COVER AT COQUIC—Mr. Philip Gogan is reported to have discovered a copper mine on his property in Plover Settlement, near Coquic. The land is about five feet in depth.

PAPER—Mr. Stockton Barber, son of Hon. J. C. Barber, of Dalhousie, passed a very creditable preliminary examination before the Barriesters' Society at Fredericton recently.

SMALL-POX—Philonese Hachey, Dalhousie, the second person attacked by small-pox there, died last Sunday night. There have been four cases of the disease at Dalhousie thus far—all from one house.

SCANDALOUS—Male and female brawlers were yelling, swearing and making night hideous generally on the lower side of Upper Water Street, near the foot of the Foundry Lane, about eleven p. m. Saturday.

ALL SAINTS' DAY—Sunday next will be the festival of All Saints. The usual services will be held in St. Mary's, St. Paul's churches, with a celebration of the Holy Communion in the former at 8 o'clock and in the latter at 11 a. m.

OBITUARY—The many friends of Mrs. Hogan, widow of the late Overseer John Hogan of Newcastle, will regret to learn that she died yesterday at the residence of her brother-in-law, Mr. James Hickey, Chatham, after quite a long illness.

The funeral will leave Chatham at 2 p. m. to-morrow for Newcastle via north side of the river.

THE PRINCE OF HOTEL CLERKS—A commercial gentleman just from St. John, N. B., remarking on the politeness and attention received at the hands of the hotel clerk, was of opinion that Mr. Henry Doherty, of the Royal Hotel, St. John, was, without exception, the prince in this line, and at the Hotel's office, which is always efficient and all times ready to give information.—Quebec Chronicle.

THE SHEPHERD MILLS COMPANY—Letters patent have been granted inventing Philip W. McNally, Eugene Robichaud, Adolphe A. U. C. Trudel, Donat Chabouss, and others of Shipuagan, for the purpose of the manufacture of lumber of all kinds and sizes, with each other which may be necessary therefor or incident thereto. The company have a total capital of ten thousand dollars, divided into one thousand shares of ten dollars each.

BOYS' TURNOUT—The net weight of a barrel of turpentine at G. W. Slipp's store on Saturday was found to be 214 lbs. The turpentine was raised by C. L. Raymond, to whom we refer any who desire to know anything more about them.—Woodstock Sentinel.

NEW SHINGLE MILL—Mr. Gibson, at Margville, is getting out the lumber for a new shingle mill that is to be located on the west side of the river, just above the old dam and in the vicinity of the blacksmith shop. It is to be one hundred feet long and sixty wide, with an engine of one hundred and sixty horse power. They will be open for twelve shingle machines, but eight will be all that will be set up at present. This will require the labor of fifty hands and as there is no work for boys in a mill of this kind, the hands will be men, and accommodation for them will have to be found, so that several houses will have to be erected. There is no limit to the quantity of cedar on the stream and the supply along the railway is almost inexhaustible.—Clearer.

EXCITE KIDN AGAIN—There is quite an excitement at Horton, Sunbury County. The Excite and Jacob's men were digging there a few days since and found eight feet from the surface, the models of two sloops of war, made of lead, one a three and the other a four gun vessel. They are about three inches in length and the model is one-quarter of an inch in depth. The single mast in one vessel shows no sign of cloth, while in the four gun vessel the mast is decorated with a single yard. Both vessels have high bows and sterns. The only marks on them that could be distinguished are the figures 1740. Some are sure there is money buried near the spot by the French, who carried the treasure of Captain Kidd with the find and say the models are just like the vessels he sailed.

Bain.

The following offices have been closed: Kent Junction, County of Kent, N. B.; Lawrence, County of Queens, N. B., from 1st June, 1891. The name of Sheehy at Shedd's Bridge, Westwoodland Co., has been changed to Shedd's River.

WARRICK AT RICHMOND—As the Norwegian barque Codan, Capt. Kvernstad, was proceeding from Richmond to the load ground outside of the Bar on Wednesday last, she got out of the channel and grounded on the Bar. A survey was called upon her and she was condemned. Meanwhile, Mr. H. A. Maribad, acting for the Underwriters' agent in New York, proceeded in the tug Mascot, to where the vessel lay, and seemed to be a prospect of getting her out on Friday night an easy gale came on and, next morning, the Codan was high and dry at low water on the beach, partly broken up and a total loss. She had a part cargo of deals on board, shipped by Mr. Geo. K. McLeod and was to have gone to Cardiff. The cargo was partially insured. The wreck will be sold by public auction to-morrow, Friday.

A RASCAL of the tramp species, professing to be a sailor waiting on the ship of E. C. McColly, police magistrate, ostensibly to inspect some goods, Mr. McColly having an excellent line of cloths, watches, etc. The fellow laid his disheveled hat near that of the proprietor and then he left the shop, the rascal discovered that his late customer had exchanged hats with him. After wearing the newly acquired hat for a short time the tramp went to Mr. Macdonald's Medical Hall and inquired for some insect powder. The man's manner made Mr. Macdonald suspicious of him and he observed that the

end of a new razor-strap probed from his coat front. On Mr. Macdonald asking him what it was he had stowed away in the breast of his coat he said, "nothing!" Then Mr. Macdonald pulled the razor strap from his hiding place and the tramp declared it was his, but said Mr. McLeod have it if he proved ownership. Mr. McLeod then took the strap from him and he left the shop. Soon after Mr. McColly caused his arrest.

BATHURST NOTES. BATHURST, Oct. 26, 1891. A violent rain and snow storm visited Bathurst and vicinity on Friday last. On the north and south sides of Nepisiguit and Tatagouche rivers, snow fell to a depth of about four inches, and in some places the drifts had to be shoveled to make pass ways for wagons. In town and along the Bay shore the storm consisted of snow and rain, so that travel by wheels is not wholly impeded. Yesterday was cold, a nor'wester feeding everything.

Sufferers by the late fire are beginning to get over the panic. Messrs. McKenna Bros., tailors, have removed their residence on Water street, and their tailoring business will be carried on in T. M. Burns' building on the same street. The Merchants' Bank of Halifax is, for the present, at least, in the Johnson building.

Mr. M. Power has already begun repairs on his hotel, which was so badly damaged, and he hopes, in a month or two, to be able to attend to his many patrons. Meantime, his residence is on King street.

Mr. Simard, grocer, etc., has resigned in the Miller store at the end of the bridge, Jas. and R. R. Hickson, jewellers, etc., can be found upstairs in the St. Lawrence Lumber Co.'s building.

K. F. Burns, Esq., will move into the fine residence of A. J. Stewart.

Some others who suffered quite heavily have not yet decided as to location, and it will take some time before all are "settled down to business." Meantime, all are full of energy.

The firewards and other authorities have been convinced that some measures must be taken to provide against such configurations, and it is time. While the convincing sight of the ruins is before the eyes of all concerned, and before public interest begins to flag, or time blots out the memory, is the time for some decisive action. There is not the slightest doubt that had a steam or even a good hand engine been available the fire would have been confined to the store of H. Meahan & Co., where it was fired. I say "fired" because it is the opinion of all that the fire was the work of some kind of human agency, and we really do not doubt but that it was.

Besides those who were burnt out, St. Lawrence Lumber Company, W. J. Kent & Co., and W. R. Johnson lost heavily, their stock and plate glass windows being badly damaged.

The Bathurst people beg to thank the authorities of Newcastle for their generous action in having their fire engine in readiness to forward on the occasion of the fire.

Work on the new mill of the St. Lawrence Lumber Company began actively to-day, under the superintendence of Mr. Malcolm Curry, millwright, of Houlton, Maine. As stated in last week's ADVANCE, the mill is expected, will be ready to cut in the spring.

A neglected case of cold in the head may cost you your life. Why then the risk? Nebel's Balm offers you a speedy relief and certain cure. Sold by all dealers. Try it.

Mr. B. N. Call, son of R. L. Call, Esq., of this town, at present book keeper at the office of the Utah and Montana Machine Company in East Grand St., Bitter County, Montana, the "Battle Daily Mirror" informs us, had a close call from total annihilation a few mornings since, and has not yet recovered from the shock. On entering the office at the time stated he discovered what he at first supposed to be a candle lying on the rear portion of the hot stove. Thinking that it might melt it left there, he cautiously lifted it and then found it was a stick of giant powder which had been placed there to blow up by the office by the request of some workmen who were engaged in excavating at the rear of the house. The boy now refuses to speak taking his meals.—Advocate.

"Squibs" Again. Mr. W. C. Anslow of the Advocate, in editorial correspondence from Bathurst, refers to a certain class of property owners there and compares their real estate to that of the gentleman who was never present in his own mind, saying:—

"The subject has been frequently brought forward by the principal property owners, but as a man owning a shabby old house in value to that upon which Mr. D. G. Smith has valued at \$300, or \$350, or \$400, or \$500, or \$600, or \$700, or \$800, or \$900, or \$1,000, or \$1,100, or \$1,200, or \$1,300, or \$1,400, or \$1,500, or \$1,600, or \$1,700, or
