GOT RID OF THE COUGH THAT STICKS

Some coughs seem hard to shake off—stick right to you in spite of all you do to get rid of them.

Those are the stubborn coughs that are dangerous—that weaken the lungs so that the germs of consumption find a ready foothold.

We know of no remedy that will cure stubborn coughs—coughs that won't let go—like Dr. Wood's Norway Pine Syrup.

It allays the inflammation, soothes the irritation and heals the diseased mucous lining of the lungs and bronchial tubes.

Mrs. Leo Allen, Petite de Grat Bridge, N. S., writes:—"Last winter I had an awful cough that kept me in the house for over two months. I tried several cough remedies, but got no relief. I was almost discouraged when a grocer here offered me a bottle of Dr. Wood's Norway Pine Syrup. After taking that one my coughing began to ease. I took two more and they cured me completely."

Get the genuine Dr. Wood's Norway Pine Syrup, put up in a yellow wrapper; 3 pine trees the trade mark; price 25c. and 50c.; manufactured only by The T. Milburn Co., Limited, Toronto, Ont.
