of the Disease.

This is a remely so universally known to surpass any other for the cure of threat and lung complaints, that it is weless here to publish the evidence of its virtues. Its morrishled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities or even families, among them who have not some personal experience of its effects—some livings tropky in their midst of dis victory over the smaller and dangerous disectors of this remedy, we need not do more than to assure them that it has now all the virtues that it did have whos making the cures which have won so strongly upon the confidence of mankind.
