YOUR BRONCHIAL TUBES

When a cold settles in the bronchial tubes, with that weakening, tickling cough, immediate treatment is very important. The breath seems shorter because of mucous obstructions; usually fever is present, your head jars with every cough and your chest may ache. This is no time for experimenting or delay—you must get Scott's Emulsion at once to drive out the cold which started the trouble, and it will check the cough by aiding the healing process of the enfeebled membranes.

If you have any symptoms of bronchitis, or even a stubborn cold, always remember that Scott's Emulsion has been relieving this trouble for forty years. It is free from harmful drugs. Refuse substitutes.

STANFIELD'S

Unshrinkable UNDERWEAR

Made and Worn by Two Generations

A quarter of a century ago the late C. E. Stanfield, a pioneer underwear manufacturer of Truro, N.S., discovered a way to prevent woollen underwear from shrinking—by the radical but sensible plan of taking the shrink out of the wool before it went to the knitting machines.

His secret process at once overcame the one fault of woollen underwear, and started a keen and steadily growing demand for the Stanfield's product. On it, by steady development, his two sons, at the head of Stanfield's Limited, have built a thriving business employing nearly 600 operatives, and providing underwear for hundreds of thousands of Canadians.

From the very first, the sterling quality of Stanfield's Underwear, as proved by wear and washing, has been its most prominent feature. It actually DOES NOT SHRINK, "full up" nor mat—and on the basis of length of service it is the best value offered in underwear.

Not content with superior quality, Stanfield's give wearers all the little niceties that make undergarments luxurious. Wonderfully soft in texture—tailored to perfect fit—with such special features as Stanfield's Improved Elastic Crotch (in Combinations) and Stanfield's new Elastic Inset Shoulder—Stanfield's Unshrinkable Underwear means the utmost in comfort as well as in warmth and service.

SOME STANFIELD'S FAVORITES

Stanfield's Original Pure Wool, No. 77—One of our old reliables—two-ply, medium weight, in natural color, for men and women. Very soft, warm and comfortable. No. 73 is the same weight, in white, for women. No. 65 is the same quality, in heavy weight, natural color, for men.
