PEERLESS PERFECTION

A RUNAWAY HORSE

can't break a Peerless Fence. No fiery bull can make a dent in it, hogs can't push through the spaces.

It holds them all securely. Ask your nearest dealer to show you the Peerless farm fencing. See the heavy, crimped horizontal wires that allow for all expansion or contraction in extremes of temperature. See the famous Peerless lock that holds the intersections in a firm, non-slippable grip. See the Peerless farm gates. Your dealer guarantees the Peerless to give satisfaction and we stand back of him unconditionally.

Letters Like These from Halifax to Vancouver

The Banwell-Hoxie Wire Fence Co., Ltd. Hamilton, Ontario

Dear Sirs: I am writing a testimonial as to the strength of your PEERLESS Junior Chicken Fencing. Mine is four feet high. It turned two horses, each weighing 1400 pounds. They ran full tilt into the fencing about 2 rods from each other at the same time. The result was that they turned a summersault over the fence, alighting on their heads and necks, scratching them up some, but the fence remained intact.

Yours truly,
JOE BOOTHROYD,
Surrey Centre, B. C.

The Banwell-Hoxie Wire Fence Co., Ltd. Hamilton, Ontario

Gentlemen: I have handled your fence for four years and find it a good, strong and durable fence, and find that the galvanning is first-class. In referring to this I have a fence that I put on four years ago across a gully and the water is as high as the second wire and it is not rusted nor broken yet. I have a team of heavy horses that ran into the fence last summer and did not break or damage it in the least, and I am glad to say that in the four years I have handled your wire I have had no complaints about it.

Yours truly,
DAVID CUMMINGS,
Bowesville, Ont.

The Fence That Saves Expense

It never needs repairs. It is the cheapest fence to erect, because, owing to its exceptionally heavy top and bottom wires, but half the usual amount of lumber and posts are required.

Farmer Brown says:

"When eggs were selling at 60 cents a dozen, I started to market in my car with five cases. My brakes failed to work while going down hill around a sharp curve, where the road was covered with snow and ice. Fortunately I had

Dreadnaught TIRE CHAINS

on all four wheels and the car held the road. I figure that the saving on eggs alone paid for those chains a dozen times over."

Every farmer should carry a set of Dreadnaught Tire Chains. Even in good weather a sudden rain may make the roads dangerously slippery. Better be safe than sorry. Ask your supply man, or write us direct for price list and descriptive circular.
