what you take for neglect was but a compliment to your intelligence. The characters with which I dealt were for the most part furnished me by history. The few of my own creation were exclusively heathen, and of them, except the lord Maxtla and Xoli, the Chalcan, disposition is made in one part or another of the story. The two survivors named, it is to be supposed, were submerged in the ruin that fell upon the country after the conquest was finally completed. The other personages being real, for perfect satisfaction as to them, permit me, with the profoundest respect, to refer you to your histories again."

The translator has nothing to add to the explanation except brief mention that the king Cuitlahua's reign lasted but two months in all. The small-pox, which desolated the city and valley, and contributed, more than any other cause, to the ultimate overthrow of the empire, sent him to the tombs of Chapultepec. Guatamozin then took the vacant throne, and as king exemplified still further the qualities which had made him already the idol of his people and the hero of his race. Some time also, but whether before or after his coronation we are not told, he married the noble Tula,—an event which will leave the readers of the excellent Don Fernando in doubt whether Mualox, the paba, was not more prophet than monomaniac.
