court house this morning at nine o'clock.

Much interest attached to the evidence of John Mason, he being one of the most central figures of the case. He testified that he had come to this country from Great Yarmouth, England, in March, 1912, obtaining work from different farmers around Elmhelm.

Found Beemer in Extreme Pain. Upon his arrival there, the witness said, he found Beemer suffering extreme pain and asking for water. He was sent to summon the doctor, and on his return found Mrs. Beemer pouring some white stuff from a small bottle labeled "poison" in white letters into an egg cup which stood on the table.

Witness Had Testimony. The witness had testified at the doctor's leaving poison around, and Mrs. Beemer remarked that it had been in the cupboard for several years, although she had previously told witness that the doctor had given her the medicine.

Mason acknowledged to the defendant's lawyer that he had been convicted more than once in England, one charge being that of theft, and that he was sent out here by his father and missionary who attended criminal courts to make a fresh start.

BRYCE, HONORED BY PILGRIMS REPLIED WARMLY TO CRITICS OF HIS ACTS AT WASHINGTON

Rich Silver Cargo Seized

VERA CRUZ, Nov. 6.—(Can. Press.)—One hundred and eighteen boxes of silver pesos, worth valued at about \$3000, shipped here by Hugo Scherer & Co., bankers of Mexico City, for shipment on the steamer Mexico, were seized by government officials today.

The same steamer has on board more than half a million in gold and silver shipped by banks of Mexico City.

MADERO IS IN HUERTA'S POWER

Uncle and Other Relatives of Late President of Mexico Removed to Capital.

WASHINGTON, Nov. 6.—(Can. Press.)—Manuel Madero, uncle of the late president of Mexico, and several relatives who were recently arrested at Saltillo and placed on a Mexican gunboat supposed to be bound for Vera Cruz, have been taken to Mexico City, Consul Canada, who, under instructions from the state department, has been watching for the party's arrival at Vera Cruz with the purpose of seeing that they were fairly treated, has reported that in some way they were taken to the interior without passing thru Vera Cruz.

Order was restored in the city, and while no railroads are operating, persons desiring to leave have been permitted by General Telles to depart overland.

Today's reports to the state department said the constitutionalists in the State of Sonora had required all export taxes to be paid in gold or silver at par, the tax money issued by the state government will be accepted in payment of duty on imports.

BOTH PARTIES SHOULD UNITE

ST. CATHARINES, Nov. 6.—(Special.)—John A. Cooper, of Toronto, addressed the St. Catharines Canadian Club tonight on the subject: "Priests and Prophecy." He vigorously maintained that the navy question should be removed from politics and that both parties should unite in determining the best means of giving Canada some responsibility in the naval defence of the empire.

As Ambassador, He Was Compelled to Follow Dictates of His Government in Problems Affecting Canada and U. S.—President Wilson Sent Message Conveying High Tribute.

LONDON, Nov. 6.—(Can. Press.)—A large and distinguished gathering welcomed the Right Hon. James Bryce, late ambassador to Washington, at the dinner given in his honor by the Pilgrims tonight. The American ambassador, Walter Hines Page, read messages from the president of the United States, John H. Choate, former ambassador at London, and others. President Wilson's message was as follows:

"Few men have done more than James Bryce in strengthening the ties of friendship and brotherhood which unite England and America and have been the cause of common aspiration and high example to the world."

The president of the Panama Pacific International Exposition, Charles E. Moore, called: "I will hope that the British and American flags will wave together at San Francisco in 1915."

To Solve Panama Question. Mr. Bryce began his speech by expressing the belief that the Panama question would be solved in a manner satisfactory to both countries. That belief, he said, was based on his conviction of the high rectitude and elevated sense of honor and international justice possessed by President Wilson.

A large part of Mr. Bryce's speech was devoted indirectly and directly to replying to criticisms made by the Conservative papers of his work as ambassador to the United States.

An ambassador to a foreign country, he said, is merely the agent of his government and carried out the instructions of his government. The critics acted in ignorance, because the only persons who knew what the ambassador was trying to do were his foreign office and himself.

Page's High Tribute. Introducing Mr. Bryce to the Pilgrims the American ambassador, Mr. Page, who presided, paid a high tribute to the ex-ambassador at Washington as the ambassador-Interpreter of the nation and its institutions, and as the man.

GEN. FELIX DIAZ STABBED AT HAVANA

Mexican General Was Attacked by Five Men While Attending a Band Concert and Wounded Twice, But Not Seriously—Tremendous Excitement Followed.

Special Cable to The World. Copyrighted by The Associated Press. HAVANA, Nov. 6.—Gen. Felix Diaz, the Mexican general who fled from Vera Cruz on the American warship last week, was attacked by five men tonight and stabbed one or more times. The wounds were not serious. Gen. Diaz, with a party of friends, was attending the band concert in the plaza at the time. The attack created tremendous excitement.

Gen. Diaz was wounded behind the ear and in the neck, besides receiving several blows on the head from a cane. Diaz was removed to a hospital. His assailant, a Mexican, was arrested.

HEBERT FINDING HOTEL CEASURED

Justice Charbonneau's Famous Pronouncement Hostile to Ne Temere Decree Scored by Tellier.

MONTREAL, Nov. 6.—(Can. Press.)—"Never in all my life have I seen such a proceeding. The judge went a great deal further than he should have gone, and further than he was asked by the parties to go. He passed upon the merits of the case when he was not called upon to do so. He dealt with the Ne Temere decree and a multitude of other things, all being wholly beside the question upon which he was called to adjudicate. I repeat, I never saw such a proceeding in all my life."

The foregoing is the judicial criticism handed out to Justice Charbonneau's ruling in the celebrated Hebert marriage case by Justice Tellier, senior judge of the court of revision, when he heard of the court's decision today. The argument took up the whole of the day, but the real merits of the case were in no wise discussed, the whole debate being confined to matters of procedure. In other words, the opposing counsel did not argue on the subject matter of the case.

In his coat pocket was found an invoice for \$50 from the Chicago Handbar Co. of Shelby, O., addressed to A. Levine, Cleveland, Ohio, and it is upon this evidence that identification is made.

SUPREME COURT JUDGE ON TRIAL

Justice Clement of British Columbia Accused of Collecting Money Unlawfully.

VANCOUVER, B.C., Nov. 6.—(Can. Press.)—A trial, in which the crown is the complainant and Justice Clement is the defendant, is in progress in the supreme court, the defendant is charged with collecting money from the C.P.R. in violation of the law.

The defence is that during the whole of the time complained of, the defendant had his place of residence at Grand Forks, in the Kootenay district, and was properly entitled to charge expenses for the time he was on duty in Vancouver and elsewhere.

Letters discussing the case with the minister of justice at Ottawa the defendant stated that during his occupancy of the bench in British Columbia he had been pursued by enemies and made the subject of attacks in the legislature.

FINE BEAUTY SPOT IS ASSURED IN CALGARY

CALGARY, Alta., Nov. 6.—The C.P.R. is beautifying the city, by demolishing two blocks of warehouses along the right of way at the west end of the station and erecting there a splendid park for the use of flowers, trees, etc.

The company already has at the east end of the station between the depot and the department of natural resources building, what has been described as the best railway garden in Western Canada, and this new scheme will complete one of the finest railway blocks in the Dominion. Including the station, natural resources building, one million and a half C.P.R. hotel and gardens, the total extent will be five city blocks.

THREE GENERAL SUPERINTENDENTS FOR CANADIAN METHODIST CHURCH TO BE ELECTED AT NEXT QUADRENNIAL

COMMISSION MUST BE APPOINTED WHEN RAILWAY DEAL GOES THRU

Clause in Bill Passed by Legislature Stipulates That a Commission Shall Control Municipal Street Railway System—Fleming Favored as Manager.

"The control and management of any electric or street railway acquired by the corporation under the authority of this act shall be entrusted to a commission to be appointed by the council of the City of Toronto, to consist of three members, and to hold office for such term as the council may, by bylaw determine, but no member of the council shall be a member of the commission."

The only doubt many people in Toronto have in connection with the purchase of the Toronto Railway Company is based on what system of management the city would have if it owned the system. The above clause, taken from the bill passed by the legislature at its last session, shows that there can be only one form of control for the system if the purchase deal is sanctioned by the citizens. It is the general opinion that R. J. Fleming, if available, would be the best man to manage the municipal system.

SALVATION ARMY CRITICIZED BY TRADES AND LABOR COUNCIL

Called "An Organization of Money Grabbers" and Blamed for Destitution and Poverty—Prison Inquiry a Farce.

"There is more destitution and poverty in Toronto at the present time than there usually is at this season of the year, and the people who are principally responsible for this condition are the members of that organization of money grabbers, known as the Salvation Army, who are taking immense sums of money from the poor people but never publish a report of what it does with them. They teach their adherents to care only for today and not to mind tomorrow, and it is this doctrine that is the cause of much of the poverty of today."

In the above words Delegate Woodrow expressed his opinion of the Salvation Army and the work being done by it at the meeting of the Trades and Labor Council of Toronto, last night. Woodrow suggested that the council take steps to prevent the further operations of the organization and to discover what is being done with the money collected by its members all over the civilized world.

The report of the educational committee gave rise to considerable discussion on the condition of the children of the workingmen as regards education. It was shown that many of the children are attending school in the mornings without breakfast, and as a result of the poorly nourished condition of their bodies, they are unable to reap the advantages of education to the same extent as those more fortunate. It is believed by the council that the adoption of more open-air schools will help to improve this condition, as the pupils are not only educated, but fed as well, and it is the intention of the members to see to it that the board of education adheres to its professed intention to open up more such schools next year.

A LEVINE WAS REFUSED ADMISSION TO HOSPITAL AND DIED IN AN HOUR AT POLICE STATION.

After being refused admittance to a boarding house and the Toronto General Hospital on account of his drunken condition, a man believed to be A. Levine, of Cleveland, Ohio, was taken in charge by the police of Agnes street station yesterday afternoon, and died in the cells within an hour.

In his coat pocket was found an invoice for \$50 from the Chicago Handbar Co. of Shelby, O., addressed to A. Levine, Cleveland, Ohio, and it is upon this evidence that identification is made.

TWO SENTENCED TO DEATH

VANCOUVER, Nov. 6.—(Can. Press.)—Herman F. Clarke and Frank Davis were this afternoon found guilty of the murder of Police Constable James Archibald on a brush-covered lot on Powell street on May 23 which surprised them in the act of packing their burglar tools after having committed a burglary. They will be hanged at New Westminster on Jan. 15.

AMBASSADOR IS BACK AT WASHINGTON POST

WASHINGTON, Nov. 6.—(Can. Press.)—Sir Cecil Arthur Spring-Rice, the British ambassador, returned to Washington today from the summer quarters of the embassy at Dublin, N.E. The ambassador is recovering steadily from his recent illness, an affection of the throat, but by his doctor's advice he is still abstaining from the transaction of any business and is not receiving callers.

The official work of the embassy is at present in the charge of First Secretary Ernest Scott. Colville Barclay, the newly-appointed councillor, is expected to reach Washington next week.

Rev. Dr. Carman to Be Relieved of Oversight of Eastern, as Well as Western Province Conferences—Hush-Up Tactics Have Collapsed.

One of the most important changes to be made at the coming quadrennial session of the Methodist General Conference will be the election of a third general superintendent. When the various Methodist seats in Canada united 30 years ago provision was made in the constitution for the election of "one or more general superintendents from the ministers of the church, by ballot, without debate."

While not limiting the number of general superintendents, a hierarchy, or "rule of priests" was established so far as the presidency of the general conference was concerned, as a layman is precluded from the presidency.

At the last general conference it was recognized that the growth of the west required the oversight of a general superintendent, and Rev. Dr. Chown, now residing in Vancouver, was called to the office. His election immediately ended him with equal powers to those of Rev. Dr. Carman, whose name is, however, given precedence on official documents, on the score of seniority.

Rev. S. P. Ross, Mentioned. As Dr. Carman is now 81 years young, and for other reasons eastern Canadian Methodism is knocking at the door for a general superintendent. Rev. S. P. Ross, D.D., is regarded as the outstanding man for the position of third general superintendent. Dr. Ross, now of Montreal, was until recently pastor of Sherbourne Street Methodist Church, Toronto. Like his brother, the late Mr. Justice Ross, he is of a judicial turn of mind. He respects theology, he is regarded as more advanced than Dr. Chown, who in turn looked upon the broad will of Dr. Carman as typically orthodox.

Dr. Carman's strenuous attempt to push up and keep from the Methodist membership the facts of the Cross-Briggs-Bond-Frost-Beverly House deal, is looked upon by leading Toronto laymen as quite in keeping with his efforts to discipline Chancellor Butwash for writing a preface to one of Dr. Workman's theological works. His name, however, in the case of the greater lengths. When Rev. C. E. Manning dared to defy Dr. Carman's authority and stand up for a bold protest against the West Queen street project, Dr. Carman banged his office door with his walking stick, and alluded to his brother general conference officer in terms disapproved by scripture. When Rev. Dr. Moore questioned the ethics of the general conference, Dr. Carman found self-restraint a severe strain. His latest declaration that "Mum's the word" caused more comment.

It is an open secret that while Dr. Carman has ordered that the facts of the deal should be kept as secret as possible, strong personal protests have been made by several outspoken ministers as Rev. Dr. Wilson, Dundas Street Church, who has his leading laymen with him in opposition to the church funds, and studying in the conference board and a member of the general conference as in the purchase of the John street site from Senator Cox.

As it will be necessary for Dr. Briggs or some other representative to report verbally to each of the annual conferences specifically on the building fiasco and the site deal, Dr. Carman's struggle against the inevitable general publicity in view of the revelations respecting it by The World is deemed to complete collapse.

Dr. Carman's Career. Dr. Carman has had an interesting career. He came to Toronto as he is a descendant on both sides United Empire Loyalists. He was born at Inverness, Ont., on June 27, 1823. After studying at Dundas County Grammar School and Victoria University, Cobourg, he graduated B.A. in 1855, taking his M.A. five years later. On graduating he became headmaster of Dundas County Grammar School, and in 1857 became principal of Belleville Seminary.

After the union of Methodist bodies in Canada in 1858 he became general superintendent. He received his D.D. from Victoria University in 1891. His most notable literary production was "The Guiding Eye."

STREET CAR HIT HIM

Attempting to cross the intersection at the corner of Peter and Adelaide streets, George Currie, 9 Peter street, was struck by a car turning the corner and was taken to the General Hospital in the police ambulance. His injuries are of a minor character.

GERMAN CRUISER AT HAVANA

HAVANA, Nov. 6.—(Can. Press.)—The German cruiser Hertha arrived here this evening from Vera Cruz.

Capacity Houses Next Week

There was great commotion in the lobby of the Princess Theatre yesterday, the occasion being the opening of the sale of seats for the big spectacular play, "Joseph and His Brethren." The line continued all day and everything points to capacity houses.

Twoed Overcoats at Dineen's. The time for a winter overcoat is here and it would be wise to see the showing at Dineen's, 140 Yonge street, before deciding definitely. There are styles and materials to suit most all tastes, and those who prefer an English-made overcoat will be delighted with the fine examples of the famous Heston Company. There are no more distinguished-looking overcoats shown in Toronto.

WHEN THE FROST IS ON THE MELON

W. Family Flour, 3 lbs. 25c. Raisins, 3 pack, 25c. Sugar, 16 lbs. 50c. Molasses, 1 lb. 10c. Orange Lemon and 15c. Tea packages, 7c. Flouring, 25c. Lard, per lb. 14c. Butter, per lb. 14c.
