At any rate no authoritative statement is made by the opposition that different regulations from those now in force will be adopted should Mr Blair's government be overturned And, in that respect, the dissatisfied persons at the North Shore have really nothing more to hope for from, say, Mr. Rourke than from Mr. McLellan. Still there are many here who, would gladly see matters, satisfied persons at the North Shore producers."

We have no doubt that "the North Shore producers" would be the political interests of Dr. Lewis morning in Principal Borden's apartments in the Ladies' college. His mother and sister had been with him for some time, and his brother, a physiciau in Boston, arrived a few days ago and remained to the end. His fellow students were untiring in their attention, and some of them have watched by him every night of his illness.
