The Grain Growers' Guide

GEORGE F. CHIPMAN Editor JOHN W. WARD Associate Editor

PUBLISHED under the auspices and employed as the Official Organ of the Manitoba Grain Growers' Association, the Saskatchewan Grain Growers' Association, and the United Farmers of Alberta. Published every Wednesday at Winnipeg, Canada. Authorized by the Postmaster-General, Ottawa, Canada, for transmission as second class mail matter.

The Guide is the only paper in Canada that is absolutely owned and controlled by the organized farmers. It is entirely independent, and not one dollar of political, capitalistic or Special Interest money is invested in it. All opinions expressed in The Guide are with the aim to make Canada a better country and to bring forward the day when "Equal Rights to All and Special Privileges to None" shall prevail.

Subscriptions to any part of the British Empire, \$1.00 per year; two years, \$1.50; three years, \$2.00; five years, \$3.00; ten years, \$5.00, in advance. Foreign subscriptions, \$1.50 per year in advance. Single copies 5 cents. Send money by express, post office or bank money order. We cannot accept responsibility for currency sent loosely in a letter.

We believe, through careful inquiry, that every advertisement in The Guide is signed by trustworthy persons. We will take it as a favor if any of our readers will advise us promptly should they have reason to question the reliability of any person or firm who advertises in The Guide. Change of advertising copy and new matter must reach us seven days in advance of date of publication to ensure insertion. More time must be allowed if proofs are desired.

The Grain Growers' Guide, Winnipeg

GOPHERCIDE
Certainly does "get" Gophers

Gophercide is different from any other gopher poison ever offered—and better! Its three great advantages are:
It is easy to prepare. Gophers eat it greedily.
It is SURE to kill.

GOPHERCIDE is a preparation worked out by our own chemists. It has all strychnine's deadly killing power, without its tell-tale bitter taste or the difficulty of preparing it.

Gophercide is 80 times more soluble than strychnine, so there's no trouble at all in poisoning a batch of grain with it. Besides, Gophercide doesn't stay on the outside, but soaks right into the grain, and stays there even after days of exposure.

The gophers don't notice any taste at all in Gophercide. They eat the grain greedily, where they

wouldn't touch wheat poisoned with ordinary strychnine. And Gophercide "gets" them every time.

Here is what Mr. Wm. Shears, of Forward, Sask., writes about it: "Re the "Gophercide" Poison, I beg to say that I found it to give entire satisfaction and can recommend it as a Poison for the quick dispatch of Gophers."

One 50c. package of Gophercide will kill 350 to 400 gophers—7 or 8 put out of the way for a cent!

Get busy—get a package of Gophercide from your Druggist—try it out—and then tell your neighbors about it.
