Robert Hyalop met with a very painful accident yesterday in A. H. Patterson's hardware store. He was moving some screen doors when one of them struck his face, causing an ugly flesh wound.

The vital statistics for the present month were as follows—marriages 17, births 14, deaths 7. A study of these figures is interesting. The births are just double the deaths. If this continues Chatham won't go back much.

The Bitulithic Paving Company is putting up a very large plant on Queen street, and Superintendent Gould expects in another day to get the machinery in operation. He says he will try to keep the work going night and day, but whether it will prove successful or not he does not know, as the right kind of men are so scarce.

T. C. Macnabb, secretary of the Public School Board, is still in the General Hospital, having undergone an operation and lost an eye, but his many friends will be glad to hear that he is recovering. Mr. Macnabb did not forget his friends, the teachers of the schools—yesterday being the end of the month—and sat up in bed and wrote out the cheques.

We are going to try to get a name for Kent apples, remarked Edward B. Northwood, of the Northwood Co., this morning. "We have had a neat brand printed on paper that will just nicely fit in the barrel and when the customer opens a barrel of apples he will see the brand. Kent raises as good apples as can be found any place, and the good quality of our apples should be made known among those who buy apples both in England and the Northwest."

A 12-year-old lad was arraigned at the police court this morning on the charge of stealing a gold watch, diamond ring and \$5 in money from the rooms of some of the help at the Hotel Garner. This is the same lad who has been in the hands of the police on several occasions of late.

He had a habit of taking other people's things and \$5 in money from the rooms of some of the help at the Hotel Garner. This is the same lad who has been in the hands of the police on several occasions of late.

A BIG SCHOOL

The Central school is a pretty busy place these days and Principal J. W. Flewes is probably the busiest in it. The pupils enrolled, teachers and janitors, make up a grand total of 935 people. This is within about 40 of the capacity of the building. In the kindergarten there are 117 pupils enrolled with an average attendance of 91. It is quite an inspiring sight to see about 800 pupils lining up on the platform to march into school and no easy job managing the crowd.

DARRELL

The past ten days have been fine sporting as well as favorable seeding weather.

A very large number from this vicinity attended the fair on the 23rd. The chief feature of the day was the football match. The people returned home elated with the success attained by their club.

Violet French, who has been ill with typhoid fever for the past five weeks, is recovering and will be removed from the hospital within a few days.

The Darrell representatives of the league meeting at Windsor on Sept. 24th, owing to their integrity of the past seasons, were treated with reverence by all members present.

Mrs. J. Kennedy, who has had a severe attack of appendicitis, has recovered and is able to be at home again.

French's Orchestra and others attended the Harvest Home supper at Louisville on Monday evening and report a good time.

The people of Darrell in general extend their sympathy to Wallace Benzie, of Dover Centre, who had his elbow dislocated during the match on Wednesday.

The threshing season is being rushed and the farmers are having fair yields.

All football enthusiasts are invited to attend the first match of the Fall League series, i. e., Darrell vs. Chatham, on the Darrell sporting grounds, Monday. If you want to see good, clean football, come out on Oct. 5.

Roy Abraham and Albert Peck, our star centre forward, spent Sunday at Dover Centre.

The young people of the community are looking forward for that Harvest Home service and supper at French's Church.

E. T. Corsets.

Our new E. T. Corsets for autumn wear are here. We can't call them new models; for, wonderful to relate Dame Fashion is so well pleased with the lines and curves of the corsets of the day, that she has found nothing to change in essentials, merely a refining touch here and there—and the "fall styles" are ready.

Women are going to wear corsets of batiste more this season than formerly, and sensibly; for they fit closer to the figure and give a more graceful appearance. Here are some of the favorite E. T. models:—
