Comments. 'Gospel: A famous clergyman tells of a lay preacher's conference in which a veteran described his method of sermon preparation. 'I take my text,' he said, 'and divide my sermon into three parts. In the first part I tell 'em what I'm going to tell 'em. In the second part I tell 'em. In the third part I tell 'em what I've told 'em.

ERRATA.—In last week's 'Comments' read 'Bollingbroke', instead of 'Bollington', and 'April 1st', in the day chosen for the commencement of this campaign of consecration, instead of a day.

A Real Nerve and Body Building Medicine. We believe Rexall Olive Oil Emulsion the best remedy made for toning the nerves, enriching the blood, building up wasted tissues, renewing health, strength and energy—the best medicine you can use if you are debilitated; tired out, nervous and exhausted, no matter what the cause. It doesn't depend for its good effect upon alcohol or habit forming drugs, because it contains none. It may not make you feel better in a few hours, but it will be sure, just as soon as the tonic and food properties it contains have a chance to get into the blood and through the blood, into the rest of the system. Pure Olive Oil and Hypophosphites have long been endorsed by successful physicians, but here, for the first time, they are combined into one preparation which, as a nerve food and a builder of strength and health, we believe, has no equal. If you don't feel well, begin taking Rexall Olive Oil Emulsion with our personal promise that, if it doesn't make you well and strong again, it will cost you nothing. If you don't have the utmost faith in it, we would not offer it with this guarantee, and even recommend it to you. We are sure that once you have used it you will recommend it to your friends, and thank us for having recommended it to you. Sold only at the more than 7,000 Rexall Dispensaries, and in this town only by Dr. G. A. V. Rand.

DR. G. A. V. RAND. MARRIED. PORTER-PORTER.—On Tuesday, Mar. 17th, 1914, by the Rev. G. T. Bryant, Miss Elsie Wilcox Porter, to Mr. LeRoy William Porter, both of Wolfville.

Good Fruit.

The most successful fruit growers of the Annapolis Valley have for years followed the practice of applying Murine of Potash mixed with Basic Slag and Bone Meal, or other phosphate fertilizers, to their orchards, depending on a crop of clover to supply the necessary Nitrogen and Humus.

There is no doubt that the adoption of this ideal system is directly responsible to the remarkable color and quality of Nova Scotia apples, which features have gained for them so many awards and established their enviable reputation in the markets of Britain.

We can supply you with all high grade fertilizer materials, Potash, Nitrate of Soda, Acid Phosphate, Basic Slag, etc., at lowest prices. You can mix these yourself at home and save 25 to 40 per cent. in fertilizer cost.
