FORT FRANCES MAN SHOT FOR WILDCAT.

Joseph Beaudro While Pumping Handcar Mistaken for Game.

FORT FRANCES, Ont., Nov. 19 .distressing shooting accident occurred here last evening about five o'clock which will probably result in the eath of Jos. Beaudro, a section man on the C N R. Four of the voung men of the town went out on a hunting expedition early in the week, and it was while on the way home yesterday that two of the party. Robert Readman ,town constable, and H. Martin, son of Ed. Martin, boot and shoe merchant, became the principals in the sad occurrence.

When almost home and near the spur that runs into the gravel pit the two sportsmen were watching along the main line of railway in the pit, and looking ahead of them saw what they thought was a wildcat or fox on the spur track and coming towards them. As it was nearly dusk they could not readily distinguish the object, and thinking of a chance to bag something, they raised their rifles and

Nearer and nearer the object came, and again the hunters fired, only to hear with horror the warning cries of Montrose, from Montreal for Livermen's voices. With consternation they pool. hastily made for the track, where a handcar hove in sight, bearing on it one of the section gang, a Frenchman by the name of Jos. Beaudro, to all appearances mortally wounded. He was carefully brought to the station and taken to the section house, where he was attended by Dr. McKenzie, who

had been hastily summoned. Inspection showed that one of the bullets had entered the arm, and passing into the abdomen, lodged near the backbone, tearing a long, terrible wound, the ball being a steel one used by hunters for large game. The unfortunate man is still alive, but cannot possibly survive more than a few
