Re: Chemainus I. R. #13, File: 30152-6,
Timber License No. 266.

Kindly refer to previous correspondence relative
to the above Reserve, particularly Surrenders No. 799 and No. 1362.

In the first surrender certain specified areas
were reserved by the Indians for their own use, as shown on Plan
B.C. 210, while in the later surrender the entire Northern part of
the Reserve was surrendered without any reservations, so far as I
know.

I should, therefore, appreciate receiving from
you, three copies of B.C. Plan 210, showing distinctly the exact
areas reserved as well as the area under the Surrender No. 1362,
with reservations, if any, clearly defined.

Kindly let me have this as soon as possible as the
operators do not wish to trespass on reserved areas and the plan I
have is so badly worn that it is difficult to read.
