

BORDEN FORCED AT LAST TO YIELD

Admiralty Memorandum Submitted
in Absence of Laurier, Pugsley
and Graham

Ottawa, March 10.—Another week of continuous sitting and naval talk has been begun. For an hour before three o'clock the Conservatives were in caucus today and it was decided to hold off discussion as long as possible. The Hochelaga election case was to have been discussed this afternoon, but Hon. Mr. Coderre was not present, but was said to be in Montreal fixing up his case. Premier Borden promised that the secretary of state would be on hand tomorrow when the charge of Mr. Gauthier could be made.

On another request being made by Sir Wilfrid Laurier for the letter of Winston Churchill in regard to the matter of providing a navy or making a contribution to England, Premier Borden admitted that it was not confidential, and said he would produce it. He did so, taking advantage of the absence of Sir Wilfrid, Hon. Mr. Pugsley and Hon. Mr. Graham.

The letter was produced at midnight. In it Mr. Churchill pointed out that to establish a shipbuilding plant in Canada, capable of handling the construction of dreadnoughts, would require an outlay of about \$4,000,000, which is the amount estimated by Hon. William Pugsley from his negotiations with British shipbuilders while he was in power.

Mr. Churchill assumed that in order to construct vessels of the heaviest type Canada would have to establish plants for the construction of big guns, would have to establish armor plate and plants for the production of electrical apparatus to the construction of the largest man-of-war. He did not consider the construction of cruiser and submarine-type craft, or that guns, armor and other essentials could be bought in England readily and assembled in Canada. He stated in his letter that the admiralty would not under the present pressure for men, be able to man ships of Canada from Britain.

The memorandum was sprung as a surprise at midnight by Premier Borden. Though the opposition was not notified of what was to come, and Sir Wilfrid, Dr. Pugsley and Mr. Graham were not in the house, Frank Carroll rose to the occasion and punched the performance full of holes. He said that the first role of the admiralty had been poorly advised of the capacity of Canada to deal with high affairs, even so large an affair as the construction of a dreadnought. The memorandum, he added, showed how easy it would be to build battleships in Canada. It was true that Canada had no gun factories, but it was always contemplated that the guns and the gun mountings would be purchased in England and installed here. It was true that we had no armor plate factories, but armor plate could be bought in England, if the Canadian steel companies could not be fitted up to produce it. As Canada had the steel, the nickel and the men, he thought that Canada could produce the armor plate.

In any event they would like to have an opinion from Canadian steel companies before the project was turned down. No one wanted the admiralty to man their fleet units for Canada. What the Liberals contended all along was that Canadians themselves should provide the men.

The reading of the communications created some excitement and pleased both sides. The Conservatives held that it shows the inefficiency of Canadians to deal with battleship construction. The Liberals held that the letters are absurd and the reason Premier Borden withheld them for six weeks was because he saw the answer was so obvious. The indications are that the fight will go on.

The Source of Many Ills

So many of the pains and aches we suffer, and so much of the serious disease, is directly traceable to the condition of the bowels and sluggish action of the liver and kidneys that most people realize the danger of neglecting these conditions.

The question is what treatment to use, and this letter from Mr. Luttrell leaves no doubt on this score. He has personally proven the effectiveness of Dr. Chase's Kidney-Liver Pills in cleansing the system and invigorating these filtering and excretory organs.

Mr. Alex Luttrell, 142 Bridge street, London, Ont., writes:—"I have used Dr. Chase's Kidney-Liver Pills for many years, and have always found them satisfactory as a cure for constipation and derangement of the liver and kidneys. They keep their work in a quiet way every time, no griping—no sickness, but most beneficial results. We have also used Dr. Chase's Dintment in our family for a long time, and so long as we can get these medicines I shall not use others."

INQUEST IN MONCTON
The inquest into the death of driver Joe D. McKay was commenced yesterday afternoon in Moncton and adjourned until Thursday evening. The witnesses were: Claude Bovard, station master; F. T. Wilbur, fireman of the hunter; F. T. Fillmore, switchman; John H. Burns, driver; Noble Wilbur, brakeman; Dr. Price, Frank Gibson, driver of the hunter, and Ross McPherson, McKay's fireman, whose evidence was taken in the hospital.

Proposals are under consideration for making subways in Trafalgar Square, London.

WHEN YOU ASK FOR HERPICIDE FOR YOUR HAIR, DON'T BE TALKED OUT OF IT

If you knew it, you would not willingly accept counterfeit money. Instead, you would probably raise a disturbance and seek some means of redress.

Why then accept a preparation said to be "just as good as Newbro's Herpicide"? You know it is a counterfeit, an imitation of the real thing. You want the original dandruff germ destroyer, Herpicide, and you can get it, too, if you insist. Redress is always possible in such an instance. The most effective method is to trade where you get what you ask for and no suggestions offered.

With the death of the dandruff germ the hair stops falling and is permitted to

Big Initiation of Shriners in Dallas
in Preparation for Imperial Council Meeting

Dallas, Texas, March 11.—Dallas is getting in readiness to entertain the Shriners of North America next May when the thirty-ninth annual imperial council will convene in this city. Shrine week will begin Monday, May 12, and last until Thursday, May 15, when special trains will leave Dallas for a complimentary tour of Texas for imperial officers, representatives and their ladies. For those who do not take the trip an executive committee is planning several features of entertainment that will make the last day of Shrine week long to be remembered in the annals of the order.

Hells Temple, with an enrollment now of 2,500, is expecting to reach the 3,000 mark in point of members by the time of the annual meeting. In April a ceremonial is to be held at which time a class of 500 candidates is expected to cross the hot sands and become full fledged Shriners, so as to be eligible to participate in the festivities of Shrine Week.

Potestates J. C. Phelps of Hells Temple, and a member of the executive committee, with other members of his division, are working hard to make the big success, so that Hells Temple will be ready to entertain the nobles from other states. Applications received to date indicate that his efforts will meet with success. He says:

"Hells Temple nobles are going to entertain visitors in a way that will make their shrine and city famous the country over. We are all well up with our work of preparations and two weeks before the annual meeting we will be in readiness. Preliminary programs will be mailed to all sections of the country immediately, as well as a few facts about Dallas and the southwest well worth knowing."

Child Had Bronchitis

Once people get acquainted with the wonderful control which Dr. Chase's Syrup of Linseed and Turpentine exerts over bronchitis, whooping cough, croup and colds it is not easy to persuade them that anything else is "just as good." This is why the imitations never get very far.

In 1902 Mrs. Eugene Her, King street, Truro, N. S., wrote as follows:—

"From an infant one of my children was troubled with bronchitis, and the least cold would aggravate the trouble. We could not get anything to help him, and were often greatly alarmed. Hearing of Dr. Chase's Syrup of Linseed and Turpentine I used it, and am glad to state that it effected a complete cure. If any of the children take a cold or cough I give this medicine, and have never known it fail to bring relief."

Mrs. Her now writes that she has since proven this medicine to be a cure for whooping cough, and would not be without it in the house.

FREDERICTON COUNCIL OUSTED

Fredericton, N. B., March 10.—The civic election held here today resulted in overwhelming defeat of the old city council, but one member of the eight offering for reelection being elected. Ald. W. E. Farrell, in whose ward was the sole survivor of the old council, being elected in a three-cornered fight.

The new city council is composed of the following:
Mayor—W. S. Hooper, re-elected by acclamation.
Aldermen:
Wellington ward—Moses Mitchell, Howard Rogers.
St. Anna ward—John J. Weddall, Fred. H. Everett.

Carlton ward—Enoch G. Hobbs, Robert Scott.
Queens ward—W. J. Osborne, W. E. Farrell.
Kings ward—W. G. Clark, Walter W. Boyce.

Of the aldermen elected today, Messrs. Mitchell, Weddall, Osborne, Farrell, Boyce, and Clark have served before at the council.

The vote in the plebiscite on the method of selecting the police commission was so small as to be valueless in giving an idea of what public opinion is. Advocates of an independent police commission refused to vote on the question at all.

I. C. R. Provident Fund

Votes for two representatives from I. C. R. employees on the provident fund board were tabulated yesterday, the result being that W. P. Hutchinson, train dispatcher, Moncton, and Blane Bonjean, chief clerk, Moncton, were elected. The vote stood: W. P. Hutchinson, 1,081; B. A. Bourgeois, 1,295; Jas. W. Nairn, locomotive engineer, Truro, 1,109; Fred. H. Moore, locomotive tester, Moncton, 1,129; Elsie White, yardmaster, Amherst, 1,101; Robert E. Linden, driver, Moncton, 701. Those tabulating the score were William Crockett, Wm. Kingston (St. John), W. T. Sands, Thos. Hennessy, H. F. Hamilton, S. C. Charters.

THE LEGISLATURE

St. John Head Tax and The
Market Bye-Laws Got Into Discussion

Fredericton, March 10.—The house met at 3 o'clock.

Mr. Melanson presented a petition of the town council of Shediac in favor of a bill relating to the town of Shediac.

Hon. Mr. McLeod presided. A petition of certain ratepayers of the city of Fredericton, to amend acts relating to the police commission of the city of Fredericton, 1903.

Hon. Mr. Fleming introduced a bill respecting New Brunswick Shales, Ltd., and Hon. Mr. Grimmer introduced bills to amend the act consolidating and amending acts incorporating the town of St. Stephen and to amend the New Brunswick Medical Act, 1903.

The house went into committee with Mr. Humphrey in the chair, and agreed to a bill to authorize the city of Fredericton to aid the Palmer McEllan Shoe rack Co., Ltd., with amendments.

The house went into committee with Mr. Young in the chair and agreed to a bill to consolidate and amend acts relating to the addition of an act passed in 1906 respecting the taking of provincial elections, and acts with amendments.

Mr. Baxter in speaking of the bill for a change in the act relating to the city of St. John to secure the sanction of the governor-in-council before a by-law become enforceable in that city inasmuch as no other place in New Brunswick was required to do this, and he did not think St. John should be given an advantage.

Mr. Woods said he was opposed to a change because the by-laws sometimes put the city at a disadvantage. He was very unpopular, and he instanced the head tax and the market regulations. Mr. Sloop argued against stop strongly concerning the rules regarding the sale of farm produce in the country market. Premier Fleming said that there was another objection and that was that sufficient publicity was not given to a by-law before it became operative.

Mr. Baxter hinted that New Brunswick might be made exempt under the head tax. The bill was agreed to in committee. The committee then considered a bill to amend the act relating to the town of Dalhousie, giving said town power to issue additional debentures.

The bill was agreed to with amendments. Committee agreed to a bill to amend the act to authorize the rector and church wardens of any church to sell any part of their real estate in St. John city, and to a bill to amend the act incorporating the town of Woodstock with amendments.

The bill relating to the town of Newcastle and amendment of rates and taxes therein was then considered. The bill relating to St. John and the harbor of St. John in a vote too low for Mr. Pugsley to hear it and to say "hear, hear."

Hon. Mr. Morley said that the people of St. John—all these things are the very best of the common sense of the people. TRIBUTE TO HON. MR.
PUGSLEY BY OTTAWA
CONSERVATIVE PAPER

(Ottawa Journal, Ind.-Con.)

School children whose early efforts to learn the English language involve them in difficulties could get to know the meaning of such words as "equity," "urbanity," "calmness," "placidity" and "impartiality," by meeting or observing the Hon. William Pugsley.

Just at present, Mr. Pugsley is very much to the fore in the House of Commons. Standing unflinched in the midst of combat, he is nevertheless right in the fight over this naval question. He is one of the most active spirits on the Liberal side.

Despair of Judges.
Let the most learned judge in the land look as grave as he possibly can, and then tell him that he has lost all his money and his home has burned down, and he would still be miles behind Mr. Pugsley in the intensity of his gravity.

Mr. Pugsley sits in the mellow glow of twilight and you would get but a faint idea of the severity of Mr. Pugsley. Put the king on his throne and surround him with all the officers of state and he would get but a short of attaining to the dignity of Mr. Pugsley.
