

# RENNIE'S SEEDS

"THE FINEST IN THE LAND"

## A NEW WHITE OAT RENNIE'S "BUMPER KING"

We have just imported this new oat from the north of Ireland. It is of surprising weight, extremely early and highly productive. Change your seed this year; the older varieties at best can only yield light "chaffy" oats, poor and unprofitable. Rennie's Bumper King is new, extra heavy and will yield twenty bushels more per acre than the older sorts.

Price, ex warehouse, Toronto—Peck 50c, bushel \$1.75.

## THE BEST BLACK OAT RENNIE'S "FIFTY POUND"

Oats weighing 50 lbs. to the measured bushel are not very common, but when we state that the new variety readily produces higher oats, farmers generally will be anxious to try it. "Fifty Pound" is a first-class cropper, with strong, stiff straw and heavy side heads. Price—Peck 50c, bushel \$1.75.

## A GRAND NEW SUGAR BEET RENNIE'S "LEVIATHAN"

Yields Gigantic Sugar-Saturated Roots.

Highest Nutrients. Unsurpassed in Yield.

For over twenty years the attention of the leading European sugar beet expert has been devoted to the development of this grand type of sugar beet, which excels all others in growth, size, shape, yield and nutriment. It has now been perfected, and this year we are introducing it to Canadian growers for the first time. In the first place, it contains five to six per cent. more nutriment than other sorts, being simply saturated with sugar; also, in size it is much larger than its nearest rival; the shape of the root is perfect, and its habit of growth renders it so easy to harvest that it can be lifted out of the ground with the slightest push. There are no coarse, prongy roots in fact, the beet is as smooth as if moulded. The skin is red, making a clean contrast to the close-grained, solid, tender, surpassingly white flesh. In yield it is equal to our now famous "Jumbo," which it closely resembles, excepting for the skin color. We have had many critical tests made with it in this country, and the carefully tabulated results have proved that it surpasses all other varieties as stock feeder, an immense cropper, and a hardy, constituted sugar beet. 1 lb. 40c, 4 lbs. \$1.50 by express; by mail postpaid, 4 lbs. \$1.70, 1 lb. 45c, 1-2 lb. 20c, 1-4 lb. 20c.

RENNIE'S XXX VEGETABLE SEEDS  
Don't order your vegetable seeds until you have read all about these new kinds in the "Rennie Seed Annual" for 1908. We will mail you a copy of this book free if you have not already had one. There are twenty-four varieties of "Rennie's XXX Vegetable Seeds"—all the most useful sorts and positively the best of their kinds. Anybody can grow prize vegetables with our XXX seeds—try them this year.
