Bertha Krupp, who is 20 years old, is one of the richest heiresses in the world. On the death of her father, Friederich Alfred Krupp, in 1902, she inherited a fortune estimated at from \$125,000,000 to \$150,000,000. In Germany such wealth means far more than a like amount in America, for it is four times as gerat as that of the next capitalist of the empire. Moreover, as sole owner of the great Essen steel works, she has absolute control of a town of 200,000 inhabitants, and the fortunes of nearly 50,000 employees.

Guvtave Von Bohlen Und Haldbach was born August 7th, 1870, and was a gentleman-in-waiting at the court of Baden. The next three years he held a similar position at Pekin, and since then has been secretary to the Prussian legation at the Vatican.
