It is Not Too Early To Have Your CHRISTMAS Photographs Made.

As we mentioned recently in this column the Rev. Robert Miller has been at work on the preparation of a lecture on "The Divine Motherhood." This will take up the subject of the Madonna, the Mother of Christ, with the Infant Jesus and the Holy Family, treated by a superb set of lantern slides. These are all in colour and they illustrate the more famous paintings of such artists as Raphael, Botticelli, Michel Angelo, Rubens, Titian, Correggio and others. There are some forty slides and together they form the most beautiful collection that Mr. Miller has yet used. All church-people and all who love the beautiful should take advantage of this opportunity to acquaint themselves with the work of the great painter inspired as it is by the most moving episode in the world, the birth of Jesus. See advertisement in another column for date.

Rally Day in the Sunday School of United Church, Nictaux Falls was held Sunday afternoon at the hour of Church Service in spite of the gale of wind there was a good attendance and an interesting and helpful service was carried out. The church was prettily decorated with autumn leaves and rowan tree berries. The choir gave fine assistance and Mr. Frank Martyn sang a solo in his usual pleasing way. The several classes of the school performed their exercises in a way that gave great credit to themselves and also to the teachers. The programme prepared by The United Church of Canada was carried out, the offering going to the Sunday School work in Canada. Mr. S. O. Robinson, superintendent of the school, assisted the Rev. Peter Walker, the minister of the church in the service. Mr. Walker gave an address on "Loyalty to Jesus."

Mr. and Mrs. E. H. Marshall have returned from their visit to the U. S. A. We are glad to report Mrs. Marshall very much improved in health.

Miss Willis Hill has returned from New Ross, where she spent the summer.

Miss Beattie Marshall, who has been spending her vacation with her parents, Mr. and Mrs. E. H. Marshall, returned to Halifax on Monday.

Mrs. Grant Messenager of Clarence, who has been visiting her parents at New Ross, is visiting her sister, Mrs. Ella Weaver is visiting her sister, Mrs. H. S. Taylor of East Dal.

Mrs. R. Beamish of Log, Ang's, California, is the guest of her sister, Mrs. R. Swallow.

Mr. Adelbert McNary of Pepperell, Mass. is visiting at the home of his parents, Mr. and Mrs. Sylvanus McNary.

Miss Annie Foster of the Victoria General Hospital, Halifax, is spending two weeks with her mother, Mrs. Lillian Foster.

Mrs. Stella Marshall of Kentville is visiting relatives in the home of Miss Thelma E. Lightizer, teacher at Bishopville, spent the week end at the home of her grandparents, Mr. and Mrs. K. Lightizer, Kingston.

We are glad to welcome Dr. Lavers of New Ross, as our dentist, which will be greatly appreciated in our community.

Mr. Karl Marshall, Mr. Ingram Banks and Mr. Fred Smith were each successful in obtaining a fine moose last week.

"Always-Ready" Battery Electrolyte Now Here

We are now prepared to give Battery Service with the wonderful solution that puts new life into the old battery. "Always-Ready" is a solution that contains less than one-half as much sulphuric acid as the old electrolyte, and is therefore one-half as harmful to the plates of the battery; will not eat off nor corrode the battery terminals; nor rot the battery case. "Always-Ready" acts upon the plates of the battery, consumes the sulphation caused by the sulphuric acid in the old solution, and frees the plates from their choked-up condition.

"Always-Ready" when used in a battery where the plates are still good will charge instantly, giving snappier starting, brighter lights, new and longer life.

"Always-Ready" is an anti-freeze liquid, with the use of it your battery is always safe from the unexpected frosts of the early winter, or any frost however severe.

With the use of "Always-Ready", Radio Battery will hold their charge a third longer and will always be in a healthy condition.

If you wish your battery to be completely rejuvenated and given a new lease of life, bring it in to us at your earliest convenience and then MARVEL AT THE CHANGE.

Mr. and Mrs. Harold Cunningham, Mr. and Mrs. Maynard Vidito motored to Kentville one day recently.

The supper held by the Busy Bees in the vestry was a grand success, \$20 being realized.

Have you purchased stock in Appo-Krisp, Ltd. yet? See M. P. Nelly.

TO THE PEOPLE OF THE ANnapolis VALLEY

WHAT THE LOCATION OF THE APPO KRISPS INDUSTRY IN MIDDLETON MEANS TO YOU!

It increases prosperity of town and district; gives work to the unemployed; adds to the population; sets the empty houses rented and stored as a nuisance; sets the town immediately has more money to spend on the butter and eggs, vegetables, fruit, milk and other farm products.

For the above reasons and the fact that it is a first class investment, citizens of the Annapolis Valley should own at least one unit of stock in Appo-Krisp, Ltd.

Purchase while you have the opportunity.

APPO KRISP LIMITED MEET DEL EGATES FROM THE TOWNS

Kentville, Oct. 8—The directors of Appo-Krisp, Limited, held a meeting at 2.30 this afternoon, to receive delegations from various towns and listened to their presentations concerning most favorable location for the new industry.

The principal points considered were: situation of plant, availability of apples required and wheat, to be grown or imported, freight rates on the apples and wheat and on the finished product to provincial and foreign points, cost of hydro power, assessment, water privileges, etc., all of which were fully presented in written statements presented by the delegations. Windsor, by Town Manager Kenville, by R. H. Lamont; Middleton, by Fred E. Cox; Bridgetown, by Mayor Hicks; Annapolis by F. M. Whitman.

These statements were all read and a discussion followed.

Three directors of the company were present, T. P. Calkin, president, Colonel Robert Innes and H. H. Bligh. A letter of regret, at not being able to be present, was received from director A. B. McMahon.

Mr. Calkin stated the directors would give full consideration to all the statements received. With Colonel Innes he considered the matter of freight rates in getting products to factory and outputs on the market as being of prime importance in the selection of a site.

All the towns have recognized the great importance of such an industry being of prime importance in the selection of a site. It is felt that the Appo-Krisp, Limited, has placed their best possible terms and advantages before the Appo-Krisp, Limited. No decision will be given until all advantages have been fully considered.

APPO-KRISP FACTORY WILL BE LOCATED IN MIDDLETON

MIDDLETON was picked on Monday as the future location of the new Appo-Krisp Ltd. factory. This was decided on at a special meeting of the Board of Directors held at Kentville, the present headquarters of the company. Many other centres throughout the Annapolis Valley bid for the preference, including Wolfville, Windsor, Kentville, Bridgetown and Annapolis, but none of them had the natural advantages of our town.

The work of construction will commence next week, and will be rushed to completion with the least possible delay. Several of the directors were in town Tuesday looking over the ground for a good site, and we understand the location will be on the property, across the tracks, north from the railway water tank.

To those who are not entirely familiar with the program to be followed in connection with the new industry, it might be well to mention that Appo-Krisp, Ltd., has succeeded in the use of using up all low grade, but sound apples that would not find the same ready market as the higher grade fruit. This fruit, by means of different scientific processes through which it will pass, will be turned into a delicious fruit cereal or breakfast food, and will be in combination with wheat. The wheat best suited for the purpose being the soft grade as grown here. In this way two channels for farmers to realize on are opened up.

It is generally conceded through out the Province of Nova Scotia that the establishment of the new Appo-Krisp factory will prove a great boon to the apple-growing industry. Formerly great quantities of apples, because they were spotted or for some other reason, were not marketed. These, however will all be taken care of by Appo-Krisp, Ltd., thus benefiting the growers and the province in general to a great extent.

There is still available a limited amount of stock in this company, and every citizen of Middleton and farmer in the surrounding district should procure at least one unit. It is a local industry, the only one of its kind in Canada, and should pay handsome dividends. It would be well for those wishing to boost along a good thing to get in communication with Frank M. Ruggles, Bridgetown, or our local representative, M. P. Nelly.

BARB'S CORNER

Oct. 13—Mr. and Mrs. John Hirtle are visiting their daughter, Mrs. Fred C. deLong.

Mr. J. McMurry is a guest at the Farrago.

Mrs. Grace McLeod Rogers is spending a few days with her aunt, Mrs. Josephine Philney.

Mr. George Palmer recently returned from the States, and has accepted a position with his uncle, Mr. G. W. deLong.

Miss Bell Chesley has returned to her school after being detained at home for several weeks by illness in the home.

Miss Wolfe spent the week end at Fishburn.
