

COURSES SUITABLE FOR MEDICAL STUDENTS.

In arranging the courses under this heading, the Board has been guided by the New Medical Curriculum of the University of Toronto. The Board proposes to provide instruction in all the extra-professional and more purely scientific studies there laid down, and it does so in the hope that Medical Students may be able to take advantage of the commodious laboratory accommodation which is provided in each Department, and acquire that personal familiarity with the use of Physical and Physiological apparatus which forms such an admirable training for the scientific medical man.

The courses (for details of which see pp. 25-28) comply, as to duration, with the regulations of the University of Toronto.

No fees are charged for the lectures if taken along with the practical courses. The fee for each practical course is \$10. (See Regulations 6 and 7.)
