MR. ALVA PHILLIPS. Bristol, N. B., July 25, 1911. "I am unable to say enough in favor of 'Fruit-a-tives' as it saved my life and restored me to health, when I had given up all hope and when the doctors had talked to do anything more for me. I had a stroke of Paralysis in March, 1910, and this left me unable to walk or help myself, and the Constipation of the bowels was terrible. Nothing did me any good and I was wretched in every way. Finally, I took 'Fruit-a-tives' for the Constipation, and it not only cured me of that trouble but gradually this fruit medicine toned up the nerves and actually cured the paralysis. Under the use of 'Fruit-a-tives' I grew stronger and stronger until all the palsy and weakness left me. I am now well again and attend my store every day and all day."

THE WOMAN'S CORNER

EFFICIENT HOUSEKEEPING

Our Irish Friends

A new industry has been formed in our midst to make lead pencils from potatoes. This might make us fear that the supply of our favorite vegetable would be short were it not that progressive farmers are now raising two potatoes on one acre.

Divide the potato in four parts with a knife and examine the exposed surfaces. If it is so moist that slight pressure will form drops of water you may be sure, no matter what the dealer may say, that it will not be dry after it is boiled.

The most economical way to cook potatoes is in their skins. The valuable part of the tuber lies near the peel and this is lost when they are pared; heat affects the different constituents of the potato in various ways.

Italian blue and gold are a much-favored combination. Millinery is trimmed with black and white Chantilly lace. The Empire style is strongly revived in juvenile apparel.

HOUSEHOLD HINTS

When making a mayonnaise in which only the yolks of eggs are used, the economical housekeeper will use the whites in a dessert, such as apple snow for frosting or for a meringue on a pie.

THE WOMEN'S VOTE IN FINLAND

Miss Annie Farnjell, second vice-president of the International Woman's Suffrage Alliance, has been elected a member of the parliament of Finland.

LET DOWN THE BARS

Ottawa Tory Paper Rebels Against the Borden Government's Alliance With the "Interests" to Block the Consumers.

THE FALL WEATHER

Canadian fall weather is extremely hard on little ones. One day it is warm and bright and the next day it is cold and the sudden changes bring on colds, cramps and colic and unless baby's little stomach is kept right the result may be serious.
