MARKET REVIEW AND FORECAST

Toronto, Monday, Jan. 4.—What will the year bring forth? Looking back over the past years we believe that Canada withstood the shock of war well, all things considered. For years we have been a borrowing nation and debts have accumu-

lated to the point where our interest amounts to \$9,000,000 a month. Then our sources of income were reduced. Nevertheless, Canada quickly adjusted itself to changed conditions, but present strength shows a recovery in the economic position. The more immediate effect of the war is not a pleasing one. We however, must expect to suffer along with others as a result of this almost worldwide war. The situation, so far as farm production is concerned, depends largely on the length of the war. For staple commodities there will be a good crop as long as the war lasts. Its close is apt to cause a slump in prices.

HAY WANTED
 CLOVER OR MIXED HAY, in good lots. State price and quality. F.O.B. your station.
 T. J. HETHERINGTON PETERBORO

WHEAT
 Wheat has been wonderfully strong in the past week, and still continues on the upward trend. The position of the market is as follows: No. 1 Northern, \$1.35; No. 2, \$1.32; No. 3, \$1.27; Ontario, \$1.15 to \$1.13

O. A. C. NO. 72 OATS
 FOR SALE

Grown from hand-picked seed, carefully weeded while growing, pure and as free from foul seeds as is possible to have them.
 Government Test Reports: Not one noxious weed seed in eight samples tested, taken out of a composite sample of forty drawings by inspector from about 2,000 bushels.
 This variety has a great record as a heavy yielder of excellent quality of oats. Not only at O. A. C. Guelph, but wherever they have been grown for the last three or four years.
 Samples, prices and further particulars on application.
A. FORSTER MARHAM, ONT.

COARSE GRASS
 Western oats and corn are both in strong demand, although the volume of the export trade is rather small this year. Other grains are normal: Oats, C.W. No. 2, 65¢; No. 3, 60¢; feed, 55¢; 60¢; Ontario oats, 55¢ to 58¢; corn, 75¢ to 80¢; barley, 75¢ to 77¢; feed, 55¢ to 60¢; buckwheat, 75¢ to 80¢.

REGISTERS SALE OF FARM IN ONTARIO
 county, 233 acres. Extra good situation, soil and buildings. Write J. J. McNally, Ottawa, Ont.

POTATOES
 Potatoes are still easy, with Ontario going at 55¢ and New Brunswick, 60¢; French ones being quoted 55¢ to 58¢; select, 55¢ to 60¢.

BURNSIDE Ayrshires
 Winners in the show ring and dairy tests. Animals of 3 yrs. age. Imported or Canadian bred, for sale.
 Long Distance Phone in house.
 R. R. NEXX HOWICK, QUE.

EGGS
 Eggs are unchanged from last week, fresh ones being quoted 50¢ to 55¢; select, 50¢ to 55¢ and storage, 50¢ to 55¢. Montreal quotes from 45¢ to 50¢; selected, 50¢ to 55¢ and storage, 50¢ to 55¢. Dressed poultry is slightly stronger: Chickens, 14¢ to 16¢; few 15¢ to 16¢; turkeys, 20¢ to 25¢. Live hogs unchanged, \$15.15 Loh.

PIERHELLE BROS., C. P. R., MT. ELGIN, ONT.
 Phone—Bell 187, R. 1-2

THE HERD OF WALBURN RIVERS
 Practically every animal owned by Mr. Rivers is the progeny of his first cow. The high average production of this herd is explained by the fact that the females are all of the same blood, the champion two-year-old R. O. P. bull, Mrs. Duchess Wayne Calamy, 2nd, won her production on producing 1674 lbs. of milk and 346 lbs. of butter. She has also a 23.5% record as a four-year-old. Her bull cow, Daney Wayne, won a 20.5% as a seven-day record of over 38 lbs. as a three-year-old. Fairmont Wayne and Daisy Wayne, D. M. 2, Jan. 27, 28, 29, 30, and old Daisy Albino De Kol Dutchess has a 19.5% record when over 13 years of age.
 The two-year-olds sired by Prince Aggie Meachick have also averaged very high. The first eight daughters of this bull to be tested averaged over 35 lbs. of butter, though their average age was under two years. The best one, Fairmont Aggie Wayne Meachick, made 17.8 lbs. and Duchess Aggie Wayne Meachick was not far behind with 16.8 lbs.
 Prince Aggie Meachick's successor is Canary Harrog, a straight, strong, large-bodied bull. He is a son of Canary Mercedis Pieterik Harrog and a son of Canary. His two nearest dams have an average of 117 lbs. of milk in a day. His heifers will no doubt prove capable of maintaining and improving the high reputation of "The Maples" herd.

THE FAMOUS TENSEN BLOOD
 Note for constitution and production—Angela Tensen—the champion 3-year-old of Canada. Others with 3-year-old records up to 23.5% in milk and 99 lbs. milk in a day. Dams R. O. P. up to 16.90 lbs. under farm conditions. Tensen blood bred with that of Evergreen March breeders. Note our offerings to the Norfolk Sale. Write us your needs for registrations or foundation stock.
WALLACE H. MASON, R. 4, SIMCOE, ONT.

HANDSOME, BLOCKY BULL CALF
 Born Oct. 29, 1914—about half white—by great sire, Prince Henselwieg of the Pontiacs, and from a 23.5 lb. 3-yr-old, Lady 8901 of Appleton, by a gd.-son, Sir Admiral Ormsby, the sire of Jenny Bonner Ormsby, who holds a world's record. Write for catalogue and prices.
J. NO. ANDERSON R. R. 1 OXFORD MILLS, ONT.

Read This New Fertilizer Booklet

WE would like the readers of this publication to get a copy of our new fertilizer booklet and read it. We know they will be fully prepared for doing so.

The booklet treats the fertilizer question in a simple, frank and understandable manner. Let us quote you one paragraph from page 9 of the booklet. It says:—

“The fertilizer question has long been a vexing one, and, until recent years, accurate information regarding the different fertilizers and their functions in relation to soils and crops has not been available. Experience is an excellent teacher, still definite knowledge is greatly to be desired, and will mean a great deal to everyone interested in the products of the soil.”

The booklet then proceeds to give definite knowledge about soils, plant food, crop requirements, and the various kinds of fertilizers such as ground bone, blood, animal tankage, lime carbonate, ground peat, acid phosphate, nitrate of soda, potash, sulphate of ammonia, hardwood ashes, sheep manure, etc.

Everyone who reads this booklet carefully will gain a big fund of useful knowledge about the fertilizer question. He will know how to fertilize intelligently. And every farmer should do his utmost to grow bigger crops than ever while the war is on.

Take our advice and write for our new fertilizer booklet right now before you've a chance to forget doing so:

Yours for bumper crops

The Ontario Fertilizers, Limited
 WEST TORONTO, ONT.

PAGE WIRE SAW
 (Steel Frame—Tilting Table)
 ONLY \$19.00

In Maritime Provinces \$20.00
FREIGHT PREPAID EAST OF FORT WILLIAM
 It has all the latest improvements in wood-saw construction. The frame is built of heavy angle steel bars strongly bolted together and rigidly braced in every direction by heavy flat steel bars. The shaft is a 4 in. piece of shaft-turned steel, and runs in well-lubricated, self-adjusting, dust-proof, non-heating boxes. The saw blade is protected by a heavy steel guard.
 The tilting table has a roller at one end and for convenience in handling long poles. The balance wheel and pulley are interchangeable. The inside distance between the balance wheel and the saw blade is 3 ft. 6 in.
 Size of pulley, 5 in. diameter by 6 in. face. Weight, 27 lb. without saw blade.
 Our style No. 3 Pole Saw Frame with balance wheel on separate shaft below table. Price, \$27.00. Particulars on request.
 Saw blades of any diameter from 24 inches to 30 inches can be supplied as follows:
 24 in. \$4.46 26 in. \$5.25 28 in. \$6.05 30 in. \$6.85
