LATE ARRIVALS, SAMPLES AND CLOSE OUTS

Women's and Misses Coats and Suits

\$27.50 to \$79.00 and \$17.50 to \$54.50

They would usually sell for far more than we are asking because these are really very smart styles to suit almost every preference. Dolman lines are favored throughout this assortment. A few are plain, depending on their fabrics, tailoring and style for favor, while others boast beautiful, foulard patterned silk linings. Some have collars of Sealette or Fur and still others have huge draped collars of self fabric. Every garment in this selling is either half or full lined.

To examine these values will be to your advantage and as size ranges are broken and these extremely favorable pricings indicate immediate clearance, an early visit will prove most profitable.

COATS

Having made a study of the greater production of manufacturers in Kitchener and play, the keynote to getting the desired result.

Success in athletics has been Kitchener's fortune ever since this mooted question has been delved into and surrounding towns and cities envy their inspiration.

Industrial welfare and expansion of any city or town contributes largely to the development of all branches of sport and athletics to the extent of being the means of attracting and harboring talent to such an extent that once any particular line of sport becomes popular, it develops that it in itself also attracts the aspiring talent.

Attract Many Athletes.
This was brought into evidence last Friday night at the first hockey practice held by the Kitchener Amateur Hockey Association. More than enough high-class material turned out to have six hockey teams of known ability.

The association there has control of the whole hockey situation and when its officials took the names and addresses of all the players in attendance it was learned that players who formerly played on the best teams in Toronto, Montreal and Ottawa, had become residents of Kitchener.

One of the officials was so enthusiastic over the winter's prospects ventured to state that when Kitchener Allan cup aspirants step onto the ice this winter they will be found the team to beat for the 1920 championship.

Come of Own Accord.
Players from the larger cities did not go there at the beckoning of the well defined hockey interests of Kitchener. No, they all drifted in with the knowledge that the game thrives in no other centre, excepting perhaps, Toronto and even then is better in proportion to the size of the two cities.

Then the earning capacity of a diligent young man is big enough where a city like Kitchener has so many big industries, going at full blast.

Heads of departments at the various industries in Kitchener take no little pride in sport and the part baseball and hockey play in making their city thrive both having considerable to do in conspiring for greater production and it is not difficult in this way to harbor

employees who are adept in some line of sport.

The pre-season hockey practice of the many players consists of a game night unto hockey, as the Auditorium is used, while a lacrosse ball takes the place of the puck and the boys around with hockey sticks in their hands wearing running shoes instead of skates. This sort of drilling seem to get the desired results and the players are eager to play this sort of polo and better turnouts are secured than if indoor baseball were used for conditioning.

DON'T CARE ABOUT ALLAN CUP.

Westerners Would Supply a Trophy.
Edmonton.—At an informal meeting between Brig-General Macdonald, president of the Alberta branch of the A. A. C. of C. and the governors, held here, the policy to be followed by the Alberta union in regard to reinstating professional players was suggested by a meeting in Calgary last week, was confirmed.

Gen. Macdonald assured the governors that he believes he could promise that when the time comes for Dominion competition, western teams would not be debared from competing for the Allan cup, but that if the east refused to recognize the western teams he would put up for competition a trophy which he would guarantee would surpass the Allan cup inside of three years.

The east must in time recognize our point of view, said General Macdonald. The policy of reinstating professionals which we have accepted is the only method of placing sport on a satisfactory basis in western Canada.

TO SCRUTINIZE CAREFULLY

ALL O. H. A. APPLICATIONS
Drastic action has been taken by the O. H. A. executive to remove control of clubs from the irresponsible and temporary direction which had brought about undesirable conditions, especially in senior hockey. It was laid down that the policy of the O. H. A. was to grant franchises only to clubs representing permanent and responsible organizations. The subcommittee was instructed to prepare a list of organizations so qualified.

Before franchises are granted the responsible officers of these associations will be required to guarantee to the O. H. A. the satisfactory conduct and management of their respective hockey teams. Complete financial statements must be presented at the close of the playing season, and when called for during the season.

A further step in the direction of the scrutiny of players was taken in the adoption of a list, which is likely to be added to before the coming season, of holders of certificates, which will not be renewed this winter. Toronto and Hamilton men compose the list, so far, the names being: D. M. Brown, Cecil Dye, J. F. Hefferman, E. G. Farr, Glenn Smith and A. J. McCaffery, of Toronto; D. M. Roach and T. E. McCarthy, of Hamilton. It was also provided that O. H. A. players should take part in any games, exhibition or otherwise, in which players are denied certificates.

The resignation of Mr. Frank Hyde, of Woodstock, who has been a member of the executive for many years, was accepted.

Northern Ontario hockey looks like coming into a sound and well-organized existence. Affiliation with the O. H. A. was granted, and the Northern winners in their series will play off with O. H. A. intermediate and junior winners. It will have two series, called senior and junior, but corresponding to O. H. A. intermediate and junior. As at present constituted, the Northern Ontario Hockey League consists of these groups: Northern—Timmins, Schumacher, Iroquois Falls, Central—Cobalt, Haileybury, New Liskeard, Southern—North Bay, Enderbury, Copper Cliff.

Dealing with applications from the Canadian and American Soos, the O. H. A. will suggest to the Northern that it take the Canadian Soos.

"BEST TEAM WINS."

SAYS SPECTATOR
Hamilton, Nov. 10.—Commenting on the Tigers' defeat at the hands of Montreal on Saturday, The Spectator to-day says:

"To the best team in the Interprovincial Rugby Football Union goes the honors for the season of 1919. One had only to see the mastery style in which Montreal defeated the Tigers on Saturday to realize this. The score indicates the 'Winged Wheelers' only try was the result of a fumble. It is true, but leaving that aside they were the Tigers' masters, and none can say that the victory was not deserved. They outplayed the yellow and black warriors in every way after the first quarter, and their real strength was displayed in the last period, when they had to battle against a strong wind as well as the Tigers and yet kept the play in Hamilton territory throughout.

BOB LONG UNION MADE OVERALLS SHIRTS & GLOVES

R. G. LONG & CO. LIMITED
TORONTO

The 15 minutes, the Bengals not being able to give battle to Montreal on the latter's territory at any part of the period.

"While the Tigers were beaten, they were not disgraced, for they fought hard to the last, but their fight was a futile one. Try as they might, Montreal had the Tigers stopped and left them no chance for any doubt of success. The Tigers players were the first to admit and lost no time in congratulating the new champions on their winning the laurels after years of uphill struggle."

THIN, NERVOUS PEOPLE NEED BI- TRO-PHOSPHATE

Weak, thin people—men or women—are nearly always nervous wrecks; thus conclusively proving that thinness, weakness, debility and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms due to nerve starvation will disappear.

Eminent specialists state that one of the best things for the nerves is an organic phosphate known among druggists as Bitro-Phosphate, a five-grain tablet of which should be taken with each meal. Being a genuine nerve builder and not a stimulant or habit-forming drug, Bitro-Phosphate can be safely taken by the weakest and most delicate sufferer, and the results following its use are often simply astonishing.

By strengthening the nerves, weak, tired people regain energy and vigor; thinness and gauntness give way to plumpness and curves; sleep returns to the sleepless; confidence and cheerfulness replace dejection and gloom; dull eyes become bright, and pale, sunken cheeks regain the pink glow of health.

CAUTION.—Bitro-Phosphate, the use of which is inexpensive, also wonderfully promotes the assimilation of food, so much so, that many people report marked gains of weight in a few weeks. Those taking it who do not desire to put on flesh, should use extra care in avoiding fat-producing foods.

The laws of Italy are strict in regard to theatres and circuses. Every act of performance announced on the program must be given. Any great exaggeration in the advertising is punishable by fine.

The striking uniformity of size among the Japanese is illustrated by the fact that measurements taken of an infantry regiment showed no variations exceeding two inches in height or twenty pounds in weight.

HOLY GEE, MY HEAD FEELS GOOD TODAY!
Pain Over Eyes is Gone, Head-ache, Cured, Catarrh Relieved!

This is the Common Experience of Those Who Breathe the CATARRHOZONE

Remember this, Catarrh can never be cured or even relieved by a cough syrup, a spray, or tablet treatment. Trouble is these remedies slip quickly over the sore irritated membranes drop into the stomach and do little else but harm digestion. It's different with "Catarrhzone"—you inhale it. Every breath sends healing balsams to the inflamed tissues. Tightness, soreness and inflammation are cured by healing pine essence. The cough dies away, throat is strengthened, huskiness is cured. Nothing is so simple, so convenient, so certain to cure as Catarrhzone. The dollar outfit includes the inhaler, costs \$1.00, and is guaranteed to cure. Small size \$0.50 trial size 25c, all dealers or The Catarrhzone Co., Kingston, Ont.

DRURY CABINET READY ASSUME OFFICE ON

New Premier Has Completed His List With Selkirk
Nickle as Attorney-General, is Latest

BUT WHAT RIDING WILL DRURY REP

Toronto, Ont., Nov. 12.—The Drury Cabinet will assume the government of the province on Friday as ordered. The presence in the city to-day of W. F. Nickle and former member of the Ontario House, is expected to the problem with which Premier Drury is during much of the past week. With the selection of the Cabinet will be complete.

When on Friday the cabinet is sworn in the members to assume office as follows:—

Premier and President of Council—E. C. Drury.
Attorney General—W. F. Nickle, K.C.
Minister of Lands and Forests—Beniah Bow.
Ministers of Mines—Harry Mills.
Minister of Health and Labor—Walter Rolfe.
Minister of Education—H. C. Nixon.
Minister of Public Works—F. C. Biggs.
Provincial Secretary—R. H. Grant.
Provincial Treasurer—Peter Smith.
Minister of Agriculture—Manning Doherty.
Minister without portfolio—Col. S. Carmichael.

Grant for Education.
Toronto, Nov. 11.—Premier Drury has announced that R. H. Grant, member of the Ontario House, is to be the Minister of Education in Ontario cabinet now being formed. Mr. Drury also stated that he had hired W. F. Nickle, K.C. of Kingston offering him the portfolio of Attorney-General.

Where Will Drury Sit?
Toronto, Nov. 12.—What constituency will be represented in the legislature by Premier E. C. Drury?

It was earlier suggested by Mr. Drury himself that he would go to the election in Centre Simcoe which H. Murdock, U. F. O. member by a majority of 1400, now represents. Mr. Murdock offered his seat to the future premier on the day when the latter was chosen but since that time on which lead to member to suggest find a seat elsewhere.

Mr. Drury, who a desire that the unity to go to the ing he not with the matter b U. F. O. Executive trary to the fear: Murdock that a standard might r said to have stat election in Centre realized. The pre said to be of the should have been publicly until the consulted.

MINE'S GOING BACK TO WORK

Workers Will Continue on Strike
Only in Isolated Cases.

Indianapolis, Ind.—Mon. 12.—The reports on the number of men returning to work are slow in reaching international headquarters of the mine workers, chiefly because the order rescinding the strike called off Oct. 15 has not been received in many districts and because many local unions will hold meetings before deciding whether to return to the mines. Despatches received up to this time while not clearly defining the attitude as a whole are believed to indicate that workers will continue on strike only in isolated cases.

MANY DELEGATES IN ATTENDANCE

The annual Convention of the Knights and Ladies of the Macabees met this morning in the C. O. with a good attendance of delegates from all centres of the district. The convention is graced with the presence of Sir Knight A. W. Trusler of Camlachie while other prominent Macabees from Hamilton, St. Thomas, London, Waterloo, Kitchener and other places are in attendance. This evening the delegates will be the guests of the local order to a social evening when prominent speakers will be heard and all members and friends are specially invited to be present.
