JAPANESE PRINCESS TO WED HEIR OF THE FORMER KOREAN KING

Wedding Ceremony To Be in True Royalistic Japanese Style.

[Associated Press.] TOKIO.-The wedding of Princess Masako, eldest daughter of Prince Nashimoto, with Prince Yi, Jun., the ounger brother and heir of the former king of Korea, is to be celebrated within a few months. The marriage between the princess and the former Korean crown prince, which is the first instance of matrimonial union between a member of the Japanese imperial family and the former royalty of Korea in the history of both peoples, now amalgamated into one nation by Japan's annexation of that country, has necessitated a partial revision or addition to the provisions of the Imperial House law.

In observance of tradition, the changes in the law were announced before the sanctuary of the imperial ancestors in the imperial palace, with appropriate Shinto ceremonies. At the same time similar reports were sul nitted to the grand shrines at Ise, dedicated to the grand ancestor of the Imperial House, and the mausolea of the first emperor, Jimu, and the late Emperor Meiji. ing of Korea, is to be celebrated withcutt iner in

The wedding ceremony is to be celepalace in Tokio in pure Japanese style,
according to the time-honored code of
imperial court. After the wedding the
bride and bridegroom will proceed to
ts the imperial palace and have audience
with the emperor and empress. The
honeymoon will be spent in Korea.

Pte. Bennet Thanks Red Cross For Its Kindness in Supplying Food.

The following letter received by one f the Red Cross workers in London from Pte. Lionel J.
