

ARMORED CARS ON GUARD AT THE FUNERAL

Enormous Crowds at Burial of the Body of Terence MacSwiney in Cork Cemetery.

TWO HUNDRED PRIESTS IN LINE

Republican Flag Covers Casket and Irish Volunteers Much in Evidence.

Cork, Oct. 31.—In the presence of surprised church dignitaries, scores of his former comrades and thousands of his countrymen, the body of Terence MacSwiney, late Lord Mayor of Cork, was lowered to its resting place in the "Republican plot" in St. Finbarr's cemetery, just outside Cork, this afternoon. Despite the splendor lent the scene by the attendance of the high churchmen, there was a simplicity marking the ceremonies that was impressive.

Outside the ceremony, hidden by the enormous crush of townspeople, two armed cars, their machine guns ready and a half dozen lorries filled with full equipped soldiers, were drawn up at the roadside, imparting a sinister air to the otherwise solemn proceedings.

All Was Orderly
But during the transfer of the body from City Hall through streets lined with crowds to St. Mary's Cathedral and during the procession from the cathedral to the cemetery there was not an incident of violence or disturbance.

The City of Cork and the whole countryside paid tribute to the memory of their "newest martyr." The body was buried beside that of former Lord Mayor MacCurran, who was assassinated. A few yards away are the graves of Joseph Murphy, who, like MacSwiney, died a hunger striker, and of two other Irish Republican soldiers.

Archbishop of Harty of Cashel, on behalf of the clergy in presiding over the solemn requiem mass in St. Mary's Cathedral. Monsignor Cahalan, Bishop of Cork, was the celebrant. The clergy assisting included Archbishop of Perth, Australia, and Barry of Hobart, Tasmania, and Bishops Browne of O'Connell, O'Sullivan of Kerry, Foley of Ballarat, Australia, and Fogarty of Killarney.

Flag Covered Casket
The coffin, draped with an Irish Republican flag, rested at catafalque, covered with a pall with a skull and crossbones on either side, such as is used at the obsequies of high churchmen.

The cathedral was filled, and thousands of persons were massed in the adjacent streets. The transfer of the casket from the City Hall was without incident. Two armored cars and five lorries of troops kept in the background as the cortege continued to the church.

The two mile route of the procession from the cathedral to the cemetery was solidly flanked by thousands of persons who bared their heads in salute to the flag-draped casket, borne on the shoulders of the mayor's brothers and intimate friends, passed by.

VICKERS LAUNCH ELEVENTH VESSEL FOR CANADA'S FLEET

Mrs. C. C. Ballantyne, Sponsor for the Ship, Presented With a Diamond Bracelet.

Montreal, Oct. 31.—The Canadian Commander, 8,350 deadweight tons, the eleventh vessel built by the Canadian Vickers Limited for the Canadian Government and the eleventh to be successfully launched Saturday afternoon from the company's yards at Maisonneuve by Mrs. C. C. Ballantyne, wife of the Minister of Marine, before a notable array of guests.

Sir Frederic Orr-Lewis, president of the Canadian Vickers, shipping, speaking after the launching, said conditions were not quite as rosy as they had been.

Fewer Employes Now
His company now employed only 2,200 men as against 3,500 in 1918, the difference being due to the lack of orders from Great Britain largely by reason of the depreciation of the pound sterling. Sir Frederic urged the need of a subsidy for the Canadian shipbuilding industry in Canada and pointed out that if one were not forthcoming, prospects for the industry would be none too bright.

Mrs. Ballantyne as sponsor for the Canadian Commander was presented by him on behalf of his company with a diamond bracelet as a memento of the occasion.

LOOTED STORES BEFORE BURNINGS

Dublin, Oct. 31.—Two policemen were shot while trying to halt a motor car at Collooney, County Sligo, Friday evening. Reprisals followed in neighboring villages, six farmers' houses partially burned.

Raided Templemore
Templemore, Oct. 31.—Templemore Friday night was the scene of five hours of terrorism, when military forces raided the town, armed with guns, hatchets and other implements. They fired shot and burned premises, but no casualties have been reported.

Several jewelry and clothing stores were broken into and looted, and after being sprayed with petrol, were set on fire. Windows in more than fifty houses were smashed, but the occupants escaped without injury. The proprietor of the burned shop asserted it was not the work of the military, but of other masks. Members of the clergy and "black and tan," and other police men helped to put out the flames.

Fled the Town
Many people left the town, fearing further reprisals; others took refuge in the police barracks. Tribute has been paid in some quarters to the policemen and the "Black and Tan" police for their assistance and behavior during the rioting.

The raid is believed to have been in reprisal for the attack on an army lorry at Tipperary Thursday, when three soldiers were killed and five wounded.

FALLS 276 FEET AND DISAPPEARS IN MINE SHAFT

Party Paddles Through Abandoned Workings With Torch Looking for the Body.

Special to The Standard
Peekskill, N. Y., Oct. 31.—Three men in a small skiff, guided by flashlight, paddled their way tonight through the labyrinth of "The Manlion," an abandoned water-logged copper mine near here, searching for the body of Professor H. C. Schmidt, who stumbled and fell down the 276-foot shaft yesterday.

Schmidt, a geologist, with a class of ten students, was engaged in studying peculiar formations about the mine. Holding a lantern over his head to light the way, he proceeded the party through a tunnel which leads to the mouth of the shaft. The students saw the lantern fly in the air, heard a gasp, a cry for help, then a faraway splash.

Water Very Deep
Helpless, the party returned to the school. Early this morning police were notified. A diver, with full apparatus, was employed, and lowered into the mine. He worked at intervals throughout the day, but his search was unsuccessful. He said, when brought to the surface, that the water at the base of the shaft for thirty feet deep.

Believing that by some strange movement of the water in the mine the body may have been washed into one of the many sub-passages leading from the shaft, three men volunteered tonight to continue the search.

OFFICIAL FIGHT FOR PRESIDENCY ENDED SATURDAY

Cox and Harding Spend Quiet Sunday After Strenuous Campaigning.

LAST MINUTE WORDS OF THE CANDIDATES

Fight Ends Tomorrow When United States Will Pick Its New Leaders.

New York, Oct. 31.—Leaders of the two great parties in the National Campaign, on Saturday, rested today in anticipation of the final effort at vote-getting tomorrow, after which the people will decide at the polls Tuesday. Officially the campaign ended last night, but there will still be a few furries.

Nothing to Say
No pre-election statement was issued by the other contending parties—Socialist, Farmer-Labor, Prohibition and Social-Labor.

Senator Harding has closed his campaign of speech-making and returned to his Marion home to await the result of Tuesday's balloting. Governor Cox has one more appeal to his constituents of his own State. This he will do in Toledo tomorrow evening. Seymour Steedman, Socialist candidate for Vice president, is in the West leading the fight for his party in the absence of his principal, Eugene V. Debs, who is a prisoner in the Federal penitentiary at Atlanta serving sentence for violation of the espionage laws.

The Case For Harding.
Will H. Hays, chairman of the Republican National Committee, summed up the case for Senator Harding in a statement in which he defined the issues of the campaign. According to Mr. Hays, the Democrats offer the country "internationalism, Wilsonian, unprincipled campaign methods and James M. Cox." The Republicans, on the other hand, present "Americanism, comprehension of domestic problems and a campaign of dignity and honor."

Of the issue Mr. Hays pointed to have no doubt.
Franklin D. Roosevelt, Democratic vice-president nominee, offered a statement with diametrically opposite claims and findings. He declared the fight will be one of progressivism against reaction, a League of Nations against no League, and saw nothing to the contest but Democratic victory.

Samuel Gompers, president of the American Federation of Labor, re-entered the fight today, issuing a statement directed against Senator Harding based on the latter's duplicity in relation to his claims of friendship for the working people.

Mr. Gompers said that an investigation recently conducted by labor in this had shown that the Republican candidate was an "intimate and guiding participant in the industrial life of Marion, Ohio, where there are no trade union agreements and wages are low." The statement charged that through a system established by the Marion Employers' Association of which Senator Harding is a leading member, workers who are active in the unions are discharged and unable to obtain employment in any of the other factories.

EXPLOSION IN POWER PLANT KILLS TWELVE

Victims Were Watching Two Newly Installed Transformers.

FLASH OF FIRE EXPLODED OILS

Blazing Liquid Scattered Over Men, Killing Four; Others Dying in Hospital.

North Tonawanda, N. Y., Oct. 31.—Twelve men were killed early this morning in an explosion and fire at the distributing tower of the Niagara Falls Power Company here. The explosion occurred a few minutes after two new transformers had been cut in at the distributing tower of the company's plant. Thirteen men were crowded in the room, watching the work of the new machinery, when there was an explosion, apparently caused by a short circuit.

The force of the blast burst a steel barrel of lubricating oil, which formed part of the new equipment, and the flash of the electricity ignited this oil, which was thrown over the men in the room.

Four Killed Instantly
Four men were instantly killed, apparently. One escaped serious burns by jumping through a window. The other eight managed to escape from the flame-filled room, but all were so badly burned that they died in the hospital today and tonight.

As a result of the accident, North Tonawanda, Tonawanda and a part of Buffalo were without electric lights and power today. Surgeons who attended the injured men at the hospital here had to work by candle light.

IRISH BISHOPS GIVE EVIDENCE ON CONDITIONS

Miss Jane Addams Declares Conditions Are a Menace to World's Peace.

Washington, Oct. 31.—A delegation of Irish Bishops, to be selected by Cardinal Logue, has been asked to appear here next month to testify as to conditions in Ireland before the commission of five on Ireland, the commission announced last night after a preliminary conference. It was decided to begin the public hearings November 17, the announcement said, and in addition to the Irish League asking appointment of the bishops, the commission expects to hear mayors of several Irish cities and other Irish witnesses as well as United States citizens who have recently visited Ireland.

Miss Addams Presides
Jane Addams, of Chicago, presided over the preliminary meeting of the commission, which made public a formal declaration that it accepted its task "with the sincerest desire to improve the relations between the United States, Great Britain and Ireland to obtain facts as to what is actually happening on Irish soil and to find ways and means of offering continuing mediation if such ways exist."

"Firmly believing," the declaration continued "that the present situation if long continued will menace the peace of the world, and realizing that it is already becoming a domestic political issue in the United States, the commission seeks to shed light upon what is happening in consequence of the recent departure of the Irish to the people of the United States, so with this background, constructive suggestions may arise as to a way out."

FOUR ARE KILLED BY ESCAPING GAS IN NEW YORK HOME

Two Were Sailors off the Battleship "Florida" on Shore Leave for a Day.

New York, Oct. 31.—Four persons were found dead from gas poisoning today in a rooming house on East 53rd street. The accidental detachment of a rubber hose, which connected a gas jet with a small radiator, is believed to have been responsible. Apparently all four persons had been awakened by the fumes, because their bodies were found close to a window which they had been unable to open.

Two Were Sailors
The victims are Mr. and Mrs. John Harold, 40 and 25 years old, respectively, and H. F. Lambert and E. Perkins, members of the crew of the battleship "Florida."

A surgeon from the battleship who identified the bodies, said that Lambert came from Midway, Texas, and Perkins from Mechanic Falls, Me. The two youths were wireless operators, and had been on shore leave.

PRINCE PAUL AWAITS CALL

Young Prince Declares He Considers Throne Belongs to His Father, Constantine.

Athens, Oct. 31.—King Alexander's body was Friday evening placed in the Royal Mausoleum at Tatoi, following funeral services in the cathedral here. Queen Mother Olga and other members of the Greek Royal Family: Mme. Manos, the widow of the late king; the Crown Prince of Sweden, the Prince Regent of Serbia, representatives of King George of Great Britain, and King Victor Emmanuel of Italy, members of the diplomatic corps and government officials crowded the cathedral to the exclusion of the public.

Throngs lined the streets as the funeral procession, headed by the casket on a gun carriage drawn by sailors, passed through Athens toward Tatoi. On each of the streets were lines of British, French and Italian naval detachments, which saluted as the coffin passed.

Praised by Liberals
Hon. Bonifacio Llanusa had applauded the Department of Marine for the programme and had assured full support for carrying on such work. Of sixty ships that had been laid down, forty were in the water and the Canadian flag went into all the important harbors of the world, Canada should be proud of her merchant marine.

After a brief reference to the Grand Trunk acquisition, the Premier said Canada's part in the war was not any mere formality, but a part in the peace negotiations. "Does the opposition think," he asked, "that Canada should have told Great Britain to go ahead and make any sort of a treaty and don't bother us?"

DUFF RETURNS TO ATTACK UPON HON. MR. BALLANTYNE

Claims Public Should Know About Minister's Alleged Relations to Big Companies

Winnipeg, Oct. 31.—The Canadian public are more anxious to have Mr. Ballantyne answer the questions which I put to him a few days ago, than they are to hear an expression of my opinion on the matters to which the minister of marine and fisheries referred at Toronto," said William Duff, M. P., for Lunenburg, N. S., when he asked here today if he has any reply to make to Mr. Ballantyne's speech at the Navy League.

Some of Tre Charges.
"The Canadian public wants to know what Mr. Ballantyne has to say about the sugar monopoly, the expenditure of the Roumanian and the Greek loan, the money paid to a certain Montreal repair and engineering firm, Mr. Ballantyne's connection with this firm, and several other matters regarding which the minister of marine should provide satisfactory answers, or else his resignation should be requested by the Prime Minister."

PREMIER HAD LIVELY TIME IN VICTORIA

Hon. Mr. Meighen Denies All Charges Made in 'Four by Hon. Mackenzie King.

HON. MR. CALDER HECKLED GREATLY

"King Wants Government to Obey the Minority" Declares Premier.

Victoria, B. C., Oct. 31.—Two meetings were addressed in Victoria on Saturday night by Premier Meighen and Hon. J. A. Calder, in the main the Premier dealt on charges made against the government by Hon. W. L. Mackenzie King when he spoke here. He spoke at length on the tariff, the soldiers' settlement, the national home building programme and the sugar question.

Both meetings were crowded and the doors had to be closed on hundreds who stood in line, and who consequently were unable to gain admittance. There were numerous interruptions, questions, and comments being shouted at the speakers at various times. So serious became the disturbance when Mr. Calder was speaking that he said he would ask the chairman, Mayor R. J. Porter, to close the meeting if it were continued. "Do you want it to be said that some thirty persons so conducted themselves as to stop this meeting?" he asked. The heckling thereafter was of a minor nature.

Denies King Charges
Premier Meighen criticized Hon. W. L. Mackenzie King's charges that the government was autocratic as without foundation for no man in Canada, he said, could defy parliament. No move would be made by the government without parliament's consent. "Mr. King wants the government to obey the minority and not the behests of the majority," he asserted.

Referring to Mr. King's statement that the government had spent \$70,000,000 on shipbuilding programme without approval of parliament, the Premier said not a contract had been let without the consent of parliament. No member of the opposition, indeed, no member of parliament had objected to the appropriations.

Praised by Liberals
Hon. Bonifacio Llanusa had applauded the Department of Marine for the programme and had assured full support for carrying on such work. Of sixty ships that had been laid down, forty were in the water and the Canadian flag went into all the important harbors of the world, Canada should be proud of her merchant marine.
