SPLENDID OUTING FACILITIES.

With the Hotel Roberval as headquariers tourists and visitors can make many pleasant excursions to various points of great interest and beauty, for the fleet of fine steamboats of the Lake St. John Steam Navigation Company plying on the lake afford every facility for doing so. The steamers are the Mistassini, Colon, Perribonka and Undine and Mr. B. A. While visiting Roberval Chicoutimi must not be left out. It is the terminus of the eastern extension of the garrison of 2000 men. Outdoor attractions are legion, with the greatest facility and liberty for their enjoyment. Even the grounds are electric lighted and a charming walk leads down to the beautiful sand beaches of the lake. This is one of the grandest, though at the same time one of the least known, of our northern lakes, is almost circular in shape and has a breadth of 25 to 30 miles, is nearly 100 miles in circumference, with an area of 700 square miles. It is principally famous for its ouananiche fishing. This is the fresh water salmon and the gamiest fish that swims in any waters.
