In Paris, 3 per cent. resides were 292½c.

In London, American securities opened depressed on lower over-night operations from New York, and prices remained down, with very little doing. At the close the tone was dull. Spanish fours closed at 71½.

Gold premiums are quoted as follows: Buenos Ayres, 127.40; Madrid, 25.25; Lisbon, 48.50; Rome, 6.40. Beet sugar, May, 108.8¼d. Calcutta linseed, spot, 55s.

On Wall-street.

There was no change in conditions in the stock market to-day. The depressing influence of Thursday's failure continues to overhang the market, and to discourage any the day's small business was given over to transactions in settlement of the failed firm's affairs. The firm of brokers, whose buying yesterday was said to represent a transfer of the accounts of the customs of Price, McCormick & Co., was again a conspleuous feature to-day. These operations represent a re-entry into the market of some customers of the failed firm, to whom loans were paid off when their contracts were closed out, under the rule of the exchange, or whose commitments are taken over from the suspended firm by other houses. This operation is a sustaining influence on prices and was especially evident to-day in Union Pacific. The prevalent belief that the stocks which hold the firm's collateral for loans will not, all of them, thru the collateral on the market process all to liquidate the loans, also served to relieve apprehension to some extent.

March \$7.25 to \$7.30. Sugar-Raw firm; fair refining, 4e; centrifugal, 4½c; molasses sugar, 3 13-16c; refined sugar firm.

Chicago Gossip.

J. J. Dixon has the following from Chicago to-day:

Wheat-Wheat opens firm on continued dry weather north, no rain at all in the Dakotas and a rising barometer. Paris was down equal to 1½c. Northwest receipts were larger, 503 cars, against 275 last Saturday. The market closed fractionally lower from last night.

Corn has ruled dull and featureless to-day. The opening was steady at about last night's close, with elevator people fair sellers. This, together with some increase in country offerings and absence of outside business, caused market to sag. a Saturday-Notes and

Several stocks on the mining list have been very active during the past week, Golden Star absorbed a great deal of attention, the price advancing sharply on the supposition that the directors' report would be very good. After the report was received the stock reacted and dropped several points, indicating that a number of stockholders viewed the report in an unfavorable light, Deer Trail Consolidated was traded in to a large extent, large orders were received here the latter part of the week from the west, and also from Montreal, but sellers would not meet the bid price, and, therefore, several orders remain unfilled. No announcement has yet been made with regard to the current dividend. A bomb shell was thrown into the market when an official call of three shikings per share was levied on Athabasea. This assessment will amount to about the market when an official call of three shikings per share was levied on Athabasea. This assessment will amount to about the market when an official call of three shikings per share was levied on Athabasea in order to protect their interests. Black Tail was in demand. Eastern and western buyers were competing for these shares, We learn from our western correspondents that Black Tail mine is improving daily and is likely to develop into one of the great Republic properties. Crow's Nest Coal was in demand with little stock offering. This company are producing daily a large tonnage of coal and coke, all of which finds ready sale on account of its superior quality. We believe this stock is one of the best investments on the market. Fairview is exhibiting an element of strength. Buyers have raised the bid price several large blocks were placed here recently. We think this stock will move upwards. Haumond Reef is in moderate demand. A great many interested people are watching this stock and awalting the returns from the new milt of 40 stamps capacity. We have learned that the mill was started during the past week. News of the success of the Venture may be looked for shortly. Western
