GOVERNMENT ANNUITIES.

DEFERRED ANNUITIES GUARANTEED FOR 10 YEARS BUT PAYABLE THEREAFTER SO LONG AS ANNUITANT LIVES.

Yearly payments (which may be split up into weekly, monthly, quarterly or half-yearly amounts if desired without additional cost) required for the purchase of a Guaranteed Annuity of $100 beginning at age 55, 60, 65 or 70. In the event of death at any time before the first payment of Annuity falls due all payments made, with 3% compound interest, will be refunded to the heirs. In the event of death within the first ten years after the Annuity becomes payable the payments will be continued for the full ten years as the purchaser may direct. If the annuitant survives the 10 years the Annuity will be continued so long as the annuitant lives. The cost of each additional $100 up to $600 is at the same rate. The Annuity would be paid in instalments of $25 every three months.

Example: A man aged 20 purchasing a Guaranteed Annuity of $100 to begin at age 60 would pay in $11.14 a year for 40 years, or a total of $445.60.

If he should die at any time before the Annuity fell due, all that he had paid in with 3% compound interest would be returned to his heirs.

If he should die after the last premium had been paid and just before the Annuity fell due, the Government would return to his wife or heirs the sum of $[illegible]5.17.

If he died after receiving one payment of Annuity the Government would pay to his wife or heirs $25 every three months until the whole of the $1,000 guaranteed had been paid.

If he survived the 10 years, the $100 a year, which is the annual income on a deposit of $3,333.33⅓ in the Post Office Saving Bank, would be paid to himself so long as he might live if he should live to be 100 or over.
