DIFFER AS TO ODOR OF LIQUOR

Some Witnesses Say Yes,
Some No, at Blagdon
Inquest.

That there was a smell of liquor around the car in which Mr. and Mrs. Charles Bangs and son were killed on Labor Day evening was the testimony given by two of the witnesses at the inquest last night, while two other witnesses swore they did not notice it. Robert Crawford, constable, said he had made an investigation into the accident and then a further investigation at the request of Mr. McDonald. He found the railing rotten and the road bad and general conditions dangerous. He had talked with Mr. McLean and smelled liquor. Mr. McLean talked sensibly and the witness had not seen any liquor neither had he looked for any.

Ralph Alexander said he smelled liquor on Mr. McLean. He said Mr. McLean had walked up the hill without any help. The odor might have been on his clothes or on the cushions of the car.

Dr. Lewin said that if a man were drunk and fell off the bridge he doubted if he would be able to walk up the bank without assistance. George Kierstead said he had not smelled any liquor on Mr. McLean and he was not prepared to say what his condition was.

Stanley Livingstone said he had not smelled any liquor on Mr. McLean, who appeared sober. It was a bad turn at this place and he could understand a car following their own lights over the edge of the bridge.

Mr. McLean was recalled and said positively that he had not had a drink that day and he never took a drink when driving the car.

**COUNTY TAXES
VERY WELL PAID**

The total amount of money received at the office of the county treasurer on the 1923 assessment, including September 11, was over \$10,000 more than up to the same date last year and amounted to about 94 per cent. of the whole assessment on the four parishes. The percentage of the 1923 assessment was not accurately figured out as included in the total were some amounts for arrears. The returns from Lancaster No. 2, Lorneville, have not yet been filed and this will increase the total paid by quite an amount.

The total assessment was \$465,147.97; of this amount \$367,291.76 was paid by the four parishes on the four parishes of Lancaster, Simonds, St. Martins and Musquash. Of this latter amount \$29,182 had been received by the county treasurer to date, which is \$10,618 more than had been turned in at the same date last year.

PRESENTATION TO MISS HADSON

A "bon voyage" party was held in the vestry of the Victoria Street Baptist Church last evening in honor of the Misses Ethel and Nellie Hudson, who will, in a short time, be leaving the city for Canada, N. S. The Misses Hudson were pleasantly spent in games and music and a good time was had by all. A pleasing feature was when Rev. H. H. Thrus, on behalf of the assembly, presented to the young ladies a purse of money, amounting to a good sum. They replied in a very pleasing manner, thanking their friends for their thought and for the token of appreciation. They spoke of the many good times they had enjoyed during the four years of their stay here. Refreshments were served and the happy party broke up wishing the young ladies the richest of blessings for their future lives.

It is their intention to secure for themselves the degree of Bachelor of Arts at Acadia University. They have the best wishes of a large circle of friends as they enter upon their studies and also the best wishes for a useful and happy life. The Misses Hudson will be greatly missed at the church as they have been energetic workers in most every branch of the work. A commendable feature of their service was the willingness they have displayed at all times in doing whatever they were asked.

REMEMBER WHEN—

Large quantity of property stolen during great St. John Fire on June 26, 1877, was recovered and stored in Court House, where it was being claimed for a few months afterwards by rightful owners.

Over 12,000 persons who suffered in the St. John Fire received aid at the Barrack Square branch during the week of July 9, 1877.

On the night of June 10, 1877, Captain Richard J. Roberts of St. John, in command of the schooner Little Annie, while delirious from yellow fever, fell from the vessel into the sea and was drowned off the coast of Porto Rico.
