PACIFIC COBALT MINES, LIMITED 8% PREFERRED

Investors or speculators in Cobalt stocks will have to search pretty hard to find a more attractive stock among the non-producers and prospective mines now on the list.

The Union Pacific Cobalt is operating one claim alone on Peterson Lake that is worth undoubtedly four times the price the preferred shares are now selling for, and with the operation of the Michigan claim will be developing nearly fifty acres right in the midst of the demonstrated rich portion of the camp.

Immediate application will be made to list these shares on the Montreal and Toronto Mining Exchanges and New York Curb. A. J. ESTES, MONTREAL, AUGUST, 1910.
