

means of a camel's hair pencil. At the same time give the following ball: white arsenic eight grains, and corrosive sublimate six grains powdered and mixed with flour or bread or any other vegetable that will form a ball with molasses. Keep the animal warm, mix chopped carrots with his mashes. Intermit one day and give a similar ball—if it purge add 10 grains of opium to it. Attend constantly to the ulcers; wash them with warm soap-suds, and keep the animal by himself—if the disease gains the nostrils and head, and becomes glanders, shoot him at once. There is no remedy.

GREASE.

Wash the part well with soap suds twice a day, and if the swelling is great apply a poultice to it, when the sores are cleansed touch them with a rag or feather dipped in the vulnerary water.

FOUNDERED FEET.

This is known by the contraction of the hoof, which will appear considerably smaller than
