SIR HENRY DRAYTON, K.C.
112 YONGE STREET
TORONTO

Dear Arthur

The different letters
on the question of illegality or not
on the Hydro Contracts run the
point so much that I am
sending the Globe the enclosed

It is most temperate
- no adjectives - so perhaps
they will print it. If they
do it will then be in order for
the opposition to move in a resolution
an additional clause nullifying
the Commandment "Thou shall
not steal". I enclose copies in
case you think it wise to give them
to any Ottawa industrial paper. HED
