

# THE BIG \$50,000 FUR SALE

Opens This Morning--The New Surplus Stock of a Big New York Manufacturer  
Prices Asked Are Below Cost--Goods Are Exclusive in Quality and Design

To-day we put on sale the \$50,000 shipment of furs which we took off the hands of one of the largest fur manufacturers in New York in order that it would not be carried over into next season. We purchased the stock at a very low figure, and for cash, and we are going to turn it over quickly at a small margin and for cash.

We are going to turn this shipment into cash at prices heretofore unknown in Toronto. The quality of the goods is the best money can buy at any price, and the original prices marked on the garments are almost cost prices to begin with.

## ON SALE TO-DAY

### WHEN EDITORS DISAGREE COURTS ARE KEPT BUSY

Libel Suit of Mills vs. Spector Now Under Way--\$250 Damages For Killing of Little Girl

HAMILTON, Jan. 12.—(Special.)—The warfare between M. M. Robinson, sporting editor of The Spectator, and F. C. Mills, formerly sporting editor of The Times, was aired at the assizes this afternoon, when the trial of Mills' suit against The Spectator for alleged libel, was begun. Mr. Mills complained of several articles, but took particular objection to one which stated that while acting as a referee of a boxing bout at Brantford, he had given a wrong decision, and in the comments it was stated that Mills unsuccessfully prosecuted Robinson for criminal libel. Mr. Mills' solicitor, John King, K.C., Toronto, denied that there was any such agreement. Mills was the only witness this afternoon, and he was on the stand for four hours. The cemetery board this evening

made arrangements to purchase ornamental gates for the cemetery. \$250 Damages. A jury at the assizes, after four hours' consideration, gave Albert Clowen \$250 damages against the street railway for the death of his little daughter, who was run over by a street car. At the annual meeting of the Westminster Church, this evening, the reports showed that there had been an increase of 44 in the membership, bringing the number on the roll up to 159. Regret was expressed at the departure of the pastor, Rev. J. Row Vanwyck. The total receipts amounted to \$1857, and the expenditure to \$1826. A committee was named to wait upon the presbytery to ask for a larger grant from the extension fund. Sues the Township. William Hill is suing the Township of Glanora for damages for the death of his son, who was killed by the upsetting of a wagon on one of the township roads. The Hamilton Law Association has elected S. F. Laxler, K.C., president; Wm. Bell, K.C., vice-president; Charles Lemon, treasurer; W. T. Evans, secretary. Sylvester Genouese, 188 Princess-st., was fined \$50 for selling liquor without a license. J. W. Phoenix, 111 Ottawa-street, fell from the roof of a building on Windor-street this afternoon and sustained a broken wrist. Dr. Gulick, New York, will speak here next Tuesday evening for the Playgrounds Association. Board of Control Busy. The board of control this morning agreed to ask council to rule that requisitions for supplies must be signed by a controller as well as by the chair-

men of committees. The board recommended that the property-owners be assessed for 60 instead of 40 per cent. for the cost of cement sidewalks. It was agreed to defer the appointment of secretaries. The hospital governors asked for \$20,000 for an addition to the nurses' home, and were asked to submit plans and an estimate of the cost. There are 61 nurses, with accommodation for only 24, the others being accommodated in rented houses. The temperance people will not ask council to reduce the number of liquor licenses this year. C. N. R. Route. The C. N. R. engineers are staking out a route, which crosses under the Toronto branch of the G. T. R. east of the Valley Inn. There are some indications of the big electric power and railway merger in the fact that the C. N. R. engineers are also staking out a route thru the city connecting with John Patterson's Hamilton, Waterloo & Guelph Railway. Algonquin Park. You will be surprised and delighted with a visit to Algonquin Park, one of the highest points in Ontario. The "Highland Inn" is a charming place to stay at, and physicians who know will recommend the place as an ideal health resort. For descriptive literature and further information, call at Grand Trunk City Ticket Office, northwest corner King and Yonge-streets; Phone Main 4209. Not With Standard Woolen Mills. It is denied that Arthur Axell, who attempted suicide on Tuesday by jumping over the York-street bridge, was an employe of the Standard Woolen Mills Co.

NEWFOUNDLAND FINANCES Surplus of \$250,000 is Expected—Exploiting Interior Lands. ST. JOHN'S, N.F., Jan. 12.—With revised figures, showing the colonial revenue for the half year ending December 31, to have increased \$150,000 over the same period last year, it is officially estimated that the close of the fiscal year, June 30, will show a surplus of \$250,000. The close of the colony's accounts last June showed a deficit of \$10,000 for the year. The great increase in revenue is due chiefly to the exploitation of the interior lands and the extensive pulp manufacturing recently begun. The plan for reserved seats for the National Chorus concerts opens to the public this morning. While the subscribers' list is larger than heretofore, there are still many good seats to choose from. The Hamilton Evening Times says of Mrs. Faskin McDonald, "Mrs. McDonald is by no means unknown as a vocalist, but it is doubtful whether on any previous occasion she excelled or closely approached the triumph of last evening's recital. The result of persistent study was evident in all she sang. Her voice has added brilliancy and quality, while her upper register is rich and clear as a bell." The soprano solo parts of Hiller's "Song of Victory," will be taken by Mrs. Faskin McDonald at the National Chorus concert, Jan. 18 and 19, at Massey Hall. Fleming Sees Premier. R. J. Fleming, manager of the street railway, had a conference with the premier yesterday, but neither would say what was the object of the visit.

### CHEESE MAKERS URGED TO STRIVE UNCEASINGLY

Western Ontario Dairymen in Session at St. Thomas—Improvement should be Constant.

ST. THOMAS, Jan. 12.—(Special.)—The Dairymen's Association of Western Ontario are holding their 43rd annual meeting with a greater attendance and interest than any yet. To-night the visitors were welcomed by Mayor Guest. The convention opened this morning in the auditorium of the Brotherhood of Locomotive Engineers' fine new building, while in one of the stores below were the cheese and butter exhibits. Nearly every factory west of Toronto is represented, with 300 entries. J. J. Parsons of Jarvis is president, and the secretary is Frank Horn of London. A comparison of the present dairy product with that of 10 or 15 years ago would show a wonderful improvement, said Mr. Parsons. The movement for a uniform and high grade of dairy products had its source in the instructions of a Canadian. It required bright, sharp, shrewd men to direct the industry successfully. There was still plenty of room for further progress. That exports had fallen off in the last few years was due to an increase in the demand for home consumption on account of population. Directors' Report. The directors' report showed total cheese exports for the last nine months of \$17,683,236, and of butter \$508,255. Western Ontario contributing one-quarter of the total output. A development has been some shipments of cream by Canadian factories to the United States since the new American tariff was put into force, estimated as equal to fifteen or twenty thousand packages of butter. New factories had been added, but the report added: "We wish, however, to strongly point out that, in our estimation, never in the history of the Canadian cheese industry have we more reason to put forth strenuous efforts to maintain and improve the quality of our cheese than in the immediate future, if we intend to maintain our superior position as the foremost cheese exporting country."

The afternoon was given up to a farmers' session, addresses being made by N. P. Hull, president of the American Dairy Farmers' Association of Diamond, Mich., who spoke on "The Value of Cow Testing Associations." What was hampering the dairy farmer, he said, was lack of good cows, lack of information and lack of incentive and inspiration. He condemned the selling of milk at a flat rate as a swindle. A Modern Business. C. F. Whitley, of the department of agriculture, Ottawa, gave an address on "What Dairy Records Show." Records, he said, were a mark of modern business. A new act passed at the last session of the Dominion parliament governing the sale of milk was described by Prof. Harcourt of the O.A.C., who also gave information as to the food values of grains, of which he placed alfalfa first for dairy farms. The auditorium was filled to capacity to-night. Besides the welcome by the mayor, addresses were made by Ex-Mayor Geddes and President Hay of the board of trade. N. E. Hull interested everyone in a talk on "Dairy-ing for Profit."

A Conference of ladies will be held in the Young Women's Christian Guild, McGill-street, Friday afternoon, 14th inst., at 3.30. Mrs. Radford, Montreal, founder of the Women's Canadian Employment Bureau, will explain its aims and work. President Falconer at Loyalists' Meeting. The regular monthly meeting of the United Empire Loyalists' Association of Ontario, will be held in the Canadian Institute, 188 College-street to-night. Dr. Falconer, president of the university, will deliver the address of the evening, on "The Loyalists of Nova Scotia and Some of their Distinguished Descendants."

Marine Engineer Suicides. O. H. Phillips of the "Strathcona" Shoots Himself. PORT COLBORNE, Jan. 12.—O. H. Phillips, 40 years of age, and chief engineer of the steamer Strathcona, shot himself in the temple this afternoon. Phillips had been at work on the engine of the steamer ever since the early part of December and for the past week had been working heavily. He seems to have no friends, was unmarried and a Welshman by birth, having been only two years in this country. For 12 years he sailed on ocean steamships. Railway Employe Used Poison. NEW LISKARD, Jan. 12.—(Special.)—Harvey Dawson, an engine driver of the transcontinental railroad, as an engineer, committed suicide last night at Camp 13, Poplar Rapids, by poison. His chum, Webster McCurdy, is in jail at this place charged with passing worthless cheques. Dawson was formerly from North Bay and McCurdy from Lynn, Ont., where his father, J. D. McCurdy, is well known. Dawson had just recovered from a spree.

Bank Manager Resigns. Cameron Bartlett of Bank of Hamilton at Winnipeg Retires. WINNIPEG, Jan. 12.—(Special.)—Cameron Bartlett, manager of the Winnipeg branch of the Bank of Hamilton, has resigned. His successor has not been named by the head office. Bartlett has been connected with the Bank of Hamilton for 37 years. It is understood he will remove to British Columbia. Alderman Sits Tight. His Majesty of One Confirmed by a Recount. BRANTFORD, Jan. 12.—(Special.)—In a recount of the aldermanic ballots in ward three, before Judge Tardy, Ald. Waddington's majority of one was confirmed over Jas. Burns. The judge allowed one ballot in Waddington's favor marked with two crosses. An outbreak of rabies is reported from Scotland Village, where Frank O'Leary was seriously bitten by a dog. The animal's head is being sent to Ottawa for analysis. Several dogs were taken into pound here to-day. Piles Cured in 6 to 14 Days. PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days, or money refunded. Perfume Thief Caught. Climbing the fire escape of the North-west Lyman Co.'s premises, at 37 West Richmond-street, Tuesday night, William Johnston, married, machinist, loading at 156 St. Patrick-street, is charged with having broken thru a wire glass window on the second floor of those premises and stealing \$10 in money and a quantity of perfume. He was arrested yesterday by Detective Armstrong and the perfume recovered. Pasteur Germ Proof Water Filters, a complete outfit for family use, \$10.00 at Aikenhead Hardware, Limited. Canada's Forest Problems. James Lawler, secretary of the Canadian Forestry Association, will de-

### Dropsy Given up by Doctor

"I had dropsy, and was told by my family physician that there was no chance for me. My family also gave me up. My limbs and body were swollen one-third larger than natural, water collected around my heart and I had to be propped up in bed to keep from smothering. I took Dr. Miles' Heart Remedy until I was entirely cured. This was in 1902, and I am now able to do any kind of work on my farm. My cure was certainly marvelous."

L. TURLEY CURD, Wilmore, Ky. Dr. Miles' Heart Remedy has been wonderfully successful in relieving heart trouble. Its tonic effect upon the heart nerves and muscles is a great factor in assisting nature to overcome heart weakness. Dr. Miles' Heart Remedy is sold by all druggists. First bottle does not benefit, your druggist will return your money. MILES MEDICAL CO., Elkhart, Ind.
