THOUSANDS SHOT THE FALLS AT

Those who saw the Nickel's show yesterday afternoon and last night will long remember the thrilling ride on a raft of logs through one of Europe's raging torrents, the famous rapids at Candore, Italy, which holds the record as the most exciting motion picture ever shown in the big theatre, with possibly the exception of Pathe's "Runaway Horse" of two years ago. It is an industrial-scenic film, for 'hich the Nickel is renowned, and the wild dash of the raft with its intrepid lumbermen created a furore of the liveliest interest. The motion picture photographer was right aboard the runaway raft as it plunged over falls and into boilling rapids, whilst the scenery en route was magnificent. This wonderful film will be shown today for the last time. Don't miss it. There was one of Biograph's popular social lays as well in "On The Reef," a tale of a mis-mated match. Comedy was supplied in "The Cop's Revolver," and today the special new educational features will be "The Hife of An Ant," and "Agricultural Pursuits In British Columbia." Miss LeRoy, is singing "Lock Lomond," and Master Packer is rendering a new number today as well. On Monday Mr. Edward Carson joins the Nickel's vocal staff. He is a fine baritone.

HOUSE NAMES IN HOLLAND.

A recent traveller in that land of dikes and windmills has been at pains to make notes of the names bestowed by the Dutch merchants upon their country houses. Here are a few examples translated. "Our Contentment," "Joy and Peace," "Leisure and Happiness," "My Desire is Satisfied," "Friends and Quiet," "My Wife and I," "Not So Bad." To say the least, any one of these would seem to indicate more of the genuine sentiment of the householder than can possibly be expressed by the "Belle Vues" and "Cedars" of England.—London Mail. dars" of England.—London Mail.

J. M. Heisler, who has been one of the St. John-Quebec staff of the C. P. R. passenger department for some years past, had to tear himself away from his friends here last evening on account of sudden news of his transfer to the Halifax office. Mr. Heisler will succeed D. S. Boviart, who has been transferred from Halifax to Quebec to take the ticket agency of the chateau Frontenac.

The fire department was called out between two and three o'clock yesterday afternoon in response to an alarm sent in from box 15. A gasoline boat owned by John A. Lipsett had caught fire, but was nearly extinguished with a garden hose before the fire apparatus arrived. The chemical engine, however, completed the trick. A man was working on the boat and it caught fire from a lantern which he was using. The man in endeavoring to extinguish the blaze had his houstache, eyebrows and hair burned, and his face scorched a little. Dr. Wm.Warwick examined him and found that he was not seriously injured. The boat was quite badly damaged by the fire.

A former patron of a Mill street barber shop received treatment in it yesterday morning which he will resent by legal action against the owner. He was ejected from the shop yesterday morning simply because he had transferred his regular patronage to a shop acress the street which had been opened by a barber formerly employed in the other establishment. He found the door of his usual shaving place locked when he arrived, and walked over and entered the other. No sconer had he got inside than the proprietor walked over to him, informed him that he could not stay in the shop, opened the door, and ordered him out. He now proposes to see how far the rights of the proprietor go, as the insult was tendered him in front of a number of pecple of his acquaintance.
