VAR.—The Chan-
celor has submitted an

estimate of the cost of the Zulu war. The
Chancellor, backed by the authority of the
War Office, still adheres to his estimate
that the cost of the war will be covered by
half a million a month down to the end of
July. From that time they consider the
expenditure should rapidly diminish, and
from July to the end of the war a further
sum of £421,000 is given as the estimate.
Besides these, the navy incurred half a
million of outlay as the cost of transport,
and the sum of £500,000 had been put
down for contingencies. The total cost of
the war is four and a half millions, of which
one and a half millions were voted in April
last; the remaining three millions he
proposes to raise by Exchequer bonds. His
surplus last year was put at £1,800,000,
and the balance he expects to receive as a
contribution from the South African colonies.

A writer in the Westminster Review for July,
advocates Imperial Federation, on the ground
that it would strengthen the Empire and save
the redundant wealth and population of the
Mother Country. From 1815 to 1876, the total
number of emigrants who left the United King-
dom was 8,424,942. The destinations were as
follows:—
United States.....5,467,075
British North America.....1,549,010
Australia.....1,165,628
Other places.....248,229
Thus, while England sent 5,467,075 emigrants
to develop and enrich a foreign power, she
secured only 2,957,867 for her own colonies, as
suming that the "other places" are British
possessions. Taking the money value at \$1,000
apiece, England in that period of sixty-two years
presented to the United States with the sum of
\$1,125,000,000, or an annual gift of
\$19,000,000.

A MAN OF A THOUSAND
When death was hourly expected, all remedies
having failed, and Dr. James was experimenting
with the many herbs of Calcutta, he accidentally
made a preparation which cured his only child of
consumption. His child is now in this
country, and enjoying the best of health. He has
proved to the world that Consumption can
be positively and permanently cured. The Doc-
tor now gives this Receipt free, with full particu-
lars, showing that every one can be his own
physician and prosper his own medicine, only
asking that each remit two green stamps to pay
expenses. This herb also cures night-sweats,
nausea at the stomach, and will break a fresh
cold up in twenty-four hours.
Address: "CRADDOCK & CO.,
1632 Race St., Phila., naming this paper."

In the whole history of Medicine,
no preparation has ever performed such mar-
vellous cures or maintained so wide a reputa-
tion, as AYER'S CHERRY PECTORAL, which
is recognized as the world's remedy for all
diseases of the throat and lungs. Its long-con-
tinued series of wonderful cures in all climates
has made it universally known as a safe and
reliable agent to employ. Against ordinary
colds, which are the forerunners of more
serious disorders, it acts speedily and surely,
always relieving suffering, and often saving life.
The protection it affords, by timely use in the
throat and lungs disorders of children, makes
it an invaluable remedy to be kept always on
hand in every home. No person can afford to
be without it, and those that have once used
it never will. From their knowledge of its
composition and effects, Physicians use the
CHERRY PECTORAL extensively in their
practice, and Clergymen recommend it. It is
absolutely certain in its remedial effects, and
will always cure where cures are possible.

THE GREAT CAUSE OF HUMAN
MISERY.
We have recently published a new edition
of Dr. CULVERWELL'S CELEBRATED ESSAY
of the radical and permanent cure (without
medicine) of Nervous Debility, Mental and Physical
Incapacity, Impediments to Marriage, etc.
resulting from excesses.
Price, in a sealed envelope, only 6 cents,
or two postage stamps.
The celebrated author in this admirable Essay
clearly demonstrates, from thirty years successful
practice, that alarming consequences may be rad-
ically cured, without the dangerous use of inter-
nal medicine, or the application of the knife;
pointing out a mode of cure at once simple, cer-
tain and effectual, by means of which every suf-
ferer, no matter what his condition may be, may
cure himself cheaply, privately and radically.
This Lecture should be in the hands of
every youth and man in the land.
