LITTLE ATTENTION GIVEN CHAMPIONS AT TORONTO OLYMPIC BOXING TOURNEY

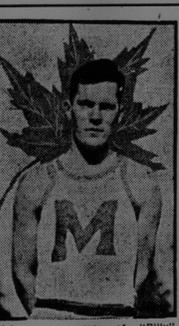

Unknowns Mow Titleholders Down—Kennedy Loses Out in Final to Graham, of Toronto—Details of How Wright, Cavanaugh, Donovan and the "Fighting Cop" Were Beaten.

Utter and callous disregard for the rights of champions caused such a commotion at the Toronto boxing tourney during the last week end to decide Canada's team for the Olympics that only one champion weathered the hurricane of blows directed from all quarters of Canada and as a result the boys who will represent the Dominion at Paris are practically an unknown quantity. Here they are: 125 pounds—J. McGregor, Hamilton, 112 pounds—J. Johnston, Toronto, 126 pounds—Agnew Burlie, Toronto, 135 pounds—Cliff Graham, Toronto, 147 pounds—Douglas Lewis, Toronto, 160 pounds—Les Black, Toronto, 175 pounds—Charles Belanger, Winnipeg. Notice they all hail from Toronto, save two who come from the Ambitious City and Winnipeg. Our old friends George Barber, James Cruickshank, the "Fighting Cop," Raymond "Nixey" Kennedy all went down in the main event. The Halifax crack was knocked out by Graham in the first round of the 185-pound final.

At the end of the three rounds, the decision was in doubt. Both boys displayed great cleverness for the entire duration of the three round mill, exchanged blows frequently and placed them well. The judges finally awarded the bout to Rivers.

In the 105 pound class, "Nixey" Kennedy faced Louis Detner, of Montreal, and after three rounds of fast and wicked mixing the judges gave the bout to Kennedy. Kennedy had the edge throughout the fight but just before the gong ended the third round, Detner hit Kennedy apparently hard and referee Marsh raised Kennedy's hand immediately. The judges had already marked "Nixey" for the winner so that the decision by a foul was not necessary. Saturday evening, however, Kennedy's fortunes were reversed and he was knocked out in the first round of the 135 pound final by Cliff Graham of the Classic Athletic Club, Toronto. Kennedy lost when Graham caught him on the jaw with a wicked right jab.

"Dave" Johnson

Johnson, conqueror of "Bully" Maynes last year by inches at Wall-fax, met his first defeat this year on Saturday last when he ran four yards behind Eric Lidvall, Edinburgh, in the 460 event. Time, 49 and 3-5th seconds.

VETERANS TAKE TWO FROM SAINTS

Locals Defeat St. Stephen in Double-header, 4 to 2, and 3 to 1.

Timely hitting in the lucky seventh enabled the War Vets to grab off both ends of a double-header Saturday on the East End grounds from St. Stephen. The first game was a 4 to 2 and 3 to 1. Fallon, formerly of Fredericton, hurled for the Border team in the afternoon game, being opposed by Towle. "Lefty" Carruthers performed for the locals in the evening contest, with Johnny Malcolm against him.

SUBURBAN TENNIS LEAGUE IS OPENED

Hampton Victor Over Fair Vale—Other Matches Stopped by Rain.

Opening games in the Suburban Tennis League were played on Saturday, but on account of rain interfering, only one of the series was completed. In the C. P. R. section the Grand Bay players were at Westfield, and the home team was in the lead when play had to be stopped. In the C. N. R. section, Hampton took all but one event from Fair Vale on the Hampton courts, and the games between Drury Cove and Renforth on the latter's courts were stopped by rain with Renforth leading with four of the seven matches played.

DEFEAT TROJANS IN A DUAL MEET

Y. M. C. A. Scores 50 and 1/2 Points to the Trojans' 38 and 1/2.

In the track meet held on the Y. M. C. A. grounds on Saturday the Y. M. C. A. defeated the Trojans' track team by a total score of 50 1/2-38 1/2 points. All events were well contested but the 220-yard dash was the surprise of the meet when Frank Campbell, one of the Maritime athletes who attended the recent training camp, managed to capture third place only. Y. M. C. A. men officiated at the meet.

100 yards—1, Campbell; 2, Rice; 3, Donohoe. Time 11.5 sec. 220 yards—1, Rice; 2, Bailey; 3, Campbell. Time 24.2-5 sec. 440 yards—1, Monteith; 2, Bailey; 3, Rice. Time 55.2-5 sec. 880 yards—1, Thomas; 2, Stonehouse; 3, Bailey. Time 2 min. 17.2-5 sec. One mile—1, Thomas; 2, Fanjoy; 3, Smith. Time 5 min. 32.2-5 sec. Three mile—1, Spragg; 2, Stewart. Time 17.57. (Only two entries finished.)

GOLDEN JUBILEE OF I. O. FORESTERS

Newark, N. J., June 23—Starting with one society organized by a handful of men in 1868 until today there are 184 societies in the United States and Canada with 120,000 lodges, 10,000,000 members and insurance benefits of \$10,000,000,000, according to W. H. Hunter, Supreme Chief Ranger of the Independent Order of Foresters in an address broadcast by radio in connection with the order's golden jubilee celebration here.

AID NEEDED FOR OLYMPIC FUNDS

A. W. Covey Sets \$1,000 as Amount to Put Maritimes Over the Top.

Now that four Maritime Province athletes are speeding over the bounding deep to the Olympic games—the second time in history for eastern provinces ever represented at the biggest of all meets—in all justice and fairness it might be well to draw attention to the good work of A. W. Covey, president of the M. P. B. in this regard. A man can't read his tombstone when he's alive, and Mr. Covey's worst detractors will admit he has been something better than a howling success when it comes to raising four of our boys, "Bully" Maynes, "Phil" MacDonald, Victor McAulay, and "Zack" Miller.

GERMAIN STREET DEFEATS TRINITY

Germain Street Baptist Church Tennis Club won from Trinity Church Tennis Club in the first of the interclub tournaments in the city this season.

The Clippers and Portlands stage a City League game on the North End grounds. Much depends on the outcome of this contest. Hannah for the Portlands and McDonald or Griffin for the East St. John boys look like the opposing twisters.

Games Tonight

The tightening up of the race in the South End League adds considerable interest to the game scheduled this evening between the Trojans and the Royals. The former need the win to keep close to the Gunners, while the latter are keen to maintain their winning streak. Diggs will twirl for the colored boys, with Kerr opposing.

"Once A Pro"

There will be general endorsement of views so ably expressed recently by W. E. Findlay, president of the Amateur Athletic Union of Canada, and J. Howard Crocker, physical director for the Canadian Y. M. C. A. and former St. Stephen man, on the subject of altering the amateur code to conform with the spirit of the times. Mr. Findlay is quoted as making the startling statement that "while as president and governor, I am forced to carry out the laws, I tell you frankly in my heart I do not always believe these laws are right." When the head of the amateur union makes this admission, it is evident there is something radically wrong with the present system and that means to adopt such conditions should be adopted. Continuing, Mr. Findlay, a lifelong advocate of clean amateurism, describes as "tyrannical and absurd" the slogan "once a pro."

through an indiscretion in earlier years—not good enough for fast professional ranks and barred forever from competing with amateurs. In the great majority of cases, it is a comparatively young man whose athletic career is ruined before he is hardly out of the novice stage and under present rules, he is doomed to stand on the sidelines for the rest of his life. The role of spectator. Pretty severe punishment, it is admitted, to inflict on athletic-loving young Canadians who afford in our thinly-populated country to maintain such a ruling?

This question undoubtedly will come before the annual meeting of the Canadian union this year and if we must not, there will be some surprising decisions. The West has more or less opposed this slogan and the impetus given the movement by such prominent leaders as Mr. Findlay and Mr. Crocker should hasten the time when the matter will be debated in council by athletic leaders throughout Canada. Care should be taken, however, in making the worded wire off the top fence, as Mr. Crocker phrases it. Undoubtedly, there will be quite a scramble to get into the line-up for reinstatement and the commissions appointed to investigate into individual cases should be as busy as the Industrial Revolution of schoolboy fame. That is, provided a review of cases is ordered.

We discussed this question briefly with Captain Cornelius, head coach for Canada's Olympic team and one who has had considerable experience with youngsters, while he was putting Maritime Olympic aspirants through their paces at Rothesay recently. He admitted it was a harsh ruling and that something should be done to lessen the force of the punishment inflicted. Coach Cornelius is a great believer in athletics as a deterrent to crime. "Look around you," he says, "and you will find most of the crime in the world being committed nowadays by mere youths. Would it not be a paying proposition, he argues, to give new tone to the amateur ideal of 'sports for all,' particularly boys and girls in the adolescent stage."

Save Your Fundy More Than Any

There's nothing like making a good thing last longer. Just because you get more pep, power and smooth running out of Fundy Gas, don't be satisfied at that, even if it does perform better than other gasoline. Keep the mixture leaner on Fundy than other gas. Each drop of Fundy vaporizes with about twice the air of others. That's because it's purer. So cut down the carburetor until she spits back when cold. A further evidence of correct adjustment is absence of leanness after the engine has worked up to normal temperature. Add thus to economy of oil dilution and carbon deposit, the economy of gas consumption that comes with stronger, cleaner power in Fundy Gas above all. Fill 'er up with FUNDY—money saving gas.
