

Ward 6

1908

Mr. and Mrs. Voter, Your Vote and Influence are
Respectfully Requested for

T. YATES EGAN

Manufacturer of Surgical
Trusses

Member of Toronto
Board of Trade

Member of Retail Merchants' Association

Office: 192 West King St.
Telephone Main 4469.

Residence: 65 Jameson Ave.
Telephone Park 949.

As One of YOUR ALDERMEN

GREETINGS

I wish you, one and all, the compliments of the season. May your best day in the old year be your worst day in the New Year. Let the incoming New Year be the dawn of a new era in our public and private life. Let the birth of the New Year be the birth of new ideas. Let us go to the polls on New Year's Day with one definite purpose—to serve our God and His children, the people. Fellow-men and women, let us be sincere. Let us be more honest than ever, not because it is the best policy, but because it is right. What we want in our public life is manhood, backed up by that most potent factor in life, beautiful womanhood, for the hand that rocks the cradle rules the nation.

My Final Appeal to the Intelligence of An Intelligent Electorate:

Electors, stir up all that is best in you, become enthusiastic! Awake to your individual responsibility, go to the polls feeling that you are voting for yourself and for your fellow electors, become public spirited—the same spirit by which the French people were animated by the days of the French Empire. Every one of you know that when the "little corporal" appeared before his people they became enthusiastic and shouted "Vive L'Empereur." Why? Because they had confidence in their cause and leader—Napoleon thought of things never dreamt of even by others—when he said he would cross the Alps he was laughed at and his advisors said it was insane and impossible. He did it—fought and won the battle of "Marengo" and became emperor. The secret of his success was that he was a fearless man of personality and action.

What Toronto Needs Is A Napoleon

I want Ward Six to be the Napoleonic ward of the City of Toronto. I want the electorate of Ward Six to set such an example to the City of Toronto that its influence will be widespread and far reaching in the civic affairs of our great city. Electors, think of yourselves and vote for the candidate who voices your sentiments: viz—EGAN.

To My Fellow Workingmen

There never was a time in the history of Toronto when it was so imperative for the workingman to have strong representation in the City Council of Toronto as now. □

We are informed by the City Press that our factories are daily laying off their employes. If this continues what will happen? Untold hardship. To counteract this, the workingmen must be represented in the City Council by men of personality and action, men who can grapple with any question in the interests of the workingman in case of crisis. The workingman does not want charity, he wants work—and it is for our City Council to see that he gets what he wants in case of lack of employment. On the other hand, there was never a time in the history of the workingmen when they had such a favorable opportunity to prove to our Manufacturers and their employers that the workingman is their best friend.

I call upon the workingmen of Ward 6 to stand by their employers this winter. You may have many and just grievances, but tide them over till the Spring. Do not be misled by Agitators who may be only seeking cheap notoriety at your expense. Many of your employers at the present time, owing to the stringency of the Money Market, are hard set enough without any further trouble to divert their minds from solving the problem of how to keep their factories running and their full staff employed. Stand by your employers this winter and help them by making them feel that you are their best friend.

You will find that at the proper time you will accomplish and procure your just dues. Being a strong protectionist, I further call upon you to purchase this winter as much of your personal requirements as possible from your own Canadian Manufacturers. Do this and help to stimulate home trade, by creating a large demand for the products of our Country and thus, perhaps, create a position for one of your now idle workingmen. Be sure you get the right brand, "Made in Canada," with the stamp of the Union Label.

The Workingman Must Have Work. Why?

Because Labor is no beggar; it asks no charity. It founds its claims on justice and equity. It will be content with no less; and that it is entitled to receive.

A Fearless Electorate Casting a Fearless Vote for a Fearless Candidate Will Win Rally to the Support of EGAN, the Standard Bearer of the Ward 6 Electorate

I am the man who intends to consult with my Electorate Periodically.
T. YATES EGAN

WE MUST CARRY THE POWER BY-LAW IN ORDER TO HAVE A BASIS FOR NEGOTIATION

Am I Right or Am I Wrong? It is For You to Say on January 1st.

I want the electorate of Ward 6 to protect their own interests in the coming Civic Election by casting their vote for such candidates who believe in the policy of favoring Toronto's Manufacturers, Industries and Merchants, when purchasing Civic Supplies and awarding civic contracts. This is a matter of Vital importance to the future welfare of the city. It means our own work for our own people; and keeping the people's money in local circulation.

Have you ever noticed when people resort to abuse, lies and vilification in their efforts to down an adversary, it is an infallible sign that they are all out of arguments? It also shows a lack of manly sense of fair play, for it takes a man to own up that he is in the wrong. Have you ever noticed a fine St. Bernard dog taking a walk and all the little cur dogs in the neighborhood yelping and snapping at his heels? The curs know they would get licked in a fair fight, and so they take it out in yelping and snapping.

Beware of false rumors—satisfy yourself first on any question you are in doubt of. Don't jump at hastily formed conclusions or be misled by Dame Rumor.

Finally: I would like to state that if the ideas I have advanced meet with your approval, I want you to express your approval by using your influence in the cause of the things I advocate. Get out amongst your friends and work in my behalf. I believe my election is assured; but this is not enough. I want to see that the ideas which you may believe in are represented at the head of the poll in Ward 6. I want volunteer electors to work for my election.

My Head downtown Committee Room is 192 West King Street, Telephone Main 4469. I want all my supporters to rally there on New Year's Night. My residence, 65 Jameson Ave., Telephone Park 949, will be used for the convenience of all electors who wish to work in my behalf. So now, if you are in sympathy with me, rally to my standard and do not stop working until the last trench is captured.
