All The Labor News of All Canada To You For Only 2 Cents a Week

THE Livest Labor Paper in Canada wants to be posted to you—to keep you posted—every week. Here's your paper—a real, snappy, official Labor weekly—owned, edited and printed by Organized Labor. Special Correspondents and Artists see and tell the activities of Canadian Labor from coast to coast—for you to read after supper when your mind is free from care and your pipe is drawing fine. Lots of good pictures, lots of pep, lots of common sense, lots of practical suggestions, lots of good humor—all for the betterment of those who toil. That's the kind of a paper you've been looking for; and here it is!

EVERY member of your family—from Annie who goes to the movies, to Granddad, who wants to know what Tom Moore thinks of the One Big Union—will find something of great interest in this paper. What does Paddy Draper say about the League of Nations?—What are the Sydney miners doing? You'll find the answer in the Canadian Labor Press. Your son, Jimmie, home from overseas, will read the Veterans' column, conducted by a Veteran who won the Military Cross. The younger members of your family will enjoy the pictures and stories of the Canadian movies—the Working man's amusement—as set down by Binney, Canada's famous movie man.

Every one of a dozen weekly features is worth the price of a whole year's subscription—52 weeks for only one dollar—merely the price of a postage stamp every week. Subscribe today and get all these big features.
