G CARS AT CITY YARDS

Cattle From 15c to 20c Gwt. Lower -Sheep, Calves and Hogs Unchanged.

Receipts of live stock since last Friday as reported by the railways were 96 carads, composed of 1410 cattle, 688 hogs,

loads, composed of 1410 cattle, oss nogs, bod sneep and 638 calves.

The quality of fat cattle was much the since has it has occup, too many of the half mission in comparison with the choice lots. Trade was slow, the demand not being equal to the supply. Had it not been for his nice or six outside dealers being on the market frade would have been much worse. With the exception of a very lew prime plexed cattle prices declined from loc to be per cwill compared with last Friday's nicket, and then there were several lots beit over missold.

dead while

oronto.

About seven or eight straight loads of experiers were on saie, the highest price for a straight load of 21 exporters, 1250 lbs, each, sold by McDonald & Maybee, at \$6.10 per cwt.; one lot of 8 prime picked cattle, 1450 lbs., was bought by George Rountree for the Harris Abattoir Co, at \$6.25; but the rest of the shippers sold from \$4.75 to \$5; some of the unfinished exporters were taken back to the country at \$4.50 for cattle weighing 1300 lbs. Export bulls sold at \$3.50 to \$4 per cwt.

Butchers.

Trade in butchers' cattle was slow with the exception of a few prime cattle, and these did not bring as high prices as in the in-mediate past. Picked lots, \$4.70 to \$4.80, and they were what might be called light exporters of extra quality, weighing law lbs. and over. The best loads of butchers' sold at \$4.40 to \$4.65; medium at \$4.25 to \$4.40; good cows, \$3.60 to \$3.90; cemron cows at \$2.50 to \$3.35 per cwt.

Sheep and Lambs—Recelpts, 4000 head; firm: lambs, \$5.50 to \$5.60; wearlings, \$5.50 to \$5.75; wethers, \$5.25 to \$5.60; ewes, \$4.75 to \$5.76; wethers, \$5.76; to \$5.60; ewes, \$4.75; to \$5.60; ewes, \$4.75; to \$5.76; wethers, \$5.76; wethers, \$5.76; to \$5.60; ewes, \$4.75; to \$5.76; wethers, \$5.76; Butchers.

receders and stockers.

Harry Murby reports prices for feeders as being inclined to be easier, in sympathy with those of fat cattle. Mr. Murby handled a large number at the following quotations: best short-keeps, 1100 to 1200 lbs. at \$4.50 to \$4.50; best feeders, 900 to 1050 lbs. at \$4.20 to \$4.50; best feeders, 800 to 9000 lbs. at \$4.20 to \$4.50; best stockers, 500 to 700 lbs., at \$3.50 to \$3.75; common stockers, 3c per lb.

George Rountree bought 15 loads of fat cattle for the Harris Abattoir Co. as follows: for 8 prime picked exporters, 1450 lbs. each, at \$5.25 per cwt.; loads of good butchers at \$4.40 to \$4.65; medium at \$4.25 to \$4.40; good cows at \$3.60 to \$3.90; common at \$2.50 to \$3.35 per cwt.

T. Halligan bought 2 loads, 1250 lbs., at \$4.85 per cwt.

**H. Dean bought 1 load exporters, 1850 !bs. each, at \$4.90 per cwt.

Frank Hunnisett, ir., bought 35 butchers, 1000 to 1200 lbs. at \$4.40 to \$4.80.

H. Hunnisett bought 1 load mixed butsping lambs at \$5 to \$7 each; 25 calves chers and feeders at \$4.25 to \$4.80; 25 to \$6 per cwt.

**I have a Tamworth sow, the mothers of 15; a half-dozen the mothers of 15; a half-dozen the mothers of 12 each, and one, a glit, had 12, and raised all of them. I entered these pigs at the state fair in tered these pigs at the state fair in rings of four as produce of sows, and rings of four as produce of sows, and rings of four as produce of sows, and the same as get of boars.

Cables Unchanged-American Markets Are About Steady.

New York, May 8.—Beeves—Recelpts, 587, all consigned direct except 3 cars; nothing doing; feeling firm on reported light arrivals Wednesday; exports to-day, 660 cattle, 1052 sheep and 4200 quarters of beef; lo-morrow, 4100 quarters of beef. Caives—Receipts, 32; feeling firm. Sheep and Lambs—Receipts, 1263; sheep steady; lambs slow and weak, except for prime, handy lambs; \$5.60 to \$6.50; no choice of ered; prime clipped sheep, \$5.374; clipped lambs, \$5.60 to \$6.50; culls, \$4.75; clipped yearlings, \$5.75; no spring lambs.

Chicago Live Stock.

Chicago May 8.—Cattle—Receipts, 3500; market strong; common to prime steers, \$4 to \$6,30; cows, \$3,25 to \$4.60; helfers, \$2,75 to \$5.35; bulls, \$3 to \$4.25; calves, \$2.75 to \$5.85; bulls, \$3 to \$4.25; calves, \$2.75 to \$6; stockers and feeders, \$2.75 to \$5. Hogs—Receipts, 10,000; market, 2½ to 5 cents higher; choice to prime, heavy, \$6.45 to \$6.50; medium to good, heavy, \$6.40 to \$6.50; medium to good, heavy, \$6.40 to \$6.43½; good to choice, heavy, mixed \$6.37½ to \$6.42½; packing; \$5.90 to \$6.40.

Sheep—Receipts, 20,000; market, steady to 10 cents lower; sheep, \$4.75 to \$5.80; yearlings, \$5.40 to \$5.90; lambs, \$5.50 to \$7.55.

East Buffalo Live Stock.

East Buffalo May 8.—Cattle—Receipts, 10.0ne; firm; prices unchanged.

Veals—Receipts, 100 head; slow; 25c lower; \$4.50 to \$6.

Hogs—Receipts, 14,000 head; active and 5c to 10c higher; heavy, mixed, Yorkers, and pigs. \$6.70 to \$6.75; roughs. \$6 to \$6.10; strgs. \$4.25 to \$4.75; dairies, \$6.65.

Sheep and Lambs—Receipts, 4000 head; firm: lambs, \$5.50 to \$6.60; vearlings, \$5.50 to \$5.75; wethers, \$5.25 to \$5.60; ewes, \$4.75 to \$5; sheep, mixed, \$3 to \$5.25.

British Cattle—Receipts, 10 shade and running water, if possible.

Plan in goo dseason to grow some crop that can be cut and fed to the cows in midsummer if needed.

Winter dairying requires more feed of a suitable kind, warmer and better quarters and a little more work, but prices are always better.

After a cow calves, it is important to milk clean from the first, as retention of the milk in the udder injures it and tends to decrease the yield.

By captain

***** CATTLE MARKET RECEIPTS -City and Junction-Cattle, Hogs, Sheep. Week ending May 5, 19065002 2770 206 Corresponding week, 19054785 7514 376

FRUIT SEASON IS LATE.

Cool Weather is Also Being Experienced in Southern States.

the citizens of Ontario are experiencing is said to have its counterpart in the southern states, where at this season warm sunshiny weather is usually enjoyed. Commission men generally in close touch with the fruit situation down south, attribute the poor condition of the southern fruit arrive condition of the southern fruit arriving to this cause. Strawberries, of which receipts total about one car a day, are lacking in color and size. On Thursday, Friday and Saturday last there was a total of four cars brought in, largely from North Carolina, Louisiana and Alabama. The demand is not a large one, and at the prices charged, from 15 to 20 cents, citizens are not over anxious to buy. The cars in which the berries are shipped hold some 200 crates. Fine warm weather the city dealers say, would do much to create a demand, when four cars a day will sell more readily than one at present. California cherries will soon be on the market. Of cucumbers and to matoes, there is enough and to spare, the latter selling at from 15 to 20 cents a pound.

Washington, May 8.—Col. O. H. Ernst, chairman of the American section of the international waterways commission, at the hearing on the Niagara Falls bill to-day before the house committee on rivers and harbors, elaboromatic on the Joint report made by the Canadian and American sections to their governments relative to the preservation of the Falls and explained there recommendations.

In reference to the recommendation as to the diversion of water for power purposes, which appears to be an inequality in favor of Canada, Col-Ernst said the vested rights of the Canadians were greater than those on ing to this cause. Strawberries, of cream, quick separation gives the best

After a cow calves, it is important to milk clean from the first, as retention of the milk in the udder injures it and tends to decrease the that of last year.

Was to determine the outlook for the season is son. Taken altogether, the season is said to be fully one week later than that of last year.

If the milking qualities are large at the start, it is to the management of the heifer, and to neglect to stimulate and prolong it, that early drying off is attributable.

As a milk are produced.

Feeding cows' milk to the little lambs pays well for the trouble.

Early maturity is the point which decides the greatest profits of early lambs.

ishing food, rather than a single kind of coarse provender.

Mud engenders foot rot, but dirty pens are still worse in this respect than mud.

Grain should be given the sheep, even after the grass has come, as long as their condition indicates a lack of

to deprive the animals of sunshine and pure air.

A few pigs are often more profitable than a large number; yet every farm should grow a few.

Keep the pigs growing and making frame, not forgetting that too much fat will often check growth.

A brood sow should never be kept penned up, but should have free access to the ground.

There is no call for keeping a sow that is troublesome or victous, or one that will destroy her own pigs.

Treat the sows in an intelligent manner and in a way that will insure health as well as thrift.

kept clean and dry and be safe from vermin.

Sheep can be fattened very cheaply and easily on good pasture, with the addition of a little grain. This is a good way to get rid of the culls.

Usually the improvement of the mutton will improve the hardiness and form of the animals, at least to some extent.

No time should be lost in fattening the light shearers and disposing of them to the best advantage. The longer a sheep is kept that will not clip a quantity of clean, bright wool above the average, the poorer the owner will be.

chard or clover pasture, it is nearly always best to keep them rung.

While good slop is a good thing for growing pigs, it should not take the place of fresh, pure water.

Never allow hogs to run a lot where there is stagnant water, as such wallows are apt to beget cholera.

A close pen with a tight floor should always be provided for the hogs when feeding grain where the fowls bother.

In no way can the waste milk from the dairy be used to a better advantage than by feeding to thrifty, growing pigs.

WETERANS TO DECORATE

MONUMENTS ON MAY 24

At the regular monthly meeting of the Army and Navy Veterans last night, there was a large amount of business transacted. Arrangements were completed for a church parade to St. Stephen's Church on Sunday, May 20. The members will assemble at 3.30 at Denison-square and will proceed to the church headed by the Q.O.R. bugle band, the service to commence at 4.15. Rev. Mr. Broughall will preach.

on account of a count ing pigs.

Better allow the sows to go a little longer rather than breed them so to farrow in July or August.

Push the growth and fattening of the winter pigs, so that they can be ready for market before hot weather and Simcoe monuments. A vote of

made after consulting experienced men who raised both breeds for sale, and who told me that the demand for Tamworths far exceeded that for the other breeds.

"There is no great difference in the breeds, except color. Some object to a white because under certain conditions the skin will chap in winter and blister in summer. The south is the great field now open for the barson beginning to smooth a large bar of iron on an emery wheel, which was not set true, with the result that the bar struck Hitchin on the face, break-bar struck in winter and blister in summer. The south is the great field now open for the barson beginning to smooth a large bar of iron on an emery wheel, which was not set true, with the result that the bar struck Hitchin on the face, break-bar struck in winter and blister in summer. The south is the great field now open for the barson beginning with the resolution of the creditors of Douglas Ford Co. Failure.

Deaglas Ford Co. Failure.

The general Book Room committee meets this morning at 10 o'clock.

A meeting of the creditors of Douglas Ford Co., printers, was held in the office of Osler Wade yesterday, when assets of \$23,940, giving a surplus of \$25,940, were reported. Mr. Buntin of \$2600, were reported. Mr. Bunti

Col. Ernest, of U. S. Section of Waterways Commissioners, Elaborates on Report.

a pound.

Good apples are difficult to obtain and first-class table fruit is selling as high as \$5.50 a barrel grading from this down to \$2 a barrel.

A number of leading commission men will shortly make a thoro inspection of the great fruit belt, with a view to determine the outlook for the seaterprise, and to stop them would be practically to destroy their work. The question of damages to be paid was taken into consideration in recommending limitation of diversion of

Sheep Notes.

Sheep should have salt where they can get it as they want it.

Feeding cows' milk to the little lembs pays well for the trouble.

Early maturity is the relation of the statement that 50 per cent. of the waters could be diverted without destroying the scenic effect, saying 30 per cent. was the limit. Even then he thought the diversion of that amount of water would have an injurious, but not necessarily a destructive effect.

MUST PAY FOR THE BOOKS:

Claim That They Were Not What He Bargained for Doesn't Count.

George Walling, 190 West Richmond-street, was before Judge Morson in George Walling, 190 West Richmondthe division court yesterday.

Larly this year he received a letter begging him to accept a copy of the original warrant to execute Charles the First, signed by Cromwell and different members of the comonwealth. His assistance was also required in a literary.
