

Why Croup is Fatal.

When croup attacks your child you must be ready for it. It comes as an accompaniment to an ordinary cough, or it may attack without warning. All ill of children develop quickly, and when any kind of cough appears there should be something at hand to stop it with promptness. Many a child has choked to death with croup because the right remedy was not convenient. Every one should know that the right safeguard for a child's cough or any cough is Adamson's Botanic Cough Balsam. With this soothing compound in the house, croup is always easily checked and relieved.

To give a child a "cough mixture" containing a narcotic is a very serious matter, yet most preparations contain something of this kind. Adamson's Botanic Balsam is prepared from the purest extracts of barks and roots and gums of trees, and is health-giving in every component part of it. Wherever it touches an inflamed surface, it heals and soothes it. Nothing ever compounded for cough is so harmless, and nothing so efficacious. Adamson's Balsam is an old remedy and it has never lost a friend through failure to help. Keep it in the house. Try it on your own cough and do your child a good turn by being ready for any emergency. Price 25c. at any drug-gist's.

Individual
Communion
Service.

"So quickly is one church after another added to those using the Individual Communion Cup, that until we stop to reckon up the number, do we realize what headway this reform has already made.—Congregationalist.

Henry M. King, D. D., of Providence, says: "The ordinance is a spiritual joy NOW to many who shrank from it before."

"Every argument would seem to be in favor of the individual cup,—cleanliness, health, taste,—and (now that the experimental period is past, and we have a really good and working outfit) even ease and convenience in the administration of the ordinance. Those churches which have adopted it are enthusiastic in its praise. It is the universal testimony that the Lord's Supper takes on a new dignity and beauty by the use of the individual cup."—J. K. Wilson, D. D.
