At the Brunswick street Baptist church last evening Rev. J. H. MacDonald referred to the recent tragic death of Edward Morgans and came out very strongly against the divinity of permitting liquor to be sold here in defiance of the law. He pointed out that a short time ago when financial trouble threatened the city the mayor promptly called in the citizens to advise with him as to the best way out of the trouble. He should now call in the men who have the moral welfare of the city at heart and see if something could not be done towards having the law against liquor selling enforced.

ERNEST WILSON ARRESTED AGAIN

This Time He Has Several Charges of Theft Against Him.

Ernest Wilson, the sixteen-year-old lad who on August 15 figured in police circles for collecting money from Times subscribers, is again under arrest with several charges of theft against him, having been taken into custody this morning by Detective Patrick Killen.

The youthful prisoner has a record against him at police headquarters that is not likely to count in his favor when his case comes up for hearing before Judge Ritchie. On June 4, he was arrested for stealing from the till of W. C. Short's, Main street, having been caught in the act. On this occasion he was allowed out on suspended sentence. Again, on August 15, he was before Judge Ritchie for collecting money from Times subscribers, and once again allowed to go on suspended sentence.

It is reported today that young Wilson will have to answer a number of charges, more or less serious, among them, it is stated, entering St. Merritt Wetmore's house and stealing seven or eight dollars from a little boy's bank. On being searched several articles were found in his possession.

President Fallieres, Premier Clemenceau, Foreign Minister Pichon, the Infanta, aunt of King Alfonso, King George of Greece and the members of the Spanish embassy welcomed their Spanish majesty at the railroad station. The young prince was sleeping soundly in the arms of the Countess Llanos, his head governess, as he entered the train. The crowds of people lining the streets through which he passed gave him a cordial reception.

NEW YORK FINANCIERS FACE A WEEK WITH RELEASING CONFIDENCE

NEW YORK, Oct. 28—Fortified by the remedial plans adopted on Saturday for the protection of New York's supply of currency, financiers began the new business week in a hopeful frame of mind. They were especially encouraged by the precautionary measures taken in other cities, including the issuance of clearing house certificates at various other centres besides New York, believing that these measures will be effective throughout the nation in keeping supplies of cash within the control of the banks for use in carrying on the business of the country. The greatest danger throughout has been the tendency of small depositors to withdraw their funds from the banks and to place them in the safety deposit vaults where they were withdrawn absolutely from circulation in the channels of trade where they were so badly needed. The importation of gold is expected to assume large proportions and will aid greatly in providing funds for the banks.

Up to date the engagements for import amount to \$8,000,000 by the National City bank, \$2,000,000 by the Chase National bank, and \$1,500,000 by the Healdbach Lohmeyer and Co. Gold to the amount of \$5,000,000 is expected to be imported in the open market in London today and it is hoped that the United States will secure the larger part of this supply of the metal. American securities in London showed sharp advances at 1 p. m. today.

THE ENGLISH MARKETS

LONDON, Oct. 28—The confidence felt in the general soundness of the financial situation in the United States was further evidenced by the opening of the stock exchange this morning, when American Rails were pushed up 2 to 3 points over parity, a fair amount of business being transacted.

The certainty of a drain of gold from here to New York, however, affected consols and other gilt-edged securities. Discounts remained firm, and the fears of dear money prompted the selling of consols, which early in the day declined 5/16. In some quarters it was thought that the Bank of England's rate of discount might be raised today, but the absence of an advance at noon caused a recovery of 1/8.

Copper shares ruled strong on a sudden increase of over fifteen dollars per ton in the price of the metal.

WAITING FOR THEIR MONEY

NEW YORK, Oct. 28—Lines of depositors remained in front of the doors of the Lincoln Trust Company and the Trust Company of America, despite the heavy rain which fell throughout the night. The right line at the Lincoln Trust Company numbered eight persons and forty-five were waiting their turn at the Trust Company of America.

NEW YORK, Oct. 28—Three persons remained in line all night in front of the Riverside Bank, a small state institution at Eighth Avenue and 57th street. At 9 o'clock the line was broken by the numbered 36 persons. One of the important questions to be decided by the clearing house today, was whether to admit the New York stock exchange to membership in the clearing house and a share in the advantage to be derived from the privilege of collecting money from Times subscribers, and once again allowed to go on suspended sentence.

IN BERLIN

BERLIN, Oct. 28—The violent financial squall in the United States regarding the New York stock exchange, accompanied by over speculation, an indifferent harvest, and Prof. Roosevelt's campaign against corporate abuses. The lesson they all draw is that the financial situation in New York should lead to a re-organization of the American monetary system, the establishment of a government bank of remission and re-discount, such as exists in England, Germany and France, and a change in the methods of the New York stock exchange, by which sales and purchases shall be confined to securities.

ELEVEN KILLED; A SCORE HURT

SIR FREDERICK BORDEN TAKES ACTION FOR LIBEL

METHODIST MINISTERS

Much Business Done at Their Regular Weekly Meeting This Morning.

The Methodist preachers' meeting met this forenoon in Catechary church, Rev. S. Howard presided. The reports of the work in the various churches on Sunday during last week were received. A resolution expressing deep sympathy with the family of Rev. Dr. Dobson was passed. The resolution reads as follows: "We, the members of the St. John Methodist Preachers' Meeting, would hereby express our deep sense of individual sorrow occasioned by the death of our beloved brother, the Rev. William Dobson, D. D., and our sense of the great loss which the Methodist church in Canada suffers thereby. Dr. Dobson was endowed with unusual intellectual powers which studios application developed through all the years of his ministry. He was an independent and courageous thinker, and gave frank and fearless expression to his thoughts; but he believed with an ever deepening conviction that the Gospel is the wisdom of God unto salvation, and that Jesus Christ is the true Lord of the soul. The emphasis which he put upon the supremacy of Jesus Christ and the abiding authority of His Word was the distinguishing note of his ministry, which, in the mystery of providence, it ended when it was richest and deepest and its power for good was greatest. He was a man of high ideals and transparent sincerity. While all his brethren respected and admired him, those who knew him most intimately loved him most. "We tender to Mrs. Dobson and her children, our sincere sympathy in her bereavement and invoke for them the support of the Holy Spirit of God."

Rev. J. W. Graham, M. A., who was in the city over Sunday, in the interests of the educational society of the city, was present and made an address. He gave a very clear outline of the policy which the educational society hoped to carry out. He said that the educational society by co-operating with the home department of missions could guarantee to a probationer the sum of \$200.00 for 20 weeks of work in a mission in the summer time. In the case of art students the requirement could be met in 17 or 18 weeks. An informal discussion of the subject ensued and the following resolution was adopted by the meeting:

"The preachers' meeting having heard with very much pleasure the address of Rev. J. W. Graham express our hearty sympathy with the work and will assist him to carry forward the plan of the educational society."

Rev. James Crisp gave notice that at the next regular meeting he would move the following:

"That we keep up the Sunday exchange in their regular order as at present, but less frequently, exchanging on the second and fourth Sundays in the month instead of three Sundays in the month, as at the present time."

The report of the committee on regular visitation to the General Public Hospital was received and will be appointed, each minister taking his turn in the order of churches. Rev. H. D. Marr, minister of Queen Square church, is hospital visitor for the present week.

OTTAWA, Ont., Oct. 28 (Special)—Sir Frederick Borden has instituted proceedings for libel against the well-known British magazine, the "Nineteenth Century."
