

Among the Dominies

British Columbia Teachers in Convention—Some Interesting Papers.

Little Ones Delighted at a Convention of Scholastic Instructors.

(From Wednesday's Daily.)

The British Columbia Teachers' Institute was in session yesterday afternoon when the Times went to press. The principal feature of the afternoon's proceedings was a splendid spelling lesson by Principal Tait, and the discussion which followed. "Psychology" was the subject of Mr. Moore's paper and Miss Williams closed the proceedings with a paper on "Discipline." During the afternoon Mr. F. Finch-Smiles deliv-

ing the audience with a selection from the Merchant of Venice, which was rendered in his usual excellent style.

The reception at the government house in the evening was most enjoyable, all present being made thoroughly "at home."

To-Day's Proceedings.

Resuming this morning the first order of business was a practical lesson in Anatomy by Mr. L. J. O'Brien. This lesson proved of the very greatest interest. The lecturer took for his subject the location and anatomy of the heart. Taking the prepared heart of the ox, Mr. O'Brien briefly, clearly, and in a very spirited manner, pointed out the structure of the heart, the arteries, the veins, and the valves. This was supplemented by a good board diagram. Many interesting facts were brought out. Those present learned that while 1/100 of a woman's heart, in man the proportion is one part in every 140. The exact location of the heart was given: its upper border is at a line with the upper border of the second rib, while part of the left ventricle extends low enough to rest on the diaphragm. The lesson was listened to with very marked attention, and was of thorough interest and value.

Miss Frank varied the morning's proceedings with instrumental solos.

Mr. R. J. Clarke read a paper on "Our Standards." Touching upon the elaborate courses of study prevailing here and now, Mr. Clarke compared these standards with those of Germany to-day and of the England of last century. The concluding words of his paper were: "For all these hills of our minds and manners, the remedy I propose is the study of literature as the most important of our subjects. If all our children during their school careers can be made familiar with the thought and the style of our great masters of prose and verse, the reign of false art and wild freedom will soon be over, and mental freedom will come down from the heights and mingle in deed with the human race."

This paper elicited more discussion than any other yet read before the institute. Those speaking to the paper were: Messrs. Moore, Norcross, Campbell, Shaw, Stramberg, Buchanan and Miss Cameron.

The last paper of the session was given by Inspector Nieherby, his subject being "The School Room." The general impression left by the paper was that the school room should be a pleasant place and the teacher a wise and kind leader.

The meeting then adjourned. It should be mentioned that a very pleasing feature of yesterday's session was a song by Mr. Barton, which was listened to with very marked attention and most thoroughly enjoyed.

Today's afternoon session began with a bright innovation. Miss Murton's class from the North Ward school was present and sang three kinder garden songs. They were little people of the age of 6 to 8, and they sang with a hearty brightness which was refreshing. A bag of candy and a car-trick which each carried off in his or her little hat made the children think that a convention of teachers is not such a very dreadful function after all.

To-night the Victoria teachers socially entertain the visiting teachers.

(From Thursday's Daily.)

At yesterday afternoon's session of the British Columbia Teachers' Institute, the annual convention of which is being held in South Park school, Mr. W. J. Cunningham opened the proceedings with a well thought out paper on the teaching of classes. Mr. Cunningham advocated that rules and definitions be not elaborated until the need of a name for something already conceived be experienced.

Miss Gaudin, of the Victoria West school, lent a pleasing variation to the proceedings by singing "The Better Land," and received a well deserved encore. Miss Edmondson then read an admirable paper on "Ideals," which prompted some discussion in which Messrs. Campbell, Norcross, Maudson, Brehannan, Pullen and Ellenwood took part. Instrumental music by the Misses Christie followed, and Principal Paul read a very able paper on the teaching of history.

In the evening the Victoria teachers constituted themselves the hosts of their visiting conferees, and a most enjoyable time was spent. Songs were rendered by Mr. B. Powell, Miss M. Gaudin, Miss Goward, Mr. Brownlee, Miss Carter and Mrs. D. R. Harris; piano duet, Miss Gill and Mrs. Gilbert; piano solo, Mr. G. J. Burnett; vocal duet, Miss M. Wilson and Miss Sharp; selection by a string quartette—mandolins, Miss M. Frank and Miss M. Mason; guitars, Miss C. Cameron and Miss P. Frank.

During the evening an address and a purse of money were presented to the superintendent of Education, Dr. S. D. Pope. The address read as follows: To Stephen D. Pope, Esq., B.A., LL.D. Sir: We, the undersigned teachers of the public schools of the province of British Columbia, wish to take advan-

age of this opportunity to express to you the deep regret with which we learned of your retirement from the office that you have held for the last 15 years with so much honor to yourself and advantage to the schools of the province.

During your tenure of the office of superintendent of education the number of schools has increased six-fold, thus entailing on you year to year more work and responsibility, while at the same time, owing to your experience in educational affairs and your unequalled administrative ability, the standard of efficiency has been greatly raised.

While hearing testimony to the seal, wisdom and impartiality with which you have administered the schools of the province, we beg to tender you our grateful thanks for the unvarying kindness and courtesy you have displayed towards us individually, and which will never be forgotten by us. You have indeed been a "friend of the teacher."

In bidding you farewell, we beg of you to accept the accompanying token of our respect and regard, and we pray that Mrs. Pope, yourself and family may all assure you of our best wishes for the future.

EDWARD S. PAUL, M.A. AGNES DEANS CAMERON. GREGORY H. TOM. LEWIS J. O'BRIEN, B.A. W. C. GOATHAM. GEORGE W. MCRAE. Committee.

Victoria, B.C., April 4, 1899.

In reply Dr. Pope said: "I feel indebted to the property express my feelings on the present occasion. I can only say that you one and all have my heartfelt thanks for the more than kind sentiments expressed in this handsome address, and I am sure you will be able to do so as a household treasure, and doubtless will be read by our children with pride and pleasure when we have passed away. In the years to come, be they many, the names signed and appended to this address will recall many pleasant recollections, not only of our official relations, but of friendships formed. Permit me on behalf of the lecturers to express their sincere thanks for your kind wishes for their future welfare. I fully appreciate the motives that prompted the expression of goodwill in presenting me with this paper. I fear that I do not deserve this kindness, but permit me to say that it will not only be a "handy thing to have in the pocket," but will prove of very material assistance at this time, especially so as we are contemplating taking one or more months' rest before taking up again the active duties of life."

To-Day's Proceedings.

This morning's meeting was opened with prayers by Mr. Moore, after which the secretary read a paper on "That Tired Feeling," written by Physical Instructor St. Clair. The paper was well received, and on motion the secretary was instructed to convey the thanks of the institute to Mr. St. Clair for his thoughtful essay.

Inspector Wilson then answered questions received through the medium of the secretary. Dr. Pope read a paper on some valuable information for the benefit of the members.

A report was then called for from the committee on legislation and was presented by Mr. J. J. O'Brien, in which he discussed the question of the amendment of clause 1 to 5, were adopted as follows: 1. Resolved that the council of public instruction be recommended to make a regulation providing that children in rural schools do not attend schools outside their own district, except by agreement of both boards of trustees interested.

2. That an advisory board, consisting of 10 members, be appointed, 5 by the government and 5 by the Provincial Teachers' Institute, whose duties shall be to make such recommendations to the council of public instruction as may be deemed advisable.

3. That the council of public instruction be asked to revise the list of authorized text books, particularly the series of readers, with a view to introducing the study of literature.

4. That the council of public instruction be asked to hold the city central entrance examinations during the last week of the school year.

5. That the council of public instruction be asked to hold the supplementary examinations only at the beginning of the session.

Meeting adjourned. This afternoon's proceedings were enlivened by the presence of a number of happy little ones from North Ward school who sang some songs in excellent style.

This evening's meeting in South Park school is open to the public, and it is hoped that a large attendance will be recorded. His Honor the Lieutenant-Governor will preside and the meeting will be addressed by His Worship Mayor Redfern, U. S. Consul Smith and His Lordship Bishop Perrin.

Magnificent Results at Small Cost.

Diamond Dyes Guarantee Success.

Diamond Dyes are without exception the grandest home agents for money saving. Many a woman with one of two ten-cent packages of these dyes has dyed her old dress a beautiful and fashionable color, so as to save the expense of a new one. Old clothing can be made over for the little ones, and by dyeing it with Diamond Dyes no one would recognize that the dresses and suits were not new. Diamond Dyes are a guarantee of perfect work and satisfaction when the simple directions are followed.

In the afternoon Diamond Dyes were sold by the dozen, and inferior and adulterated dyes are sold by some dealers. I was reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the Worcester Enterprise recently, which leads me to write this. I can truthfully say I never used any remedy equal to it for colic and diarrhoea. I have never had to use more than one or two doses to cure the worst case of cholera or cholera among children—W. A. Stroud, Poponoke City, Mo. For sale by Henderson Bros., wholesale agents, Victoria and Vancouver.

Do not despair of curing your sick headache when you can so easily obtain Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is a prompt and permanent cure. Their action is mild and natural.

Must Use Diligence

Mr. Justice Walkem Gives an Important Judgment Regarding Mining Suits.

Delay in Prosecuting Proceedings Must Not Be Allowed to Occur.

In Dunlop v. Hanev Mr. Justice Walkem this morning handed down the following judgment bearing on the manner in which mining suits should be conducted. This is an "adversary" action, under the Mineral Act. The plaintiff took out his writ on the 5th of August, 1897. On the 2nd of August, 1898, he applied successfully to have it renewed, and the renewal was issued as of that date. The application for renewal was a usual, and ex parte, affidavit. The defendant now moves on notice that the order for renewal, and all subsequent proceedings taken by the plaintiff be set aside on the following, among other grounds, namely: that as soon as the writ was made on behalf of the plaintiff to serve the original writ, and that he was therefore not entitled to have the writ renewed; and that he was guilty of laches in not serving it, and in not taking steps to prosecute the action required by sec. 37 of the Mineral Act.

I allowed the renewal as a renewal is seldom refused—any opposition to it being a matter for consideration by the defendant who served with the writ. There is no evidence which satisfactorily explains the delay in serving the original writ. The only explanation offered is that which appears in the affidavit of the plaintiff's solicitor, Mr. Elliott, and that explanation is that he thought that as Dunlop had not complied with the terms of a certain order made in June, 1896, in which he was ordered to pay the plaintiff an amount of \$100,000, he was therefore not entitled to have the writ renewed; and that he was guilty of laches in not serving it, and in not taking steps to prosecute the action required by sec. 37 of the Mineral Act.

I allowed the renewal as a renewal is seldom refused—any opposition to it being a matter for consideration by the defendant who served with the writ. There is no evidence which satisfactorily explains the delay in serving the original writ. The only explanation offered is that which appears in the affidavit of the plaintiff's solicitor, Mr. Elliott, and that explanation is that he thought that as Dunlop had not complied with the terms of a certain order made in June, 1896, in which he was ordered to pay the plaintiff an amount of \$100,000, he was therefore not entitled to have the writ renewed; and that he was guilty of laches in not serving it, and in not taking steps to prosecute the action required by sec. 37 of the Mineral Act.

Some affidavits have been filed explaining the delay which occurred in the service of the renewal writ; but they have, obviously, nothing to do with the question before me. It appears to me that I have no alternative but to allow the plaintiff's motion, unless I do otherwise, I should be over-riding the above provision of the Legislature, which is evidently one of public policy, as its aim is to secure, as far as possible, a speedy adjustment of mining disputes, and to promote the development of the mineral interests of the country. It assuredly would be a most mischievous thing to hold that a plaintiff might, in the face of this provision, take out a writ, put it in his pocket, keep it there for nearly twelve months, and then, as in this case, make a sort of spasmodic effort to serve it at the last moment.

This afternoon's proceedings were enlivened by the presence of a number of happy little ones from North Ward school who sang some songs in excellent style. This evening's meeting in South Park school is open to the public, and it is hoped that a large attendance will be recorded. His Honor the Lieutenant-Governor will preside and the meeting will be addressed by His Worship Mayor Redfern, U. S. Consul Smith and His Lordship Bishop Perrin.

Roofs for the Barns

"A good barn is not a good barn unless it has a good roof."

Pedlar's Steel Shingles and Siding

Are water, fire, lightning and storm proof, being constructed by modern machinery from the best stock obtainable, are superior to any similar goods on the market.

Sold by all dealers. Do not accept any others that are "just as good," but get the genuine, old reliable "The Pedlar Patent."

Made only by Pedlar Metal Roofing Co. OSHAWA, CANADA.

LOCAL NEWS

Gleanings of City and Provincial News in a Condensed Form.

(From Tuesday's Daily.)

—Mr. James Phair of Goldstream is developing the mine he owns at Goldstream, a contract for sinking a shaft being let yesterday. Few Victorians are aware of the possibilities of this property, it is too near to the city to attract a great amount of attention.

—Among recent visitors to the city was a Filipino who spent Sunday here and went over to Vancouver yesterday intending to return here in a week. The visitor is direct from Iloilo. He is accompanied by his wife, who is a half-breed, but who speaks good English. He is travelling for a jewellery firm.

—There is a rumour going around the society circles of Vancouver that a wedding is to take place very shortly between a wealthy young Englishman who is on his return from England, and a pretty brunette of Johnson street, Victoria. This event is looked forward to by quite a number of society people, the date having been decided upon twice and arrangements each time being broken off.

—Among the guests at the Dominion hotel to-day are P. H. Gallagher and Dan Gallagher, who came down last night on the Dalrymple. The latter has large mining interests in the Klondike. But on the side interests seem to have prevailed with him, for he made the long journey to Vancouver for the purpose of meeting his bride, Mrs. Gallagher, whose maiden name was Miss Ellen O'Connell, of San Francisco, went up on the last trip of the Cottage boat, and they were united in matrimony by Father Turrell at Skagway a little over a week ago. This spring Mr. and Mrs. Gallagher will return to Dawson.

—This forenoon W. B. Ferguson, lately selected as city engineer, wrote to the mayor declining the appointment. This clears the way for another appointment, and to-night provision will in all probability be made to fill the vacancy. Questioned to-day in regard to the matter, several of the aldermen expressed the opinion that the city engineer should be a warm weather and the imperative necessity of putting the water works and sewerage system in a proper condition, the selection of an engineer should not be delayed any longer than is necessary. The opinion among those spoken to seemed to be that the shortest and best way would be to appoint one of the unsuccessful candidates, or the acting city engineer, to read a paper, and to-night provision will in all probability be made to fill the vacancy. Questioned to-day in regard to the matter, several of the aldermen expressed the opinion that the city engineer should be a warm weather and the imperative necessity of putting the water works and sewerage system in a proper condition, the selection of an engineer should not be delayed any longer than is necessary. The opinion among those spoken to seemed to be that the shortest and best way would be to appoint one of the unsuccessful candidates, or the acting city engineer, to read a paper, and to-night provision will in all probability be made to fill the vacancy.

—At Sooke yesterday Sergt. Langley arrested David Burnett, he having in his possession a pair of shafts which had been stolen from an Indian last May. He was charged this morning before Police Magistrate Hall with being in possession of stolen property and was remanded until to-morrow at 10:15 a.m.

—The hearing of the charge brought against David Adams, for infraction of the street by-law, was concluded to-day, the court suspending judgment for a week. Mr. Adams brought Mr. Belyea to court to appear for him, but he and his counsel disagreed before the court opened, and Mr. Adams was left to conduct his own case.

—The docket for the Spring Assizes, which open on Tuesday next, includes the now celebrated Somy murder case, of which a new trial was ordered by the Full Court, a change of venue from Nanaimo to Victoria, having also been granted on the application of counsel for the defence, Mr. H. D. Helmecken, Q.C. W. H. Pennock, charged with stealing a diamond ring from S. A. Stoddart, Regina vs. Nann, perjury, and Regina vs. A. G. Chisholm, on appeal, with judgment in a Chinese gambling den, and the other cases on the docket.

—Mayor A. G. Neelands, Nelson; S. S. Fowler, consulting engineer for the London & British Columbia Goldfields; J. J. Campbell, acting manager of the Hall Mines, and Captain Duncan, managing director of the Duncan Mining Company, form a deputation from Nelson to wait upon the provincial government urging the desirability of repealing the eight hour day legislation passed during the last session. They passed during the last session. They had an interview with Hon. Mr. Hume, Minister of Mines, this morning, and laid before him the case of the mine owners whose interests, they stated, would be injured if the legislation be enforced. Mr. Hume assured the deputation that the representations set forth would receive the careful consideration of the government.

Japan has 120 coal mines.

—The effect of the alien law, as Mr. J. C. Voss, of the Victoria hotel, said this afternoon, seems to be to force American prospectors to associate themselves with Canadians in order to secure permits, who intend going out to the Yukon, that in British Columbia a 50lb. salmon is by no means a curiosity. In the eighteenth report of the board of trade, which is sending you a photograph of a 70lb. salmon landed with hook and line in Campbell river, British Columbia, by Sir Richard Musgrave, Bart. This fish was preserved and sent to the government museum at Victoria, British Columbia. Indeed, must be an angler's paradise.

—News was received to-day of the death in New Westminster of Miss Estas, a Victorian. Her brother is the owner of the Klondike express.

—Constable Campbell, of the provincial police, yesterday arrested Thomy, beatswain of the Levebank, at Esquimalt, where he was raising a disturbance on Sunday. He was fined this morning \$2.50 and \$5.85 costs.

—James Rees, of Jas. Rees & Son, the boat builders and iron manufacturing firm of Pittsburgh, Penn., is in the city, and with a large party of mechanics is at the Dominion. His firm has a contract for building a large steel framed steamer at Bennett. The boat will be 125 feet in length, 24.8 feet wide and will have a 100-horse power. The party got up to-morrow with the iron for the new craft.

—In the speedy trials court yesterday afternoon, Judge Walkem delivered sentence in the case against James G. Young for criminal assault. Young was sentenced to fifteen months imprisonment with hard labor, but as result of an urgent appeal by Mr. Langley, the term was reduced to twelve months with hard labor. His lordship spoke

Provincial Gazette

Alex. Robertson, B. A., of Vancouver Becomes Superintendent of Education.

The official gazette, issued to-day, will contain the announcement that Alex. Robertson, B.A., head master of the Vancouver High School, has been appointed superintendent of education to succeed Dr. Pope, resigned.

A List of Incorporated Companies—Other Official Announcements.

The official gazette, issued to-day, will contain the announcement that Alex. Robertson, B.A., head master of the Vancouver High School, has been appointed superintendent of education to succeed Dr. Pope, resigned.

Municipal courts of revision will be held at Langley on May 6th, at 11 a.m., and at Chilliwack on the same date at 10 a.m.

Courts of revision are announced for East Lillooet, at Clinton on May 1st, at 10 a.m.; for Comox, at Cumberland on May 1st at 1 p.m.; and for Vancouver at Vancouver on May 1st at 10 a.m.

The election expenses of Hon. Mr. Fred Hume in the bye-election in the Nelson riding of West Kootenay are printed and are \$567.36.

The Lieut.-Governor proclaims April 1st as the date upon which section two of the Act to Amend the Water Clauses Consolidation Act, 1897, comes into force.

A special general meeting of the shareholders of the Golden Bar Mine, Ltd., will be held at 8 p.m. on May 5th, at the Colonial Hotel, New Westminster, for the purpose of considering the disposal of the company's assets and other business.

Application is made by J. R. Robertson, Geo. F. Beer, Robt. R. Hedley, Geo. Kydd, and George V. Holt, of Nelson, British Columbia, for the incorporation of an association to be known as "Nelson Library Association."

R. E. Loring, Indian agent at Victoria, will apply on behalf of the Kespook band of Indians, to the commissioner of the district, which includes Upper Skeena valley, for permission to record 272 acres of water to work a sawmill, water to be taken from Fitz Creek.

The following companies are incorporated: Garrison Fitzsimons Amalgamation Company, Limited, of Vancouver, capital \$10,000; the Crown Gold-Copper Mining Company, Limited, non-personal liability, of Rossland, capital \$1,000,000; Banner Gold-Copper Mining Company, Limited, non-personal liability, of Greenwood, capital \$100,000.

The following extra-provincial companies have been registered in this province: "The Slinned Mining Company" of Spokane, provincial office at Greenwood, capital \$50,000, D. C. Cameron, attorney; "Woodbury Mines, Limited," of Spokane, provincial office at Rossland, capital \$25,000, J. Rossland, attorney; and Samson W. Hall, attorney.

A proclamation is printed from Government House Ottawa, stating that application having been made to the Department of the Interior by the Ashcroft Water-Electric and Improvement Company, of British Columbia, for an area of 1,577.80 acres, more or less, and permission to extend the area, if desirable, to 4,000 acres, the land is offered at the rate of \$1 an acre, not to exceed 4,000 acres. The whole of the land will be reserved for the company for a period of five years.

The following companies will show the fees to be charged for free miners' certificates covering only a portion of the year: Certificates issued between 1st June and 18th June, \$1.75; Certificates issued between 19th June and 8th July, \$4.75; Certificates issued between 9th July and 24th July, \$4.50; Certificates issued between 25th July and 13th August, \$4.25; Certificates issued between 14th Aug. and 30th Aug., \$4.

Certificates issued between 31st Aug. and 15th Sept., \$3.75; Certificates issued between 16th Sept. and 7th Oct., \$3.50; Certificates issued between 8th Oct. and 29th Oct., \$3.25; Certificates issued between 30th Oct. and 14th Nov., \$3; Certificates issued between 15th Nov. and 2nd Dec., \$2.75; Certificates issued between 3rd Dec. and 20th Dec., \$2.50; Certificates issued between 21st Dec. and 7th Jan., \$2.25; Certificates issued between 8th Jan. and 25th Jan., \$2; Certificates issued between 26th Jan. and 12th Feb., \$1.75; Certificates issued between 13th Feb. and 2nd March, \$1.50; Certificates issued between 3rd March and 20th March, \$1.25; Certificates issued between 21st March and 7th April, \$1; Certificates issued between 8th April and 25th April, 75 cents; Certificates issued between 26th April and 13th May, 50 cents; Certificates issued between 14th May and 31st May, 25 cents.

His Honor the Lieut.-Governor has been pleased to make the following appointments: Enoch Shakespeare, of Nanaimo, to be J. P. for Nanaimo county; Robert Hamilton Mayne, of Ainsworth, to be a notary public for Kootenay county; Robert R. Maitland, of Vancouver, to be notary public for the mainland; Alex. Robertson, B.A., of Vancouver, to be superintendent of education for the province.

His Honor the Lieut.-Governor, under the provisions of sections 4 and 6 of the Small Debts Act Amendment Act, 1897, has been pleased to authorize the under-mentioned stipendiary magistrates and justices of the peace to hold Small Debts Courts for the territories opposite their respective names: Henry N. Courtenay, Revelstoke, for Revelstoke and within a 15-mile radius; John Hibbert and Enoch Shakespeare, of Nanaimo, for Nanaimo and within a radius of 15 miles therefrom.
